INTRODUCTION

Generally

This Official Statement, which includes the cover page and appendices hereto, provides certain information in connection with the offer and sale by the City of Albuquerque, New Mexico (the “City”) of its Short Term General Purpose Taxable General Obligation Bonds, Series 2004A (the “Series 2004A Bonds”) in the original principal amount of \$30,000,000 and its General Purpose Taxable General Obligation Bonds, Series 2004B (the “Series 2004B Bonds”) in the original principal amount of \$5,800,000. Capitalized terms used herein and not defined have the meanings specified in City Ordinance Sixteenth Council Bill No. F/S O-04-33 adopted by the City on May 17, 2004 (the “Bond Ordinance”). See Appendix B - “Description of Bond Ordinance - Certain Definitions.”

This introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page and appendices hereto, and the documents summarized or described herein. A full review should be made of the entire Official Statement. The offering of Series 2004 Bonds to potential investors is made only by means of the entire Official Statement.

The City of Albuquerque

The City, founded in 1706, is the largest city in the State of New Mexico (the “State”), accounting for approximately one-quarter of the State's population. The City is a home rule municipality, with its charter originally adopted in 1971, and has a Mayor-Council form of government with a salaried full-time Mayor elected every four years. As reported by the Bureau of the Census in 2000, the City had a population of approximately 448,607 people and, as of September 30, 2003, spanned 189.66 square miles. For financial and other information concerning the City, see “ECONOMIC AND DEMOGRAPHIC INFORMATION,” “FINANCIAL INFORMATION” and Appendix A – “Comprehensive Annual Financial Report of The City of Albuquerque - Audited General Purpose Financial Statements - As of and For The Fiscal Year Ended June 30, 2003”.

The City’s Fiscal Year ends June 30 and is referred to in this Official Statement as the “Fiscal Year.”

Purposes of the Series 2004 Bonds

Proceeds from the sale of the Series 2004 Bonds will be used to finance the acquisition of certain City projects relating to fire and police protection, parks and recreation, facilities and equipment, libraries, transit and zoo, biological park and museums (collectively, the “2004 Project”).

Authority for Issuance

The Series 2004 Bonds are being issued under the authority of and pursuant to a regular municipal election of the City held on October 28, 2003 (the “2003 Election”), the Constitution and laws of the State of New Mexico, including Sections 3-30-1 to 3-30-9 and 6-15-1 to 6-15-10, 6-15-21 and 6-15-22, NMSA 1978, the powers of the City as a home rule city under authority given by the Constitution of the State and the City Charter and all enactments of the City Council relating to the issuance of the Series 2004 Bonds, including the Bond Ordinance.

Sources of Payment for the Series 2004 Bonds

The Series 2004 Bonds constitute general obligation indebtedness of the City, payable from property taxes levied against all taxable property in the City, without limitation of rate or amount, and the full faith and credit of the City is pledged for the payment of the Series 2004 Bonds. See “FINANCIAL INFORMATION - Property Taxes.” See also “SECURITY AND SOURCES OF PAYMENT.”

Terms of the Series 2004 Bonds

Payments

The Series 2004 Bonds will be dated their date of issuance. Interest on the Series 2004A Bonds is payable on their maturity date, September 1, 2004. Interest on the Series 2004B Bonds is payable on January 1, 2005 and July 1, 2005. The Series 2004 Bonds will be issued in the aggregate principal amounts and will mature on the dates and in the amounts shown on the front cover page.

Denominations

The Series 2004 Bonds are issuable in denominations of \$5,000 or integral multiples thereof.

Book-Entry System

Individual purchases will be made in book-entry form only and purchasers of the Series 2004 Bonds will not receive physical delivery of bond certificates except as more fully described herein. Payments of principal of and interest and redemption premium, if any, on the Series 2004 Bonds will be made directly to The Depository Trust Company (“DTC”) or its nominee, Cede & Co., by the Paying Agent, so long as DTC or Cede & Co. is the sole registered owner. Upon receipt of such payments, DTC is to remit such payments to the DTC participants for subsequent disbursement to the beneficial owners of the Series 2004 Bonds, all as more fully

described in “THE SERIES 2004 BONDS - Book-Entry-Only System” and Appendix E – “Book-Entry-Only System.”

In reading this Official Statement, it should be understood that while the Series 2004 Bonds are in book-entry-only form, references in other sections of this Official Statement to Owners should be read to include the person for whom the Participant (as hereinafter defined) acquires an interest in the Series 2004 Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry-only system as described more fully herein, and (ii) notices that are to be given to Owners by the City or the Paying Agent will be given only to DTC.

Optional Redemption

The Series 2004 Bonds are not subject to optional redemption prior to maturity.

For a more complete description of the Series 2004 Bonds and the Bond Ordinance, see “THE SERIES 2004 BONDS” and Appendix B - “Description of Bond Ordinance.”

Tax Considerations

In the opinion of Brownstein Hyatt & Farber, P.C., Bond Counsel, interest on the Series 2004 Bonds is includible in gross income for federal income tax purposes.

The form of the bond counsel opinion is attached in Appendix C hereto. For a discussion of such opinion and certain other tax consequences incident to the ownership of the Series 2004 Bonds, see “TAX MATTERS” herein.

Commitment to Provide Continuing Information

The City will agree for the benefit of the Owners that, so long as the Series 2004 Bonds remain outstanding, the City will provide annually its audited financial statements and certain other financial information and operating data to each nationally recognized municipal securities information repository approved in accordance with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 and will file notice of certain specific material events with the Municipal Securities Rulemaking Board, as described in “CONTINUING DISCLOSURE UNDERTAKING” and Appendix D hereto.

Professionals Involved in the Offering

At the time of the issuance and sale of the Series 2004 Bonds, Brownstein Hyatt & Farber, P.C., as Bond Counsel, will deliver the bond counsel opinion attached as Appendix C hereto. Certain legal matters relating to the Series 2004 Bonds will be passed upon for the City by its Disclosure Counsel, Modrall, Sperling, Roehl, Harris & Sisk, P.A., and by the office of the City Attorney. See “LEGAL MATTERS.” The City's financial statements for the Fiscal Year ended June 30, 2003 attached as Appendix A hereto have been audited by Neff & Ricci LLP, independent certified public accountants, Albuquerque, New Mexico. See “FINANCIAL INFORMATION - Financial Statements.”

Offering and Delivery of the Series 2004 Bonds

The Series 2004 Bonds are offered when, as and if issued, subject to approval as to their legality by Bond Counsel and the satisfaction of certain other conditions. The two series of Series 2004 Bonds are offered to the best bidder, subject to sale reservations, as more fully described in "OFFICIAL NOTICE OF BOND SALE." It is anticipated that a single certificate for each series of the Series 2004 Bonds will be delivered to DTC in New York, New York on or about June 24, 2004.

Other Information

This Official Statement speaks only as of its date, and the information contained herein is subject to change.

The quotations from, and summaries and explanations of, the statutes, regulations and documents contained herein do not purport to be complete and reference is made to said laws, regulations and documents for full and complete statements of their provisions. Copies, in reasonable quantity, of such laws, regulations and documents may be obtained during the offering period, upon request to the City and upon payment to the City of a charge for copying, mailing and handling, at One Civic Plaza, N.W., Albuquerque, New Mexico 87102, Attention: Assistant Treasurer-Debt.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the City and the purchasers or owners of any of the Series 2004 Bonds.

PLAN OF FINANCING

Sources and Uses of Bond Proceeds

The estimated sources and uses of Series 2004 Bond proceeds to be available in connection with the sale of the Series 2004 Bonds are set forth below.

	<u>Estimated Amount</u>

TOTAL	<u>\$30,000,000</u>	<u>\$111,666.67</u>	<u>\$5,800,000</u>	<u>\$147,819.44</u>	<u>\$36,059,486.11</u>

SECURITY AND SOURCES OF PAYMENT

General Obligation Pledge

The Series 2004 Bonds constitute general obligation debt of the City, the security for which is described in "FINANCIAL INFORMATION - Property Taxes." The primary security for the general obligation debt of the City, including the Series 2004 Bonds, is the City's levy, pursuant to constitutional and statutory requirements, of an ad valorem tax on all real property in the City subject to ad valorem taxation. See "Tax Levies" under this caption. The tax levy is required to be in an amount sufficient to pay the principal of and interest on the Series 2004 Bonds when due, subject to the provisions of federal bankruptcy law and other laws affecting creditor's rights.

In addition to the basic ad valorem property tax security described above, the Bond Ordinance provides further security by pledging the full faith and credit of the City for the payment of the principal of and interest on the Series 2004 Bonds when due. Included in such pledge are all funds of the City, except those specifically limited to another use or prohibited from use for such debt service by the State Constitution, state or federal law, the City Charter, revenue bond trust agreements or City ordinances pledging funds for payment of such revenue bonds.

Tax Levies

Pursuant to the Bond Ordinance, in order to pay the principal of and interest on the Series 2004 Bonds when due and, at the option of the City, to reimburse the General Fund or other funds advanced for the payment of principal of or interest on Series 2004 Bonds for which property taxes were not available, there is to be an annual assessment and levy upon all of the taxable property of the City subject to taxation which provides an amount sufficient to pay the principal of and the interest on the Series 2004 Bonds when due.

The taxes are assessed, levied and collected annually. The City Council is required by the Bond Ordinance to take all reasonable action to insure the levy and collection of taxes in amounts sufficient at the time to pay the principal of and interest on the Series 2004 Bonds. The money produced by the levy of taxes provided in the Bond Ordinance to pay the principal of and interest on the Series 2004 Bonds is to be appropriated for that purpose and included in the

annual budget and the appropriation bills adopted and passed by the City Council each year. The taxes collected are to be applied only to the payment of the principal of and interest on the Series 2004 Bonds when due and as otherwise required by law. To the extent property taxes are not available for the purpose, the principal of and interest accruing on Series 2004 Bonds are to be paid from the City's General Fund or from any other fund lawfully available for that purpose.

Additional General Obligation Indebtedness

The State Constitution limits the aggregate amount of general obligation indebtedness of the City to 4% of, and the single debt limitation to 12 mills on, the assessed value of taxable property within the City, except for indebtedness incurred for the construction or purchase of a water or sewer system which has no limit. For a description of the indebtedness of the City currently outstanding, see "FINANCIAL INFORMATION - Property Taxes." See also "FINANCIAL INFORMATION - Capital Implementation Program" for a discussion of the City's Capital Implementation Program funded with general obligation bonds.

THE SERIES 2004 BONDS

Generally

Set forth below is a summary of certain provisions of the Series 2004 Bonds. Other information describing the Series 2004 Bonds appears elsewhere in this Official Statement. This summary and such other information should be read together and are qualified in their entirety by reference to the Bond Ordinance and the Series 2004 Bonds. Copies of the approved form of the Bond Ordinance are available from the City as provided in "ADDITIONAL INFORMATION." See also Appendix B – "Description of Bond Ordinance."

The Series 2004 Bonds will be dated their date of issuance. Interest on the Series 2004A Bonds is payable on their maturity date, September 1, 2004. Interest on the Series 2004B Bonds is payable on January 1 and July 1 in 2005. The Series 2004 Bonds will be issued in two series to be sold as one issue in the aggregate principal amount of \$35,800,000. The Series 2004 Bonds will mature on the dates and in the amounts shown on the front cover and are issuable in denominations of \$5,000 or integral multiples thereof.

The Series 2004 Bonds are being issued under the authority of and pursuant to the Constitution and laws of the State, the home rule power of the City derived from the State Constitution and the City Charter, and the Bond Ordinance.

Book-Entry-Only System

Individual purchases of the Series 2004 Bonds will be made in book-entry form only and purchasers of the Series 2004 Bonds will not receive physical delivery of bond certificates, except as more fully described herein. Payments of principal of and interest and redemption premium, if any, on the Series 2004 Bonds will be made directly to The Depository Trust Company ("DTC") or its nominee, Cede & Co., by the City Treasurer, as Paying Agent, Registrar and Authenticating Agent (the "Fiscal Agent"), so long as DTC or Cede & Co. is the sole registered owner. Upon receipt of such payments, DTC is to remit such payments to the DTC participants for subsequent disbursement to the beneficial owners of the Series 2004 Bonds.

In reading this Official Statement, it should be understood that while the Series 2004 Bonds are in book-entry-only form, references in other sections of this Official Statement to owners of Series 2004 Bonds (“Owners”) should be read to include the person for whom the Participants (as hereinafter defined) and indirect participants acquire an interest in the Series 2004 Bonds, but (i) all rights of ownership must be exercised through DTC and the book-entry-only system and (ii) notices that are to be given to Owners by the City or the Fiscal Agent will be given only to DTC. See Appendix E - “Book-Entry-Only System.”

Redemption of the Series 2004 Bonds

The Series 2004 bonds are not subject to redemption prior to maturity.

ECONOMIC AND DEMOGRAPHIC INFORMATION

The statistics set forth below have been obtained from the referenced sources. The City has assumed that the information obtained from sources other than the City is accurate without independently verifying it. Historical figures provided under this caption have not been adjusted to reflect economic trends such as inflation. **The following information is not to be relied upon as a representation or guarantee of the City.**

The City and Metropolitan Area

Albuquerque is the largest city in the State, accounting for roughly one-quarter of the State’s population. Located at the center of the State in Bernalillo County (the “County”) at the intersection of two major interstate highways and served by both rail and air, Albuquerque is the major trade, commercial and financial center of the State.

Employment

General

In 2002, nonagricultural employment in the Albuquerque MSA experienced a slight decline. Jobs were lost due to completion of the construction of the Big I project and of the Intel Facility expansion. Manufacturing jobs declined with the slowdown in the semiconductor industry and the national slowdown in the telecommunications area. On a monthly basis, Albuquerque MSA employment declined in the period from September 2001 to June 2002. When the Fiscal Year 2003 Budget was prepared, the Department of Labor had reported growth of about .5%. Beginning in July of 2002, employment growth turned positive and by June 2003 growth was 1.8% over the previous June. The rest of New Mexico had similar growth to the Albuquerque MSA at 1.8%. While this is not particularly strong growth, it ties New Mexico with Nevada as the fastest growing state in the U.S.

The information on nonagricultural employment for the State and the Albuquerque MSA reported in the following table represents estimates by the New Mexico Department of Labor. More detailed information on nonagricultural employment can be found in the table entitled "Estimated Nonagricultural Wage and Salary Employment for the Albuquerque MSA 1994-2003" under the heading "Major Industries" under this caption.

Major Industries

The following narrative discusses the trends in each major sector of the Albuquerque economy. This information is provided as of the date of this Official Statement unless otherwise noted. The City makes no projections or representation, nor shall the provision of such information create any implication, that there has been no change in the described employment sectors of the City or that any historical trends set forth herein will continue. The table in this

section entitled “Estimated Nonagricultural Wage and Salary Employment for the Albuquerque MSA, 1994-2003” provides detailed information regarding employment growth within key sectors of the economy from 1994 to 2003.

NAICS Classifications

In 2002 a switch was made from the Standard Industrial Classification (“SIC”) codes to the new North American Industrial Classification System (“NAICS”). NAICS uses different classifications that better represent modern industries and is now the classification system for Mexico, Canada and the United States. The classification system uses self explanatory titles. Comparisons to the old SIC codes have not been made because of the significant differences in the two systems. The Government classification did not change, but all other sectors changed to some degree. For details on the conversion from SIC to NAICS, see the U.S. Census website at <http://www.census.gov/epcd/www/naics/html>.

Trade Transportation and Utilities. This sector increased only 1.5% on average in the last decade. In Fiscal Year 2002 sector employment declined by 1.8% and increased by only 0.9% in Fiscal Year 2003. Retail food store employment has suffered and the local electric and gas utility laid off approximately 75 workers in the local area. The transportation sector is influenced strongly by the national economy and shipping declined during Fiscal Year 2002.

Educational and Health Services. Albuquerque is a major regional medical center. Presbyterian Hospital and its HMO is one of the largest employers in the area. This is one of the fastest growing categories in the MSA economy. In the past 10 Fiscal Years this sector had average growth of 4.2%. In Fiscal Years 2002 and 2003, growth was 6.3% and 5.7% respectively. Much of this growth is due to a change in Medicare policy that allows payment for home healthcare. The educational sector is small in comparison to health services. Exact numbers are not available, but the educational sector has also grown substantially in the past several years with expansion of several of the local private education facilities.

Leisure and Hospitality. This category includes eating and drinking establishments as well as hotels and other tourist related facilities. The hospitality industry is important to Albuquerque. Albuquerque has benefited from the interest in the Southwest and from efforts to promote the City and to attract major conventions to the Convention Center. The hotel stock in the City of Albuquerque has increased substantially in the past few years. From 1995 to June 2003, 4088 hotel rooms were permitted. Since June 2003, three hotels-with a total of 471 rooms-have been permitted and are under construction. Rocky Mountain Lodging Report reported occupancy of 72.8% in 1995. Occupancy has averaged around 60% for the past three years. Lodgers’ tax revenues have shown similar trends. Growth in lodger’s tax revenues was approximately 10% in the early 1990s, but after 1995 this growth slowed dramatically. In 2001, following the September 11th terrorist attacks, travel declined as did lodger’s tax revenues. Growth in Fiscal Year 2001 was 1.3% followed by a decline of 2% in Fiscal Year 2002 and an increase in Fiscal Year 2003 of 1.5%.

The newest City venue is the rebuilt AAA baseball stadium. The new team-the Albuquerque Isotopes-had a very successful opening season. Their opening game was played on April 11, 2003 and an estimated 300-400 workers were hired for the season. The season was

also a financial success for the team and the City, with attendance, sales of merchandise and refreshment revenues exceeding expectations. Attendance for the season, at 594,143, eclipsed the record attendance of 390,652 set in 1993 by the then Albuquerque Dukes.

Professional and Business Services. This sub-sector includes temporary employment agencies and some of Albuquerque's back-office operations. It also includes Sandia National Laboratories ("SNL") and other scientific and research facilities. This sector had average annual growth of 3% in the past decade, but suffered declines of 2.1% and 0.2% in Fiscal Years 2002 and 2003, respectively. As of October, the labor department shows increases of jobs during the year ending September 2003. These increases are in part due to increases at SNL. Employment at SNL declined from 1994 to 1999 by about 1,450 employees. According to SNL, employment stabilized at around 6,500 for 1999 to 2001. In 2002, SNL experienced growth in part as a result of anti-terrorism efforts and the labs core nuclear protection. As of December 2002, SNL has approximately 7,700 employees in Albuquerque. The first phase of a \$450 million project called Microsystems and Engineering Sciences Applications facility ("MESA") was started in the summer of 2003. This is the largest project ever at SNL. The project has the basic purpose of helping modernize safety, security, and reliability functions of the United States nuclear deterrent and contribute to other national security missions. The Center for Integrated Nanotechnologies ("CINT") is being built at SNL. CINT is one of five new Nanoscale Science Research Centers being created by the Office of Science of the United States Department of Energy. Funding is in place to begin this process from existing Department of Energy appropriations and is expected to cost approximately \$78 million. The SNL science and technology park is an effort to house research facilities and/or manufacturing that benefit from the expertise available from SNL. The first tenant of the Park was EMCORE a manufacturing firm. EMCORE opened in 1998, with a facility to build solar cells for telecommunications satellites and expanded that facility in 2001. Since 2001 there have been 6 new facilities, plus renovations for a total \$26 million in development. Employment services, which include temporary employment agencies, declined in Fiscal Year 2001, but grew by 6.4% in Fiscal Year 2003.

Manufacturing. This sector accounted for 8.5% of City employment in Fiscal Year 1993 declining to 6.7% in Fiscal Year 2003. Employment in this sector peaked in Fiscal Year 1998 at 28,242, declining to 24,392 in Fiscal Year 2003, a loss of 3,850 jobs. Still the manufacturing sector has held up better in Albuquerque than it has in the United States economy. The jobs losses in Albuquerque were due first to the Asian financial crisis of 1998, which hit telephone manufacturing and hurt the local employment of Motorola and Philips. Motorola sold what little manufacturing capacity it had left in 1999 and Philips closed its plant in October 2003. Intel, after expanding in 1995, has held employment rather constant despite a \$2 billion expansion in 2002.

A new manufacturer, Eclipse Aviation Corporation ("Eclipse"), has set up headquarters in the City with plans to manufacture a small two-engine jet and expects to employ approximately 2,000 workers. The presence of Eclipse at the Airport and the future (2009) location of Eclipse at the Double Eagle Airport would diversify the City's economy and represent current and future potential for increased revenues from general aviation users. The infrastructure development, business development and property management plan and the parallel marketing efforts for an Aerospace Technology Park for Eclipse support companies will complement this potential. Eclipse's first jets were scheduled to be produced in 2004. However, Eclipse has announced that

the engine it intended to use in the jet would not provide sufficient thrust, and has negotiated another contract with Pratt & Whitney Canada.

Eclipse has reported that it moved forward with production and has made major contracts with a number of suppliers for building parts of the airplane including the tail and computer systems. The City is moving ahead in providing basic infrastructure for an aerospace tech park of 300 acres near the City's Double Eagle II airport. The bulk of the major infrastructure for the project is scheduled for completion by 2004, with roadway and storm drainage improvements by 2007-2008. Eclipse plans to move to Double Eagle in 2009. It is anticipated that Eclipse will use 150 acres of the park.

Information. This sector includes businesses in publishing, broadcasting, telecommunications and internet service establishments. This sector had average annual growth of 7.4% in the past decade, even with a decline of 6.7% in Fiscal Year 2003. The decline is related to the national decline in internet services and telecommunications.

Government. While it has declined in importance as a direct employer, in 2003 the government sector (comprised of federal, state and local employees) accounted for 19.9% of total nonagricultural employment in the Albuquerque MSA. "Government" (as defined by the New Mexico Department of Labor for purposes of reporting nonagricultural employment) does not include military employment; all military employment in the Albuquerque MSA represents approximately 6,500 jobs in the Albuquerque MSA. In addition, "government" does not include employment at SNL. SNL is operated by a private contractor, although funded by the federal government (primarily the Department of Energy ("DOE")) and its approximately 7,700 jobs are counted in the business services sector. Several of the largest employers in the Albuquerque area are in the government sector, including the University of New Mexico, Albuquerque Public Schools, Kirtland Air Force Base ("Kirtland AFB"), and the City.

Kirtland AFB is a major military installation and home to over 150 different operations. Including private contractors, the largest of which is SNL, military and civilian employment on the base is approximately 24,040; approximately 5,500 of these employees are military and 19,000 are civilian. The Bureau of Business and Economic Research ("BBER") has estimated that total military employment in the Albuquerque MSA has declined from 6,946 in 1998 to approximately 6,500 in 2003. The general downtrend of military jobs since 1998 reflects the decision of the military to replace military jobs with civilians where possible. The Base Realignment and Closure Commission ("BRACC") process in 1995 left Kirtland AFB untouched but it had been on a list for closure. The BRACC is planned to undergo another round of evaluation and closures in 2005. It is not known whether Kirtland AFB will be affected. New Mexico is continuing its substantial efforts to combat closures of bases in the State.

In an effort to counteract the loss of DOE-funded jobs, the DOE is assisting communities in attracting other type of employment. In New Mexico, the DOE funded a study to assess and report on the central New Mexico economy with a focus on industry clusters and the key competencies in the area. The study, completed in the summer of 2000, identified three mature industry clusters-Electronics, Tourism and Artisan Manufacturing-and three emerging industry clusters-Software and IT (Biomed/Biotech and Optics/Photonics). Through their Office of Worker and Community Transition, the DOE also develops and funds Community Reuse

Organizations (“CRO's”). The Next Generation Economy Inc. was formed in August 2000 as a 501(c)(3) corporation to serve as central New Mexico’s CRO funded by the DOE Office of Work and Community Transition. The purpose of the CRO is to provide leadership, program management, cohesion and collaboration in the expansion of the industry clusters identified by the DOE-funded study.

Federal government employment declined by approximately 370 jobs from 1996 to 2001, due to DOE reductions as well as the Bureau of Indian Affairs centralizing some of their functions. In 2002, the federal government increased employment as the Transportation Safety Administration took over baggage screening operations at the Albuquerque International Sunport. Total federal civilian employment increased by approximately 225 jobs. In Fiscal Year 2003 net federal government employment increased by 142 jobs.

While federal government employment was declining, local government employment increased by several thousand jobs. In large part this is due to the inclusion of Indian Casinos in this sector. Since early 1995 when gaming compacts were signed with the State, Indian casinos have grown substantially. Isleta Gaming Palace Casino and Resort opened at the end of 2000. Santa Ana Star Casino expanded its casino in the spring of 2001 by 33,000 square feet; however, approximately 200 employees at Santa Ana Star Casino were laid off in June 2002. In the spring of 2001, the Hyatt Tamaya resort hotel opened and the Sandia Pueblo opened a new casino and an amphitheater.

Financial Activities. This sector includes finance and insurance including credit intermediation. The sector increased employment by an average of 2% per year, despite consolidations in the banking industry and a 2.7% decline in Fiscal Year 2002. The sector was buoyed by strong growth in the insurance carrier industry, including about 500 jobs created in 2002 and 2003 by Blue Cross.

Construction. Construction employment in the Albuquerque MSA from Fiscal Year 1995 to 1999 hovered around 21,000. In 2000 and 2001 construction employment in the MSA increased as workers were added for two very large projects: the Intel expansion completed in 2002 and the reconstruction of the Big-I interstate interchange. Jobs declined in Fiscal Years 2002 and 2003, but for the year ending September 2003 employment in this sector increased by 1,400 jobs. The largest source of growth in construction has been in single-family construction. The past few years have seen records set for the number of single family homes constructed. While typically cyclical, the housing industry has shown nearly steady increases in growth since the early 1990s following a substantial turndown in multifamily and single family construction. Multifamily building has remained at a low level compared to the 1980s when tax breaks helped spur several booms and busts in the housing industry.

The value of building permits issued in the City of Albuquerque is cyclical, but has historically increased over time.

Historical Employment by Sector

The following table describes by industry sector the estimated nonagricultural wage and salary employment for the Albuquerque MSA during the past ten years. The Bureau of Economic Analysis defines “earnings” as including wages and salaries, proprietor's income and other labor income (such as bonuses).

The following two tables reflect Median Household Effective Buying Income ("EBI") (1993-2002) and the Percent of Households by EBI Groups 2002 as reported in the annual surveys of buying power in Sales and Marketing Management Magazine. EBI is defined as money income less personal tax and non-tax payments described below. Money income is the aggregate of wages and salaries, net farm and nonfarm self-employment income, interest, dividends, net rental and royalty income, Social Security and railroad retirement income, other retirement and disability income, public assistance income, unemployment compensation, Veterans Administration payments, alimony and child support, military family allotments, net winnings from gambling, and other periodic income. Deducted from this total money income are personal income taxes, personal contributions to social insurance (Social Security and federal retirement payroll deductions), and taxes on owner-occupied nonbusiness real estate. Receipts from the following sources are not included as money income: money received from the sale of property; the value of "in kind" income such as food stamps, public housing subsidies, and employer contributions for persons; withdrawal of bank deposits; money borrowed; tax refunds; exchange of money between relatives living in the same household; gifts and lump-sum inheritances, insurance payments, and other types of lump-sum receipts.

(1) Beginning in 1995, EBI is based on “money income” rather than “personal income,” and is not directly comparable with previous estimates. Money income does not include the value of “in-kind” income, such as food stamps and medical care, and does not include lump sum receipts, such as inheritances and tax refunds. FINANCIAL INFORMATION

General

Taxes and Revenues

The City is a home rule charter municipality, chartered as a town in 1885. An election on the proposed unification of the City and County governments was held in November 2003. The question of unification was defeated at that election. The New Mexico Constitution (Article X, Section II) requires that another election on the question of unification be held within 12 months of the November 2003 election.

No tax imposed by the governing body of a charter municipality, unless authorized by general law, becomes effective until approved at an election of its voters. Taxes authorized by general law that may be imposed without an election include a property tax for general purposes (up to a maximum of 7.65 mills), which is set by the State Department of Finance and Administration, and the local-option gross receipts tax, except that an election to impose the local-option gross receipts tax must be called if required by statute or if the governing body provides in the ordinance that the tax shall not be effective until approved at an election or upon the filing of a petition meeting certain requirements requesting that an election be held. The City does not have the power to impose a tax on income.

The general policy of the City is to charge for services where those who benefit from the service are easily identified and charged according to their use and benefit. Thus, water, sewer, refuse and airport services are self-supporting. Permits and inspection fees are established in relation to the cost of providing control and inspection and as permitted by law. Other fees, including admission fees to the zoo, fees charged participants in adult sports programs, rider charges for transit services, charges for municipal parking facilities, and fees charged for filing of plats and subdivisions, help defray some of the costs of providing these services.

Budget Process - Operating Funds

The City operates on a Fiscal Year basis, from July 1 through June 30. Pursuant to the City Charter, the Mayor, in consultation with the Council, formulates the City's operating budget and submits it to the City Council on or before April 1 of each year. Budget data is prepared on the modified accrual basis, consistent with the City's basis of accounting. Governmental funds, expendable trust funds, and agency funds use the modified accrual basis of accounting, while enterprise, pension trust, and nonexpendable trust funds are on an accrual basis. Transactions are recorded in individual funds and each is treated as a separate entity. The City Council is required to hold at least three public hearings and must adopt a budget within 60 days after it is proposed by the Mayor or the Mayor's proposed budget is deemed adopted. The annual City operating budget determines departmental appropriations by program. Expenditures may not legally exceed appropriations. The financial officers and staff of each department are responsible for monitoring and controlling the expenditures of their departments to ensure that budgeted appropriations for their departments are not exceeded. The City's Office of Management and Budget monitors expenditures and revenues quarterly. Budget amendments during or after the end of the Fiscal Year require approval of the Mayor and the City Council, except that the Mayor has authority to adjust program budgets up to 5% or \$100,000, whichever is less, provided that no such adjustment shall result in a change in the total expenditures authorized in the budget for City government as a whole.

Budget Process - Estimates, Forecasting and Revision of Revenues

In May or June of each year the City Council adopts a budget for the upcoming Fiscal Year (beginning July 1). The City prepares revenue forecasts for five-year periods (referred to as the "five-year forecast") each December and updates the budget year forecast prior to introduction of the Mayor's Proposed General Fund Budget. All revenue forecasts are prepared by the Office of Management and Budget. These forecasts make certain adjustments to revenue forecasts in the current budget based on events occurring since the preparation of the budget and

provide a starting point for preparation of the next year's budget. The Forecast Advisory Committee, comprised of experts from City government, the University of New Mexico, State government and the private sector, reviews forecasts and makes recommendations. After incorporating any recommendations of the Advisory Committee, the five-year forecast is presented to the City Council. In response to changing conditions and revenue forecasts, the City may amend the budget at any time during the year.

In January 2003, a five-year forecast (the "2003 Forecast") was presented to the City Council and forecasted revenues for Fiscal Years 2003 through 2007, including a downward adjustment to revenues for Fiscal Year 2003 from that reflected in the Fiscal Year 2003 budget, as discussed below in "Fiscal Year 2003 (Approved Budget, Adjustments and Actual Revenues)." The 2003 Forecast was used to develop the budget for Fiscal Year 2004, which was approved by City Council in May 2003 (the "2004 Budget"). The latest five-year forecast for Fiscal Years 2004-2008 was introduced for council consideration in December 2003 and a presentation was made in January 2004. This forecast was used to help develop the Fiscal Year 2005 proposed budget that was presented to City Council on April 1, 2004.

Budget Process - Capital Funds

The budget amounts of the capital project funds, and certain of the special revenue funds, are individual project budgets authorized by the City Council for the entire length of the project, which are not necessarily the same as the Fiscal Year of the City. Pursuant to City ordinance, the Mayor develops a capital implementation program ("CIP"), which consists of a ten-year plan of capital expenditures, including a more detailed two-year CIP budget, and submits it to the City Council by January 23 of each odd-numbered year. See "Capital Implementation Program" below. The City Council is required to hold at least one public hearing and must approve the budget as proposed or as the City Council amends it within 60 days after the submission date. The Mayor may change the amount designated for a specific capital project in a CIP budget without Council approval, if the total change does not exceed 20% of the original amount designated for the project.

A City ordinance also sets forth requirements for City Council review and approval of certain applications or proposals for federal grants. Once the Council has approved a federal grant application, the Mayor is authorized to expend any funds awarded as a result of the grant application if the grant does not require the City's commitment of funds or resources which were approved by the Council to be increased by more than 10%, and if the goals, objectives and proposed programs included in the application approved by the Council have not changed.

The General Fund

General Fund Revenues

The General Fund is the City's primary operating fund and is used to account for the general operations of the City and for all financial resources, except those required to be accounted for in another fund. Set forth below are discussions of General Fund revenues in Fiscal Years 2003 and 2004 including actual revenue for Fiscal Year 2003. The substantial

increases in Fiscal Year 2003 actual revenue above those expected give a stronger outlook for Fiscal Year 2004 than was anticipated when the budget for that year was prepared.

Fiscal Year 2003 (Approved Budget, Adjustments and Actual Revenues). Each annual budget establishes the financial plan for City government for that Fiscal Year. The financial plan is guided by three principal themes: improve public services through new budget initiatives, make existing government more efficient and effective, and pursue constructive and collaborative leadership. The original 2003 Budget anticipated revenues of \$339.2 million, which represented an increase of 3.5% over the revenues estimated in the adjusted 2002 budget. The increase reflected anticipated growth in gross receipts tax revenues of approximately two percent plus additional growth resulting from the annexation of certain commercial property. The budget also reflected increased fees to be charged by the City in many areas. In October 2002, the administration notified the City Council that the revenue estimate for the City's General Fund for the current Fiscal Year had been revised downward by \$11.1 million. The City Council adopted a bill reducing the General Fund budget by \$4.6 million. In December 2002, the City Council was notified that the shortfall previously estimated at \$11.1 million was then estimated at \$9 million.

The estimate of Fiscal Year 2003 revenues presented with the Fiscal Year 2004 Proposed Budget was \$328.4 million; \$10.8 million above, and an increase of 3.4% over, Fiscal Year 2002 but \$10.8 million below the approved Fiscal Year 2003 budget. The actual revenues received in Fiscal Year 2003 of \$332.9 million are \$4.5 million above the expectations and an increase of 4.8% above Fiscal Year 2002. Gross receipts taxes for Fiscal Year 2003 were above expectations and only \$1.4 million below the Approved Fiscal Year 2003 budget. The economy and many of the types of revenues experienced substantial growth in the second half of Fiscal Year 2003.

Approved Budget Revenue Estimates for Fiscal Year 2004. Estimated total General Fund revenues for Fiscal Year 2004 are \$349.6 million representing growth of 6.4% above the revised Fiscal Year 2003 estimate. This is an increase of \$21.2 million from the Fiscal Year 2003 estimate. Non-recurring revenues are \$2.65 million primarily from the quarter cent transportation tax transfer. Recurring revenues are \$346.2 million, an increase of 6.2% above the revised Fiscal Year 2003 estimate. The Fiscal Year 2004 approved budget differs from the City's five-year forecast with the inclusion of proposed revenue enhancements. The biggest change is the switch of one mill of property tax levy from the capital program to the operating program. This will increase revenues \$7.4 million. There also are some proposed modest increases in fees.

Gross Receipts Taxes. Estimated gross receipts tax receipts were adjusted down by \$6 million from the approved Fiscal Year 2003 budget in October. These adjustments were the result of the slowdown in the economy. Albuquerque experienced very slow job growth, less than what was anticipated when the budget was prepared in March 2002. The Fiscal Year 2004 estimate is from the five-year forecast. Actual General Fund gross receipts tax revenues were \$236 million in Fiscal Year 2003 a growth of 4.8% above Fiscal Year 2002 and \$4.6 million above the estimated revenues. The Fiscal Year 2004 budget anticipated revenues of \$240 million based on growth of 3.7% from the Fiscal Year 2003 estimate.

Local Taxes Other Than Gross Receipts. Property tax revenues will increase in Fiscal Year 2004 as one mill of property tax levy was moved from the capital program to the operating program. This additional mill is expected to generate \$7.4 million. The property tax base is expected to grow 2.5% increasing tax revenues to the General Fund by \$8 million to \$24.3 million. In Fiscal Year 2003 property tax revenues were \$208 thousand above the approved Fiscal Year 2003 budget.

Franchise tax revenues in Fiscal Year 2004 are anticipated to be \$16.3 million. The largest source of decline is a reflection of a one-time \$1.1 million cable franchise payment in Fiscal Year 2003. A full year of revenues from the increased natural gas franchise-from 2 percent to 3 percent-will boost revenues about \$400 thousand. Growth is limited by a 4% electric rate reduction to go into effect in September 2003. Other franchises will increase with growth. In Fiscal Year 2003 Franchise revenues were \$384 thousand above the approved Fiscal Year 2003 budget.

Payments in lieu of taxes increase generally due to increased revenue collections and property valuations. Growth was at 6.5% in Fiscal Year 2003 and is estimated at 4.4% in Fiscal Year 2004. The actual Fiscal Year 2003 revenues were \$193 thousand below the approved Budget.

Licenses and Permits. Building permit inspection revenues in Fiscal Year 2003 increased over Fiscal Year 2002 due to an average increase in permit fees of 30%. The approved Fiscal Year 2003 budget anticipated a substantial reduction in building activity. Actual building permit revenues for Fiscal Year 2003 are \$3 million above the approved budget and \$1 million above the adjusted revenue estimate. This is an increase of 54% above Fiscal Year 2002. For Fiscal Year 2004, it is expected that revenues will decline as interest rates increase and the single family market softens. Single-family construction has dominated the construction permitted by the City of Albuquerque in Fiscal Year 2003. It now makes up more than 70% of the value of permits. A decline in residential housing will therefore have a substantial impact on permitting and its revenues. For Fiscal Year 2004 permit revenues are anticipated to decline 9.7% or \$808 thousand from the Fiscal Year 2003 estimate.

Other licenses and permits brought in about \$2.7 million in receipts in Fiscal Year 2003, \$972 thousand below the approved budget, primarily because anticipated increased fees for food inspections and animal licenses were not adopted. Permit revenues increased by 10.7% for Fiscal Year 2003, as only half a year of food inspection revenues was collected in Fiscal Year 2002. In Fiscal Year 2004, permit revenues are expected to increase 1%.

Charges for Services. Total charges for services include four distinct categories of charges. The first category is generally called Direct Charges for Services and includes charges by the City for services provided directly to the public such as entrance fees to City facilities and services, and legal assistance provided to other funds. Second are charges to the Capital Implementation Program ("CIP") to fund positions for oversight and administration of capital projects. Third, are Internal Service Charges, such as office and building services. The last, is Indirect Overhead; indirect charges to other funds for services such as accounting and payroll. The total charges for services increased from \$38.9 million in Fiscal Year 2003 to \$42.8 million in Fiscal Year 2004. The following explains the changes by major categories.

Direct Charges for Services brought \$17.0 million or \$800 thousand above the expected \$16.2 million in Fiscal Year 2003. The strength is primarily due to a \$520 thousand unexpected payment from the county to pay for services from the City's crime lab. Revenues are expected to be \$17.9 million in Fiscal Year 2004. Fiscal Year 2003 revenues are \$1.2 million below the approved Fiscal Year 2003 budget due to a series of unanticipated declines. Some of this is due to the general slowdown in the economy and in tourism. The City Convention Center had declines in revenues from space rental and in the catering contract. Visitation has been down at the BioPark and museum, in large part due to a slowdown in tourism. Increases in fees in adult sports did not increase revenues to the expected level and a one dollar admission fee for the balloon fiesta was not implemented resulting in a loss of \$401 thousand.

In Fiscal Year 2003, revenues for funding CIP positions were \$6 million, \$1.4 million below the approved budget. Positions were not filled during the year causing the reduction and offsetting the revenue decline with reduced expenditures. In Fiscal Year 2004, CIP funded positions are anticipated to generate \$9 million. Funding for special cultural projects, including the Tingley Beach renovation, increases by \$350 thousand. The Balloon Museum development adds \$220 thousand, street projects funding of CIP positions increased around \$530 thousand and parks adds approximately \$543 thousand.

Internal services charges have declined as the City has chosen not to provide certain services. Office service charges now total about \$33 thousand per year. Building alteration charges were eliminated in Fiscal Year 2002. Engineering and inspection fees have declined from an average of \$1.5 million in the 1990s to an estimated \$175 thousand in Fiscal Year 2004. Fiscal Year 2003 total actual revenues were \$1.3 million, \$545 thousand below the approved Fiscal Year 2003 budget. Fiscal Year 2004 revenues were estimated at \$1.2 million.

Indirect Overhead for Fiscal Year 2004 increased by \$411 thousand over the Fiscal Year 2003 estimate, primarily due to general increases in the City's enterprise funds. Fiscal Year 2003 actual revenues were only \$13.2 million. This is due to many unfilled positions in enterprise funds and a reduction in allowable costs for capital indirect charges.

Miscellaneous Revenues. The largest part of miscellaneous revenues is from interest earnings on General Fund balances. As interest rates dropped and revenues slowed lowering fund balances, estimated revenues declined. Revenues from interest earnings in Fiscal Year 2003 are \$756 thousand. For Fiscal Year 2004 interest rate earnings are expected to increase to \$1.3 million.

Inter-Fund Transfers. Incoming transfers from other funds in Fiscal Year 2003 are \$0.5 million. This is down \$1.9 million from Fiscal Year 2002 when there was a one-time transfer of money from the capital fund. For Fiscal Year 2004, revenues are anticipated at \$2.3 million. The primary increases are a one-time transfer of \$240 thousand from the City County fund and \$312 thousand from the water/sewer fund for programmers working on the utility billing system.

Revised Fiscal Year 2004 and Proposed Budget Revenue Estimates For Fiscal Year 2005. Based on the strength in the economy and actual receipts, revenue estimates were adjusted up

\$13.6 million for Fiscal Year 2004. Gross receipts tax revenues were the largest single source of increase at \$9.2 million. It is expected that, of the total gross receipts tax revenues, about \$4 million is a one-time increase due to enhanced tax collection efforts by the State Taxation and Revenue Department. Additionally there is a \$2.2 million one-time receipt of money from an industrial revenue bond settlement and a one-time transfer for capital implementation programs. Recurring revenues are \$7.84 million above the Fiscal Year 2004 approved budget. This represents growth in total revenues of 9.1% over Fiscal Year 2003 and growth of recurring revenues of 7.4%. Growth in gross receipts tax revenues for the same period is estimated at 5.6%. In Fiscal Year 2005 revenues are anticipated to increase 8.23% over the revised Fiscal Year 2004 revenues. This strong increase is led by a 10.23% increase in gross receipts tax revenues. The voter approved quarter cent public safety tax will go into effect July 1, 2004 and the City anticipates that it will receive \$27.6 million for eleven months of revenues from that source in Fiscal Year 2005. See "Gross Receipts Taxes - Municipal and Other Gross Receipts Taxes - Imposition of Tax" under this caption.

General Fund Appropriations

Fiscal Year 2004 Budget. At the end of Fiscal Year 2002, City revenues fell sharply resulting in no revenue growth in the General Fund in Fiscal Year 2002. The \$10 million Fiscal Year 2002 shortfall carried over to the Fiscal Year 2003 base revenue estimate. The Fiscal Year 2003 budget was reduced twice to make up for revenue shortfalls. However, in Fiscal Year 2003, the City's General Fund budget faced overspending problems in an amount of approximately \$4.7 million. Overspending concerns were primarily driven by the delay in moving into the new Metropolitan Detention Center and a higher than expected number of early retirements. Although this level of overspending was assumed and accounted for when the Fiscal Year 2004 budget was built, the problem did not materialize. The effect of the hiring and spending freeze was to produce a reversion of \$4.3 million (the difference between the final year-end appropriation level and actual expenditures in Fiscal Year 2003).

The January 2003 five-year forecast of revenues and expenditures projected a \$26.6 million shortfall for Fiscal year 2004. The \$26.6 million shortfall could not be addressed through layoffs, because more than 500 positions would have to be eliminated. If the shortfall were addressed by reducing services, the equivalent of eight City departments would have to be eliminated. Clearly, these were unacceptable alternatives.

In the General Fund budget, \$17.1 million of the shortfall was made up by a combination of increasing the operating mill levy by one mill and decreasing the bond mill levy by one mill, changing the City's reserve fund policy (see discussion below) and suspending for one year a transfer from the General Fund to the Basic Services Fund. Reduction of the bond mill levy will not affect the ability of the City to pay its general obligation bond indebtedness (see "Property Taxes" under this caption). The Basic Services Fund has built up a relatively large fund balance, which can be used to finance projects in Fiscal Year 2004 and make \$3.6 million available in the General Fund. Eliminating vacant job positions and reorganizing operations to shift City employees to vacant but funded positions saved an additional estimated \$6 million. This savings was partially offset by positions added to staff new City facilities. Increasing charges for services provided to the public and other governmental entities and drawing down available fund balances were offset by program expansions and fully funding known operating costs. Finally,

expenditures that were assumed in the five-year forecast, including a police cadet expansion class and non-public safety vehicle replacement, were not funded. The City has traditionally maintained an operating reserve calculated as 5% of recurring General Fund revenues. In Fiscal Year 2002, the operating reserve held \$16.2 million and in the Fiscal Year 2003 the amount was \$16.8 million. In addition to the operating reserve, the City began accruing the Gross Receipts Tax in Fiscal Year 1995 and treated the July accrual as unavailable for spending, i.e. designated for future appropriations. The adjustment contained approximately one month's worth of revenue from the Gross Receipts Tax, Cigarette Tax and the Municipal Road (Gasoline) Tax. In Fiscal Year 2002, \$17.8 million was held for the adjustment and in Fiscal Year 2003, \$18.3 million was held.

The City combined these amounts and replaced them with a General Fund reserve equal to 8.33% or 1/12th of General Fund appropriations. For Fiscal Year 2004 the amount budgeted for that reserve is \$29.2 million. Although the City is a home rule municipality, the proposed reserve policy change is consistent with the requirement the State imposes on other municipalities.

Proposed Fiscal Year 2005 Budget. On May 17, 2004, the City Council adopted a budget for Fiscal Year 2005. While the Mayor is expected to sign the budget, he has both full veto and line-item veto power.

The Mayor's proposed budget is built on the assumption that available revenues will increase 8.23% over the level projected for Fiscal Year 2004 when the revisions to the current appropriation level were made. Expenditures in the proposed budget are 13.2% greater than the current appropriation level for Fiscal Year 2004. The growth in expenditures is supported by a large fund balance carried forward from Fiscal Year 2004. The available fund balance does not include expected reversions that could occur in Fiscal Year 2004.

The large growth rate in both revenues and expenditures is primarily the result of the passage of the quarter cent public safety tax. See "Gross Receipts Taxes - Municipal and Other Gross Receipts Taxes - Imposition of Tax" under this caption. This new quarter cent gross receipts tax will be implemented July 1, 2004 and is expected to produce \$27.6 million in additional revenues dedicated to specific spending purposes. The underlying growth rates of revenues and expenditure are modest, with recurring revenues increasing at 2.4% and spending at 3.2%. Revenues from the new quarter cent safety tax are recurring and provide a basis for the final favorable balance in which recurring revenues exceed recurring expenditures by \$6.2 million. All capital expenditures are considered non-recurring.

General Fund Balances

The following table shows actual revenues, expenditures and fund balances for the General Fund in Fiscal Years 1999-2003 and the approved budget amounts for Fiscal Year 2004. Appropriation levels do not reflect final year end clean-up of Fiscal Year 2003 approved by the City Council in November 2003, that increased the Fiscal Year 2003 budget level by \$2.6 million and the Fiscal Year 2004 budget by \$582 thousand. Nor does the table reflect the approval of a one-time bonus for City employees with a non-recurring General Fund cost of \$5.1 million.

(1) Adjustments reflect increases in reserves for encumbrances and designation for future appropriations.

(2) Fund balance for Fiscal Year 2000 changed due to an accounting change from modified to full accrual for franchise fees.

(3) The Fiscal Year 2002 adjustment includes a \$1.2 million reserve for corrections.

(4) A reserve of \$275 thousand for the transfer to transit is included in the Approved Fiscal Year 2004 Budget.

(5) The reserve policy change is, as of Fiscal Year 2003, 8.33% of total expenditures. In prior years the reserve policy was 5% of recurring revenue.

The General Fund currently anticipates a significant fund balance in excess of the required reserve level and available for appropriation. Because Fiscal Year 2003 revenues were stronger than anticipated (\$4.5 million above the third quarter estimate) and Fiscal Year 2004 revenues are performing better than anticipated when the budget was approved, combined with an unanticipated reversion from spending below the budgeted level in Fiscal Year 2003, available fund balance in Fiscal Year 2004 is significantly improved. Even after passage of the employee bonus plan, available fund balance was estimated at \$12.7 million. Approximately \$2.2 million of the increase is attributable to the settlement of an industrial revenue bond lease.

Due to significant delays in hiring, first quarter estimates of expenditures anticipate reversions for Fiscal Year 2004. Revenue performance continues to exceed expectations. The most recent estimate of available General Fund balance is \$19 million.

The following is an analysis of recent changes in General Fund revenues, appropriations and fund balance.

Revenues

Municipally Determined Revenues

The City's primary revenue sources, other than intergovernmental revenues, include, in order of magnitude, the municipal (local option) gross receipts tax, the real property tax and charges for services.

Local Option Gross Receipts Taxes. The City has authority under the Municipal Gross Receipts Tax Act (Sections 7-19-1, *et seq.* NMSA 1978 as amended) to impose up to 1.25%

municipal gross receipts tax on the gross receipts of any person engaging in business in the City. The municipal gross receipts tax currently imposed by the City is 1.00% and in July 2004 the remaining 0.25% will be imposed. The City has also imposed a 0.0625% municipal infrastructure gross receipts tax for general purposes and has authority to impose a second 0.0625% municipal infrastructure gross receipts tax for general purposes without a referendum. The City may impose an additional 0.125% municipal infrastructure gross receipts tax for general municipal purposes, infrastructure, regional transit and/or economic development, a 0.0625% municipal environmental gross receipts tax and an additional 0.25% municipal capital outlay gross receipts tax for municipal infrastructure purposes. Effective July 1, 2005 if the City becomes a member of a regional transit district, upon request from the district, the City, after an election approving the tax, shall impose a municipal regional transit gross receipts tax of up to 0.5% for a public transit system or public transit projects or services for the district.

See “Gross Receipts Taxes - Municipal and Other Gross Receipts Taxes” under this caption.

Real Property Tax. The City is authorized to impose a maximum levy of 7.650 mills for City operations. In Fiscal Year 2004, only 3.014 mills imposed on residential property and 3.544 mills imposed on commercial property are used by the City for operations and are subject to yield control. See “Property Taxes” under this caption.

Charges for Services. Many services provided by the City's General Fund agencies are provided to the public or other governmental entities on a fee basis. Services for which fees are charged include the following: engineering services, patching and paving, filings of plats and subdivisions, photocopying, sales of maps and publications, swimming pools, meals and other activities at senior centers, animal control and zoo admissions. The City also has a cost allocation plan which is used as a basis for assessing indirect overhead charges on non-general fund agencies and on capital expenditures.

Intergovernmental Revenues

The principal source of intergovernmental revenues to the City's General Fund is the distribution made by the State to the City from the State Gross Receipts Tax. In 1991, legislation was enacted which, among other things, reduced the amount of State Gross Receipts Tax distribution to a municipality from 1.35% to 1.225% of the gross receipts collected in that municipality. The reduction in the distribution took effect August 1, 1992. (See “Gross Receipts Taxes” under the caption.) In addition to the 1.225% gross receipts tax distribution, State-shared receipts include distributions of gasoline and cigarette taxes and of motor vehicle fees.

Property Taxes

Generally

The State Constitution limits the rate of real property taxes which all taxing jurisdictions can levy for operations to a maximum of 20 mills (\$20.00 per \$1,000 of assessed valuation). Commencing in Fiscal Year 1987, pursuant to Section 7-37-7 NMSA 1978, as amended, the maximum levy for City operations was increased from 2.225 to 7.650 mills. Beginning in Tax Year 2003, of the 7.650 mills authorized, only 3.014 mills imposed on residential property and

3.544 mills imposed on commercial property is used by the City for operations (referred to as the “operational levy”) and is subject to yield control. The yield control provisions of Section 7-37-7.1 NMSA 1978, as amended, require that the Local Government Division of the New Mexico Department of Finance and Administration annually adjust operational mill levies subject to yield control after the reassessment to prevent revenues on locally assessed residential and non-residential properties from increasing by no more than the sum of 5% for inflation plus the growth in the tax base due to new value. In cases in which a rate is set for a governmental unit that is imposing a newly authorized rate pursuant to Section 7-37-7 NMSA 1978, the rate must be at a level that will produce in the first year of imposition revenue no greater than that which would have been produced if the valuation of property subject to the imposition had been the valuation in the Tax Year in which the increased rate was authorized by the taxing district. The yield control provisions do not apply to the general obligation debt service levy.

An amendment to the State Constitution was passed by voters in November 1998. This amendment allowed the State Legislature to enact legislation providing for the assessment of residential properties at levels different than the current estimated market value of a home on the basis of age, income, or home ownership. Section 7-36-21.2 NMSA 1978, as amended, limits increases in the value of residential property for taxation purposes beginning with the Tax Year 2001. The section provides that, with respect to properties within a county assessing properties in the aggregate at or greater than 85% of their market value, a property's new valuation shall not exceed 103% of the previous year's valuation or 106.1% of the valuation two years prior to the Tax Year in which the property is being valued. This does not apply to residential properties in their first year of valuation, physical improvements made to the property or instances where the owner or the zoning of the property has changed in the year prior to the Tax Year for which the value of the property is being determined. For Tax Year 2001 (Fiscal Year 2002) the City was below the 85% ratio of assessment to market value, therefore the limitation did not apply and property was reassessed for Tax Year 2002. After reassessment for tax year 2002, the City exceeded the 85% ratio of assessment to market value and the limitation on new valuation increases will apply to future valuations. Section 7-36-21.3 NMSA 1978, as amended, freezes the property tax valuation for single family dwellings owned and occupied by persons 65 or older and whose taxable gross income does not exceed \$18,000. The valuation is frozen at the level of the 2001 Tax Year, if the person is already 65, or frozen in the year the person has his or her 65th birthday, if that is after 2001. New Mexico House Bill 73, signed into law on March 21, 2003, freezes the property tax valuation for single family dwellings owned and occupied by a person who is disabled and whose taxable gross income does not exceed \$18,000. The valuation is frozen at the level of the 2003 Tax Year, if the person is then determined to be disabled, or in the year in which the person is determined to be disabled, if that is after 2003.

Rates

The rates for City property taxes in effect for Tax Year 2003 (Fiscal Year 2004) are 10.990 mills for residential and 11.520 mills for commercial property. These rates are down from 21.327 mills on both residential and commercial property in Tax Year 1985 (Fiscal Year 1986) due to the reassessments of all property within the County. As set by the State Department of Finance and Administration, the general obligation bond debt service levy for Tax Year 2003 (Fiscal Year 2004) is 7.976 mills and the operational levy is 3.014 mills on residential property and 3.544 mills on commercial property.

(1) Debt service levy is a function of assessed value and bonds outstanding authorized in City general elections every two years.

(2) The City is authorized to contract debt, after an election, and is required to levy a tax, not exceeding 12 mills on the dollar, for payment of the debt from such election.

Source: City of Albuquerque, Office of City Treasurer.

Prior to 1986 it was the policy of the City for more than ten years to maintain a stable tax rate totaling approximately 20 mills for all general obligation bond debt service. Capacity to issue bonds in future years was calculated by using a tax production at 20 mills and assumed that new issues would have approximately equal annual principal payments for a ten-year retirement. Other than utilities and other centrally assessed properties, locally assessed residential and non-residential properties were valued at 1975 market values. State law mandated a statewide reassessment of properties in 1986 (Fiscal Year 1987), when 1980 market values became the basis for determining assessed valuation. Subsequent statewide reassessments were conducted in 1990, 1991, 1993, 1995, 1997, 1999, 2001 and 2003, each of which brought valuations in line with the market value of two years prior to such reassessment. It is anticipated that the State will continue the policy of biennial reassessments to maintain valuation at current and correct value, as required by statute. The reassessments have required a change in the 20 mill tax policy. The general obligation debt service tax rate was reduced to 12 mills for Tax Year 1986 (Fiscal Year 1987) and would have been just over 10 mills for Tax Year 1988 (Fiscal Year 1989) except for surplus fund balances that made possible a one-time reduction in the debt service levy. (An offsetting increase in the operating levy enabled a replenishment of the General Fund operating reserve.) The debt service levy for Fiscal Years 1991 and 1992 was 9.786 mills. For Fiscal Year 1993 only, the debt service levy was reduced to 9.277. A 9.581 mill debt service levy was in place for Fiscal Year 1994, but the levy was increased to 9.786 mills for Fiscal Year 1995. The close to 17% increase in valuation due to the 1995 reassessment exceeded planning assumptions and made possible a reduction in the debt service levy to 9.468 mills for Fiscal Year 1996. In Fiscal Year 1997, the debt service levy was decreased to 8.976 mills. In Fiscal Year 2004 the debt service levy was decreased to 7.976 mills.

Limits Regarding General Obligation Indebtedness

The aggregate amount of general obligation indebtedness of the City under the State Constitution is limited for general purposes to 4% of, and the single debt limitation to 12 mills on, the assessed value of taxable property within the City (excepting the construction or purchase of a water or sewer system with general obligation indebtedness, which has no limit). Schools are limited to 6% of the assessed valuation and counties are limited to 4% of the assessed valuation. The only special purpose district overlapping the City is the Albuquerque

Metropolitan Arroyo Flood Control Authority (“AMAFCA”), which is limited by State statute as to the amount of bonded debt which can be issued. The current limit for AMAFCA is \$40,000,000, of which \$24,350,000 is outstanding, with \$20,741,350 payable from taxable property within the City.

Tax Administration

The County is charged with the responsibility of administering the assessment and collection of property taxes for the City. Legislation passed in 1988 allows the County to collect a 1.0% assessment fee on all current collections. The State assesses corporate property such as utilities, pipelines and railroads which cross county lines.

Computer upgrades at the County for property tax assessments, collections and distributions resulted in a shortfall of property tax revenues distributed to the City in tax years 2001 and 2002. The County has advised that the problem has been resolved and has paid all shortfalls owing to the City. The County has advised the City that future distributions will be made at the proper levels, based on the actual collections for the then current year.

Assessments are made as of January 1 of each year, with one-half of the taxes on that assessment due the following November 10 and one-half due April 10 of the next calendar year. The taxes due November 10 become delinquent December 11, while the April 10 payment becomes delinquent May 11.

Taxes are due as follows: First half-November 10, second half-April 10. The taxes are collected by the County Treasurer and remitted to the City monthly. Properties in which taxes are delinquent (11th days of December and May) are transferred to the State, which conducts a tax sale if taxes remain unpaid. The proceeds of the tax sale are remitted to the political subdivisions in the rates of the current tax levy.

- (1) Includes both operating and debt service levies. Reported each January by the County Treasurer based on tax bills, including those under protest.
- (2) Since debt service mill levy decreased from 9.468 mills in FY96 to 8.976 mills in FY97, City debt service collections decreased slightly.

Gross Receipts Taxes

State Gross Receipt Tax

The gross receipts and compensating tax are the largest single source of the City's General Fund revenues.

Imposition of Tax. The Gross Receipts and Compensating Tax Act (Sections 7-9-1 through 7-9-91, NMSA 1978, as amended), authorizes the State to impose a gross receipts tax (the "State Gross Receipts Tax") which is levied by the State for the privilege of doing business in the State and is collected by the New Mexico Taxation and Revenue Department (the "Department"). The State Gross Receipts Tax is levied at 5.00% of taxable gross receipts. Until January 1, 2005, a credit of 0.50% will continue to be allowed taxpayers for municipal option taxes and the State will actually collect a 4.50% tax within municipalities, including the City. Of the 4.50 cents collected per dollar of taxable gross receipts reported for a particular municipality, 1.35 cents has, prior to August 1992, been remitted back to the municipality by the State monthly, based on the prior month's filings. See "Manner of Collection and Distribution" under this caption. In 1991, legislation was enacted which, among other things, reduced the amount of State Gross Receipts Tax distribution to a municipality from 1.35% to 1.225% of the taxable gross receipts collected in that municipality. The reduction in the distribution was effective August 1, 1992.

Until July 1, 2004, of the total 5.8125% gross receipts tax rate that businesses in the City pay to the State, the County and the City, 4.50% represents the State Gross Receipts Tax, from which the City receives the 1.225% distribution. On July 1, 2004, as a result of the City's 0.25% public safety tax, the total gross receipts tax paid by businesses in the City will increase to 6.0625%. See "Gross Receipts Taxes - Municipal and Other Gross Receipts Taxes - Imposition of Tax" under this caption. On July 1, 2005, the total gross receipts tax will increase to 6.5625%. See the following paragraph.

Laws of 2004, Chapter 625, which becomes effective January 1, 2005 made a number of changes to the State Gross Receipts Tax laws. The gross receipts tax on food and certain medical services will be eliminated but the credit of 0.5 % for payers of the municipal option tax will also be eliminated. The legislation creates a deduction for State Gross Receipts Tax from retail sales of food, as defined for federal food stamp program purposes, but requires retailers to report receipts from sales of food and then claim a deduction for the receipts. The legislation enacts significant penalties for improper filings. The deduction does not apply to receipts of restaurants and sellers of prepared foods. The legislation also creates a gross receipts tax deduction for some receipts of licensed health care providers (broadly defined) from Medicare Part C and managed health care plans and health care insurers. The legislation also provides for payments from the State to reimburse local governments for lost gross receipts tax revenues. The City will continue to receive a 1.225% distribution.

Taxed Activities. For the privilege of engaging in business in the State, the State Gross Receipts Tax is imposed upon any person engaging in business in the State. "Gross Receipts" is defined in the Gross Receipts and Compensating Tax Act as the total amount of money or value of other consideration received from selling property in the State (including tangible personal

property handled on consignment in the State), from leasing property employed in the State, from selling certain research and development services performed outside the State the product of which is initially used in the State and from performing services in the State. The definition excludes cash discounts allowed and taken, the State Gross Receipts Tax payable on transactions for the reporting period and any county sales tax, county fire protection excise tax, county and municipal gross receipts taxes, any type of time-price differential and certain gross receipts or sales taxes imposed by an Indian tribe or pueblo. Unlike most other states, the State taxes sales and services, including legal services. For a description of the percentages of gross receipts tax revenues that have been historically received in various other sectors, see “Gross Receipts Taxes - Historical Taxable Gross Receipts” under this caption.

Exemptions. Some activities and industries are exempt from the State Gross Receipts Tax, many by virtue of their taxation under other laws. Exemptions include but are not limited to receipts of governmental agencies and certain organizations (some of which are taxable by the State, with no local distribution), receipts from the sale of vehicles, occasional sales of property or services, wages, certain agricultural products, dividends, and interest and receipts from the sale of or leasing of gas, natural oil or mineral interests. Various deductions are also allowed, including, but not limited to, receipts from various types of sales or leases of tangible personal property or services, receipts from sales to governmental agencies or certain organizations, receipts from processing certain agricultural products, receipts from certain publication sales, certain receipts from interstate commerce transactions and, beginning July 1, 2005, the sale of certain food and certain medical services. In spite of the numerous specified exemptions and deductions from gross receipts taxation, the general presumption is that all receipts of a person engaging in business in the State are subject to the State Gross Receipts Tax.

The State Legislature in 1998, however, passed into law an exemption to the gross receipts tax for prescription drugs and certain federal government paid medical expenses. The impact of this exemption on gross receipts tax revenues is estimated at approximately \$4.0 million per year; however, no assurance is given that the actual impact of this exemption on gross receipts tax revenues will not, in the future, be greater than the current estimate. Also, the State Legislature in 2004, passed into law deductions, which become effective January 1, 2005, from gross receipts of the sale of foods at a retail food store and receipts of certain payments for health care services. See “The General Fund - General Fund Revenues” and “Gross Receipts Tax - State Gross Receipts Tax- Imposition of Tax” under this caption.

Administration of the Tax. The Department is responsible for administering the Gross Receipts and Compensating Tax Act and for collecting the State tax and all local option gross receipts taxes imposed by New Mexico counties and municipalities. The Department makes monthly distributions to counties and municipalities, as applicable, of State shared receipts and of receipts from local option gross receipts taxes.

Historical Revenues. The revenues received by the City from the State as its distribution of the State Gross Receipts Tax revenues for the past five Fiscal Years are as follows:

**Historical State Gross Receipts Tax Revenues

Certain of the revenues received from this tax are pledged to the payment of gross receipts tax bonds of the City. Some of those bonds are also secured by other revenues of the City, such as lodgers' taxes. See "FINANCIAL INFORMATION - Lodgers' Tax and Hospitality Fee."

Municipal and Other Gross Receipts Taxes

Imposition of Tax. In addition to receiving a distribution from the State, the Municipal Local Option Gross Receipts Tax Act (Section 7-19D-1 through 7-19D-12 NMSA 1978, as amended) authorizes the City under State law to impose up to 1.25% municipal gross receipts tax in increments of one-eighth of one percent on the gross receipts of any person engaging in business in the City. The municipal gross receipts tax currently imposed by the City is 1.00%. One quarter of one percent (0.25%) of the City's municipal gross receipts tax is dedicated to specific "basic services" programs and the proceeds are deposited in the General Fund. One half of one percent (.50%) is used for general purposes and the revenues are deposited into a fund pledged to secure certain outstanding municipal gross receipts tax bonds of the City. An additional 0.25% municipal gross receipts is imposed to provide for street maintenance, roadway improvements, an increase in the level of services provided by the public transit system, and construction of a bikeway system. In October 2003, the final 0.25 % increment of municipal gross receipts tax was approved by the City electors with the proceeds to be used for public safety, a variety of social-service programs and jail expenses. The tax will be imposed effective July 1, 2004. The City has also imposed a 0.0625% municipal infrastructure gross receipts tax for general purposes . The City has authority to impose a second 0.0625% municipal infrastructure gross receipts tax without a referendum, but has not exercised this authority. In addition, the State Legislature in 1998 passed legislation allowing the City to impose an additional 0.125% municipal infrastructure tax for general municipal purposes, infrastructure, regional transit and/or economic development. The City has not used this authority to date, and a positive referendum will be required to impose such tax. The City also has authority under State law to impose a 0.0625% municipal environmental gross receipts tax but thus far has not used this authority. The State Legislature in 2001 passed legislation allowing the City to impose an additional 0.25% municipal capital outlay gross receipts tax for municipal infrastructure purposes, including the payment of debt service on bonds. The municipal capital outlay gross receipts tax must be imposed prior to July 1, 2005, under current state law, and may be imposed only after all increments of municipal infrastructure gross receipts tax and the municipal environmental gross receipts tax have been imposed and after a positive referendum is held. The State Legislature in 2004 passed legislation, which becomes effective on July 1, 2005, authorizing a municipal regional transit gross receipts tax. If the City is a member of a regional

transit district, upon a request from the district, the City, after an election approving the tax, shall impose a municipal regional transit gross receipts tax of up to 0.5% for a public transit system or public transit projects or services for the district. The tax may be imposed in increments of 0.0625%.

Of the total 5.8125% gross receipts tax rate that businesses in the City currently pay to the State, the County, and the City on their taxable gross receipts, 1.00% represents the municipal gross receipts tax and 0.0625% represents the municipal infrastructure tax. But see “Gross Receipts Taxes - State Gross Receipts Tax - Imposition of Tax” and “Gross Receipts Taxes - Municipal and Other Gross Receipts Taxes - Imposition of Tax” under this caption.

Historical Revenues. The revenues received by the City as a result of its imposition of municipal gross receipts tax and municipal infrastructure gross receipts tax for the past five Fiscal Years are as follows.

(1) Albuquerque taxable gross receipts are according to distribution month, which lags reporting month by one month and activity month by two months. While taxable gross receipts is the reported tax base, the actual tax distributions may differ from those calculated by applying the tax and distribution rates to taxable gross receipts for any of a number of reasons (e.g., the filing taxpayer did not include a check or the check was returned; an adjustment was made for a previous over-or under-distribution to the City). Actual distributions average within 1-2% of computed tax due based on reported taxable gross receipts.

(2) Taxable gross receipts from interstate telecommunications are subject to a special 4.25% tax from which the City receives a distribution.

Source: New Mexico Taxation and Revenue Department.

Manner of Collection and Distribution

Businesses must make their payments of gross receipts taxes on or before the twenty-fifth day of each month for taxable events in the prior month. Collection of the State gross receipts tax and municipal gross receipts taxes is administered by the Department, pursuant to Section 7-1-6 NMSA 1978, as amended . Collections are first deposited into a suspense fund for the purpose of making disbursements for refunds, among other items. On the last day of each month, the balance of the suspense fund is transferred to the State general fund, less the above-described disbursements to the municipalities and counties in the State and less required distributions to pay debt service on certain State bonds.

Remedies for Delinquent Taxes

The Department may assess gross receipts taxes to a taxpayer who has not paid the taxes due to the State. If any taxpayer to whom gross receipts taxes have been assessed does not make payment thereof (or protest the assessment or furnish security for payment) before 30 days after the date of assessment, the taxpayer becomes a delinquent taxpayer. Such taxpayer remains delinquent until payment of all the taxes due, including interest and penalties, or until security is furnished for the payment. The Department may, under certain circumstances, enter into an agreement with a delinquent taxpayer to permit monthly installment payments for a period of not more than 60 months. Interest is due on any delinquent taxes from the first day following the day on which it is due at the rate of 15.0% per year, computed on a daily basis until paid, without regard to any installment agreement. However, if the gross receipts taxes are paid within 10 days after demand is made, no interest accrues.

The Department may levy upon all property or rights to property of a delinquent taxpayer and sell the same in order to collect the delinquent tax. The amount of delinquent State gross receipts taxes is also a lien in favor of the State upon all property and rights to property of the delinquent taxpayer which lien may be foreclosed as provided by State statutes.

Lodgers' Tax and Hospitality Fee

Generally

The lodgers' tax is levied pursuant to the Lodgers' Tax Act (Sections 3-38-13 through 3-38-24 NMSA 1978, as amended) and is imposed, with certain limited exceptions, on all revenues derived from the furnishing of lodging within the City. The tax rate imposed by the City is 5% and is imposed on the gross taxable rent paid for lodging (but not including State Shared Gross Receipt Taxes or local sales taxes). The lodgers' tax is collected by the City on a monthly basis from the persons and firms furnishing lodging.

Fifty percent of the revenues from the lodgers' tax imposed by the City are pledged to repayment of the City's gross receipts/lodgers' tax bonds, less certain administrative costs. Pursuant to law, the City uses the remaining 50% of the lodgers' tax revenues for the purposes of advertising, publicizing, and promoting the convention center and certain other tourist facilities and attractions within the City.

The State Legislature passed the Hospitality Fee Act (Sections 3-38A-1 through 3-38A-12 NMSA 1978) which became effective in June 2003. Under the Act, the City has authority to impose, without a referendum, a hospitality fee of up to 1% of the gross rent proprietors receive from tourist accommodations within the City. The Hospitality Fee Act includes a section which repeals the Act effective July 1, 2013. The City Council adopted an Ordinance in April 2004 which becomes effective five days after its publication. Publication is expected to occur in early May 2004. As required by the Hospitality Fee Act, the Ordinance requires that fifty percent of the fees collected be used for advertising to publicize and promote tourist-related attractions, facilities and events and the remaining fifty percent be used to equip and furnish the City's Convention Center.

Historical Lodgers' Tax Revenues

The gross taxable rent and the lodgers' tax revenues derived from the 5% Lodgers' Tax rate and collected by the City since Fiscal Year 1999 are as follows:

**City of Albuquerque
Historical Lodgers' Tax Revenues**

<u>Fiscal Year</u>	<u>Gross Taxable Rent</u> ⁽¹⁾	<u>Lodgers' Tax Revenues</u>
1999	\$161,836,220	\$8,091,811
2000	167,834,800	8,394,740
2001	169,762,360	8,488,118
2002	166,380,620	8,319,031
2003	166,521,380	8,326,069

(1) Defined by the Lodgers' Tax Act to mean "the total amount of rent paid for lodging, not including the state gross receipts tax or local sales taxes."

Charges for Services

Many services provided by the City's General Fund agencies are provided to the public or other governmental entities on a fee basis. Services for which fees are charged include the following: engineering services, patching and paving, filings of plats and subdivisions, photocopying, sales of maps and publications, swimming pools, meals and other activities at senior centers, animal control and zoo admissions. The City also has a cost allocation plan which is used as a basis for assessing indirect overhead charges on non-general fund agencies and on capital expenditures.

Employee Contracts

There were 6,408 full-time employment positions funded by the City for Fiscal Year 2004. As of January 1, 2004, of the filled positions, over 80% of City employees are affected by union contracts. There are seven bargaining units within the City. The City's union contracts and their expiration dates are as follows: Albuquerque Officers' Association (A.F.S.C.M.E. Local

1888, AFL-CIO) - June 10, 2003; Clerical and Technical Employees (A.F.S.C.M.E. Local 2962, AFL-CIO) - October 17, 2003; United Transportation Union (Local 1745) - February 8, 2003; Blue Collar workers (A.F.S.C.M.E. Local 624, AFL-CIO) - May 30, 2003; Albuquerque Area Firefighters Union - February 2, 2004; Albuquerque Police Officers' Association - June 1, 2003; and Management Union - June 30, 2003. The City is negotiating new contracts.

Retirement Plan

The employees of the City are members of the State Public Employees Retirement Association. Employees are credited for contribution amounts to the plan varying from 3.29% to 16.30% of their wages and the City contributes amounts which vary from 7.0% to 20.25%.

The last actuarial valuation attesting to the availability of funds to cover the obligations of the plan is as of June 30, 2003. A copy of the certification letter prepared by Gabriel, Roeder, Smith & Company, Actuaries and Consultants, is on file and is available from the State Public Employees Retirement Association, upon request.

Capital Implementation Program

The City finances a substantial portion of its traditional municipal capital improvements with general obligation bonds. However, certain capital improvements are financed with revenue bonds. The City's Capital Implementation Program consists of a ten-year program, with a general obligation bond election held every odd-numbered year to approve the two-year capital budget portion of the program.

In May 2003, the City adopted a ten year capital plan for calendar years 2003 through 2012. The City's 2003 general obligation bond election was held on October 28, 2003, with an amount of \$157,838,460 of capital projects voted on; the electors voted affirmatively on \$105,460,967 of the bonds; the election for the issuance of street bonds in the amount of \$52,377,493 did not pass. The Series 2004 Bonds will be the first two series of these bonds to be issued.

Financial Statements

The financial statements of the City at June 30, 2003 and for the year then ended are included in Appendix A hereto and have been audited by Neff & Ricci LLP, independent certified public accountants, as set forth in their report thereon dated November 7, 2003. Such financial statements represent the most current audited financial information available for the City.

FORWARD LOOKING STATEMENTS

This Official Statement contains statements relating to future results that are “forward-looking statements” as defined in the Private Securities Litigation Reform Act of 1995. When used in this Official Statement, the words “estimate,” “forecast,” “intend,” “expect,” “project,” “intend,” “budget,” “plan” and similar expressions identify forward-looking statements.

THE ACHIEVEMENT OF CERTAIN RESULTS OR OTHER EXPECTATIONS CONTAINED IN SUCH FORWARD-LOOKING STATEMENTS INVOLVE KNOWN AND UNKNOWN RISKS, UNCERTAINTIES AND OTHER FACTORS WHICH MAY CAUSE ACTUAL RESULTS, PERFORMANCE OR ACHIEVEMENTS DESCRIBED TO BE MATERIALLY DIFFERENT FROM ANY FUTURE RESULTS, PERFORMANCE OR ACHIEVEMENTS EXPRESSED OR IMPLIED BY SUCH FORWARD-LOOKING STATEMENTS. THE CITY DOES NOT PLAN TO ISSUE ANY UPDATES OR REVISIONS TO THOSE FORWARD-LOOKING STATEMENTS IF OR WHEN ITS EXPECTATIONS, OR EVENTS, CONDITIONS OR CIRCUMSTANCES ON WHICH SUCH STATEMENTS ARE BASED OCCUR.

LITIGATION

According to the City, there is no action, suit, proceeding, inquiry, investigation or controversy of any nature pending, or to the City's knowledge threatened, involving the City (i) in any way questioning (A) the authority of any officer of the City to exercise the duties and responsibilities of his or her office or (B) the existence, powers or authority of the City material to the Series 2004 Bonds or the security for the Series 2004 Bonds; (ii) seeking to restrain or enjoin the issuance, sale, execution or delivery of, or the performance by the City of its obligations under, the Series 2004 Bonds; (iii) in any way contesting or affecting (A) the issuance, sale, execution or delivery of the Series 2004 Bonds or (B) the validity or enforceability of the Series 2004 Bonds, any of the documents relating to the Series 2004 Bonds or any action contemplated by or pursuant to any of the foregoing; (iv) which, except as and to the extent disclosed below may result, either individually or in the aggregate, in final judgments against the City materially adversely affecting its financial condition; or (v) asserting that the Preliminary Official Statement or the Official Statement contained or contains any untrue statement of a material fact or omitted or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. On the Closing Date, the city will deliver a no-litigation certificate as to the foregoing.

New Mexico Tort Claims Act Limitations

The New Mexico Tort Claims Act limits liability to (i) \$100,000 for damage to or destruction of property arising out of a single occurrence, (ii) \$300,000 for all past and future medical and medically-related expenses arising out of a single occurrence, (iii) \$400,000 to any person for any number of claims arising out of a single occurrence for all damages other than property damage and medical and medically-related expenses, as permitted under the New Mexico Tort Claims Act, and (iv) \$750,000 for all claims other than medical or medically-related expenses arising out of a single occurrence. In two consolidated cases, the City had two judgments entered against it that exceeded these caps on damages under the New Mexico Tort Claims Act. In August 1998, the New Mexico Supreme Court declared the cap on damages unconstitutional as to these two cases only. However, the Court changed the standard from a "medium scrutiny" standard to a "rational basis" standard by which the constitutionality issue will be determined in future cases. Since the revised standard is less of a burden for the City to overcome, the City expects that the cap will be upheld, if challenged in the future. The City has not experienced a material adverse financial impact on claims as a result of the decision in these cases.

Risk Management

As to the status of the Risk Management Fund (an internal service fund) in which all losses and liabilities are recorded, as of June 30, 2001, the fund was in deficit by approximately \$13 million. The Fund deficit as of June 30, 2002 was approximately \$14.1 million and \$12.7 million as of June 30, 2003. The balance, or deficit, in the Risk Management Fund generally represents: (i) cash and other assets in the Fund, less (ii) an amount determined by the City to be an appropriate reserve for unpaid claims and other potential liabilities (including pending litigation brought against the City which may or may not be resolved in the City's favor). The cash in the Fund is currently sufficient to pay all claims and judgments due and payable by the City for an average 16 month period. The City is in the second year of a five-year plan to eliminate the projected deficit. In addition, pursuant to Section 41-4-25(B) NMSA 1978, in the event of a judgment against the City in excess of \$100,000, the City may levy a tax on real and personal property to provide for the payment of such excess amount.

TAX MATTERS

NO ATTEMPT HAS BEEN MADE OR WILL BE MADE TO COMPLY WITH CERTAIN REQUIREMENTS RELATING TO THE EXCLUSION FROM GROSS INCOME FOR FEDERAL INCOME TAX PURPOSES OF INTEREST ON THE SERIES 2004 BONDS. INTEREST ON THE SERIES 2004 BONDS IS INCLUDABLE IN GROSS INCOME OF THE HOLDERS THEREOF FOR FEDERAL INCOME TAX PURPOSES.

CONTINUING DISCLOSURE UNDERTAKING

In connection with its issuance of the Series 2004 Bonds, the City will execute a Continuing Disclosure Undertaking, a form of which is attached as Appendix D hereto, wherein it will agree for the benefit of the Owners of Series 2004 Bonds (i) to provide audited annual financial statements of the City by not later than 270 days after the end of each Fiscal Year and to provide certain annual financial information and operating data relating to the City by not later than 270 days after the end of each Fiscal Year, and (ii) to provide timely notice of certain enumerated events, if material. Pursuant to its prior Disclosure Undertakings relating to general obligation bonds, the City is required to file its annual audited financial statements for each Fiscal Year ended June 30, no later than 180 days after the end of each Fiscal Year. Because year end audits by its independent certified accountant have not been received by the City in time to make such filings, the audited financial statements have been filed within 210 days of the end of the Fiscal Year. The City anticipates that this problem will continue because of the delay in receiving audited financial information. Other than the delay in filing such audited financial statements, the City is currently in compliance with all of the requirements of its previous continuing disclosure undertakings.

LEGAL MATTERS

In connection with the issuance and sale of the Series 2004 Bonds, Brownstein Hyatt & Farber, P.C., as Bond Counsel, will deliver the bond opinion included in Appendix C hereto. Certain legal matters relating to the Series 2004 Bonds will be passed upon for the City by its

Disclosure Counsel, Modrall, Sperling, Roehl, Harris & Sisk, P.A. Neither Disclosure Counsel nor Bond Counsel has participated in any independent verification of the information concerning the financial condition of the City contained in this Official Statement.

Certain legal matters will also be passed upon for the City by the office of the City Attorney.

RATINGS

It is expected that, upon issuance of the Series 2004 Bonds, the Series 2004 Bonds will receive a rating of "Aa3" from Moody's, a rating of "AA" from S&P and a rating of "AA" from Fitch.

Ratings reflect only the respective views of the rating agencies, and the City makes no representation as to the appropriateness of any rating. An explanation of the significance of the ratings may only be obtained from the respective rating agency. The City has furnished to each rating agency certain information and materials relating to the Series 2004 Bonds and the City some of which may not have been included in this Official Statement. Generally, rating agencies base their ratings on such information and materials and on investigation, studies and assumptions by the rating agencies. The respective ratings are not a recommendation to buy, sell or hold the Series 2004 Bonds, and there can be no assurance that a rating when assigned will continue for any given period of time or that it will not be lowered or withdrawn entirely by a rating agency if, in its judgment, circumstances so warrant. Any downward change in or withdrawal of a rating may have an adverse effect on the marketability and/or market price of the Series 2004 Bonds.

ADDITIONAL INFORMATION

All quotations from, and summaries and explanations of, the statutes, regulations and documents contained herein do not purport to be complete and reference is made to said laws, regulations and documents for full and complete statements of their provisions. Copies, in reasonable quantity, of such laws, regulations and documents may be obtained during the offering period upon request directly to the City at One Civic Plaza, N.W., Albuquerque, New Mexico 87102, Attention: Assistant Treasurer-Debt.

Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not to be construed as a contract or agreement between the City and the purchasers or owners of any of the Series 2004 Bonds.

APPROVAL BY THE CITY

This Official Statement, has been duly authorized and approved by the City and has been executed and delivered by the Mayor on behalf of the City.

Independent Auditors' Report

The Honorable Martin Chavez, Mayor and
Members of City Council

We have audited the accompanying basic financial statements of the City of Albuquerque (the City), as of and for the year ended June 30, 2003. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Albuquerque, as of June 30, 2003, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

CITY OF ALBUQUERQUE, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2003

This section of the City of Albuquerque's (City) Comprehensive Annual Financial Report (CAFR) presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2003. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$1.6 billion (net assets). Of this amount, \$138.2 million (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors in subsequent accounting periods.
- The government's total net assets increased by \$157.3 million during the year, but see Note No. 25 regarding a subsequent event that will have a negative impact on the government's total net assets in FY04.
- As of June 30, 2003, the City's governmental funds reported combined ending fund balances of \$273.0 million. Approximately 66.6% of this amount, \$181.9 million, is unreserved fund balance available for spending at the government's discretion. Of this amount, approximately \$68.3 million is unreserved fund balance in the Capital Acquisition Fund.
- At the close of the current fiscal year, unreserved fund balance for the general fund was \$15.0 million or 5.5% of the total general fund expenditures of \$274.8 million.
- The City's total long-term debt decreased by \$62.8 million (7.0%) during the current year. The key factors in this change were: 1) debt reduction payments and liquidations of accrued liabilities totaling \$134.9 million, and 2) the issuance of \$15.0 million notes payable for the construction of a new baseball stadium accompanied by additions to accrued vacation and sick leave pay and claims payable totaling \$43.6 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements contain three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the differences between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating, absent extraordinary events.

The *statement of activities* presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include public safety and protection, culture and recreation, public works, public health, human services, housing, highways and streets, and special assessments. The business-type activities of the City include an airport, apartments, baseball stadium, joint water and sewer system, refuse disposal, golf courses, parking facilities, and transit system.

The City does not have a relationship with any other government that would cause that government to be considered a component unit of the City.

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into the following three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements – i.e. most of the City's basic services are reported in governmental funds. These statements, however, focus on (1) how cash and other financial assets can readily be converted to available resources and (2) the balances left at year-end that are available for spending. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds organized according to their type (special revenue, debt service, capital projects and permanent funds). Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Corrections and Detention, General Obligations Debt Service, and the Capital Acquisition funds, all of which are considered major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for the General Fund and Corrections and Detention Fund. Budgetary comparison statements for each of these funds are presented in the Basic Financial Statements section of this report. A budgetary comparison statement for the General Obligation Debt Service Fund, a major fund, is presented in the Supplementary Information section. In addition, the City adopts an annual appropriated budget for other nonmajor governmental funds. Budgetary comparison statements for those funds are also presented in the Supplementary Information section.

Proprietary funds. Proprietary funds are generally used to account for services for which the City charges customers – either outside customers, or internal units or departments of the City. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The City maintains the following two types of proprietary funds:

- **Enterprise funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the Albuquerque International Airport, Joint Water and Sewer system, Refuse Disposal, and Housing Authority, which are considered major funds of the City. In addition the following nonmajor funds are reported: Apartments, Golf Course, Parking, Stadium, and Transit.
- **Internal Service funds** are used to report activities that provide supplies and services for certain City programs and activities. These funds account for inventory warehousing and issues; worker's compensation, tort and other claims insurance coverage; vehicle maintenance and motor pool services; and communication services to City departments. In addition, these funds provide health insurance coverage to City employees. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. The City's Trust and Agency Fund is reported under the fiduciary funds. Since the resources of this fund are not available to support the City's own programs, it is not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information (RSI)

The required budgetary comparison statements for the General Fund and the Corrections and Detention Fund are presented separately and in the basic financial statements. The city is not required to provide other information in the RSI and therefore, no information is presented there.

Combining Statements

The combining statements referred to earlier in connection with nonmajor governmental funds, nonmajor proprietary funds, internal service funds, and fiduciary funds are presented immediately following the Notes to the Financial Statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

This is the second year that the City has presented its financial statements under the new reporting model required by the Governmental Accounting Standards Board Statement No. 34 (GASB 34), Basic Financial Statements - and Management's Discussion and Analysis (MD&A) - for State and Local Governments. In the first year under the new reporting model, the City did not restate prior fiscal years for the purpose of providing comparative information for the MD&A. Below is a comparative analysis of government-wide data for the most recently completed fiscal year and the prior fiscal year.

Analysis of Net Assets

As noted earlier, net assets may serve as a useful indicator of a government's financial position. For the City, assets exceeded liabilities by \$1.6 billion at the close of the year. The largest portion of the City's net assets (73.9%) reflects its investment of \$1.16 billion in capital assets (e.g. land, buildings, and equipment less any related outstanding debt used to acquire these assets). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that resources needed to pay this debt must come from other sources, since the capital assets cannot be liquidated for these liabilities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS, continued

Analysis of Changes in Net Assets, continued

The City's overall net assets were increased by \$157.3 million during the current fiscal year. However, this does not include depreciation expense on infrastructure assets of governmental activities that have not been capitalized from fiscal years ending after June 30, 1980 through the fiscal year ended June 30, 2001. The increase in net assets is explained in the governmental and business-type activities discussion below.

Governmental activities. Governmental activities increased the City's net assets by \$97.2 million, thereby accounting for 61.8% of the total growth in the net assets of the City.

Since the City has not capitalized infrastructure assets acquired prior to the fiscal year ending June 30, 2001, the change in net assets does not reflect depreciation expense on those assets. City staff estimates that the depreciation expense on roadways could exceed \$40 million. The inclusion of that depreciation expense plus the amount to be recorded for storm sewers and bike trails could result in a very small positive change in net assets or possibly result in a negative change in net assets.

A comparison of revenues with the prior year is provided below:

Due to a continued slow economy, the gross receipts tax revenue and state shared taxes grew modestly from those of the prior year.

- The investment earnings were reduced from \$11.3 million in fiscal year ended June 30, 2002, to \$8.6 million in the current year. The primary cause for this reduction was due to the weakened investment market experienced by virtually all governments and to reduced investment balances during the year.
- The intergovernmental revenues plus operating and capital contributions from sources other than state shared taxes was increased by \$1.6 million.
- Other revenues for the current year were generally higher from the previous fiscal year.

Business-type activities. Business-type activities increased the City's net assets by \$47.5 million, accounting for 38.2% of the total growth in the net assets of the City. Key factors of this increase are as follows:

- The Airport fund had an increase in net assets of \$0.4 million in fiscal year 2003 compared to a \$1.6 million decrease in 2002. The passenger facilities charges (PFC) were increased from the prior year by \$1.1 million. The September 11, 2001 events continued to have a negative impact on the level of air travel in fiscal year 2003. In addition, the weakened investment market rates resulted in reducing investment earnings by \$0.3 million.
- Due to increased rates for water and sewer services, the Joint Water and Sewer fund increased its operating revenues by \$3.9 million over fiscal year 2002. The expenses increased by \$2.6 million. The reduction in investment earnings from fiscal year 2002 was approximately \$0.96 million. In addition, capital contributions from developers for the current year were \$22.2 million compared to \$15.0 million for fiscal year 2002. The net assets of the fund increased by \$45.3 million during the year compared to \$31.4 million for the previous fiscal year.
- For the Refuse Disposal fund, the reported change in net assets of \$3.2 million was increased from \$2.5 million in fiscal year 2002. The primary change was due to increased other revenues and reduced interest expenses.
- The inclusion of the Stadium Fund and the Apartment Fund accounted for most of the change in the nonmajor funds with an increase of \$4.0 million in operating revenues.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of Governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, and Permanent Funds.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$273.0 million, a decrease of \$10.6 million in comparison with the prior year. Approximately 66.6% of this amount, \$181.9 million, is unreserved fund balance available for spending at the government's discretion. Included in unreserved fund balance is \$68.3 million in the Capital Acquisition Fund. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed: 1) to fund continued programs or projects in future fiscal periods (\$27.8 million); 2) for acquisition and management of open space and urban enhancement (\$33.3 million); and 3) to show the fund balance representing advances to other funds and other assets not available for spending (\$30.1 million).

Revenues for governmental functions overall totaled approximately \$540.1 million in the fiscal year ended June 30, 2003, which represents an increase of \$25.4 million from last year. The major causes for the increase were: 1) tax revenues increased by \$14.0 million; and 2) intergovernmental revenues increased by \$6.8 million caused by an increase of state shared gross receipts tax; and 3) an increase of \$4.0 million in licenses and permits caused largely by construction activities.

Expenditures for governmental functions of \$548.2 million decreased by \$11.9 million from the previous year total of \$560.1 million. The primary cause of the decrease was from reduced debt service requirements of \$16.8 million and reduced expenditures of \$4.9 million for public works. The decrease was offset by increased expenditures for Corrections and Detention of \$6.5 million and other public safety of \$2.6 million. These increased expenditures generally reflect an increased demand and need for public safety services.

General Fund.

This is the City's chief operating fund. At the end of the current fiscal year, the total fund balance was \$43.1 million, of which \$15.0 million is available as an unreserved fund balance. The reserved fund balance of \$28.2 million is designated: 1) for unanticipated expenditures (\$27.8 million equaling 8.33% of recurring expenditures); and 2) to indicate that non-current financial resource assets of \$0.4 million are unavailable to spend or already are committed for spending. Included in the unreserved fund balance is \$0.1 million for unrealized gain on investments since the unrealized gains are not available until the underlying securities are sold. The net change in fund balance for the current fiscal year was an increase of \$6.5 million. A change was made at fiscal year end to bring the City into compliance with the state recommended reserve policy. This change eliminated \$17.8 million of unreserved fund balance designated for future appropriations at the beginning of fiscal year 2003 and changed the determination of the reserved fund balance designated for unanticipated expenditures from 5% of recurring revenues to 8.33% of recurring expenditures.

The total revenues of \$325.8 million for the current fiscal year was \$17.1 million greater than for the previous fiscal year. The increase largely resulted from an increase of \$4.1 million in gross receipts tax revenues, \$5.8 million in intergovernmental revenues, and \$3.6 million in licenses and permits and \$1.1 million increase in charges for services. This was partially offset by a decrease in interest revenues of \$0.2 million caused by weakened investment market rates.

Total expenditures of \$274.8 million represent an increase of \$0.3 million over the previous fiscal year. The expenditures for fire and police protection increased by \$2.6 million due to an increased emphasis on public safety while the expenditures for highways and streets decreased by \$0.5 million. Additional reductions in expenditures from the previous fiscal year are for culture and recreation (\$0.5 million), public works (\$2.4 million) and human services (\$0.4 million). The reductions were necessary due to a weakened economy that resulted in lower revenues than originally anticipated. See the General Fund budgetary highlights for an analysis with respect to budgets.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS, continued

Proprietary funds

The City's proprietary funds provide the same type of information presented in the government-wide financial statements, but in more detail.

At the end of the fiscal year, the unrestricted net assets (in millions) were as follows:

Airport Fund	\$13.3
Joint Water and Sewer Fund	51.3
Refuse Disposal Fund	6.5
Housing Authority Fund	9.9
Nonmajor enterprise funds	<u>6.9</u>
 Total	 <u>\$87.9</u>

Internal service funds which are used to account for certain governmental activities had deficit unrestricted net assets of \$6.8 million. The Risk Management fund, an internal service fund, had deficit unrestricted net assets of \$12.7 million resulting from unanticipated judgment awards and claims against the City in prior years. The City is currently in a five-year recovery plan to reduce the deficit unrestricted net assets to zero by the fiscal year ended June 30, 2007. All other internal service funds had positive unrestricted net assets.

Fiduciary funds

The only fund in this category is the City's Trust and Agency fund. This fund is used by the City to account for funds held for third parties.

General Fund budgetary highlights

The City's final budget differs from the original budget. Early in the fiscal year, it became apparent that actual revenues were not meeting forecasted revenues as a result of continuing economic weakness. In response, there were two mid-year modifications in the first six months of the fiscal year. The original budget anticipated revenues of \$339.2 million. In early October 2002, revenue projections were reduced by \$11.1 million to reflect changing expectations. The General Fund budget was reduced by \$4.6 million. A second de-appropriations bill in late November 2002 reduced the budget yet again by \$3.3 million. Subsequent to that, the revenue outlook improved modestly and the total revised revenue shortfall was reduced from \$11.1 million to \$9 million.

In addition to reducing departmental budgets, a hiring freeze, with limited exceptions, was in place the last eight months of the fiscal year. Positions were not filled when they became vacant due to resignations or retirements. Expenses were monitored closely and new disciplinary procedures regarding budgetary responsibility were imposed. All of these actions resulted in actual expenditures being \$10.1 million less than the original budget and \$6.9 million less than the budget as last approved mid-year. General government activities actually returned unused monies to the General Fund in the amount of \$7.2 million, based on the last mid-year budget. All General Fund agencies answered the call for budgetary responsibility by carefully controlling their expenses and returning funds.

Revenues continued to be very difficult to predict during this fiscal year as the economy remained sluggish. Revenues were \$6.3 million less than anticipated in the original budget and \$4.4 million more than the budget as last projected at mid-year, although there was a substantial increase in collections in the last month of the fiscal year. Gross receipts tax (local option and state shared), a major component of the City's operating revenue came in at \$4.6 million more than the last revised budget estimate and \$1.4 million less than the original budget. \$1.4 million in revenue was lost in interest earnings as interest rates remained at historic lows and cash balances declined. Revenues were weaker than budgeted in indirect overhead and CIP funded positions as personnel positions were reduced and government construction activity was less than originally anticipated. In contrast, revenues from permits and fees of \$12.3 million was higher than projected as a result of continued, unusual strength in the construction area, primarily new residential construction.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets for its governmental and business-type activities as of June 30, 2003, amounts to \$1.9 billion (net of accumulated depreciation). Capital assets include land, buildings, infrastructure, improvements other than buildings, and equipment. The total increase in the City's capital assets for the current fiscal year was \$62.7 million or 3.4%.

** restated - see note 23

Major capital asset events during the current fiscal year included the following:

- In *governmental activities*, infrastructure assets of \$18.2 million were added for roadways, storm sewers and bike trails. In addition, a totally renovated baseball stadium was completed for \$23.0 million, land was acquired for open space costing \$5.5 million, a new crime lab was completed for \$8.3 million, and replacement vehicles were acquired for the police (\$0.5 million). The construction work in progress decreased by \$42.7 primarily due to the completion of various construction projects while the other change in construction is a result of continuing facility development at the Balloon Fiesta Park, including the Balloon Park Museum, a major expansion of the Albuquerque Museum, and other facilities.
- In *business-type activities*, additions included water and sewer lines (\$24.4 million) and new transit vehicles (\$3.6 million). The construction work in progress increased by \$7.1 million.

More detailed information may be found in Note 8 of the accompanying financial statements.

Debt Administration

At the end of the current fiscal year, the City had total long-term obligations of \$952.8 million of which \$113.7 million is due within the next fiscal year. The total bonded debt (net of unamortized discounts, deferred amounts on refunding and including unamortized premiums) is \$800.4 million. The remaining debt is for loans, accrued vacation and sick leave pay, and claims payable.

During the fiscal year ended June 30, 2003 the City issued no bonds.

CAPITAL ASSETS AND DEBT ADMINISTRATION, continued

Debt Administration, continued

The ratio of net general obligation bonded debt to taxable valuation and the amount of bonded debt per capita are useful indicators to management, citizens and investors of the City's debt position. The State's Constitution provides for a legal debt limit of 4% of taxable valuation. The percentage for the City of Albuquerque is 1.5% of the \$7.6 billion taxable value of property within the City's boundaries. The City currently may issue up to an additional \$192 million of general obligation bonds. It has \$113 million of general obligation debt outstanding subject to the legal debt limit at June 30, 2003. The net general bonded debt per capita is \$171.61. The highest per capita amount in the last ten fiscal years was \$498.80 in the fiscal year ended June 30, 1994 and the lowest per capita amount was \$171.61 in the current fiscal year.

The City's ratings on uninsured general obligation bonds remained unchanged from the prior year and as of June 30, 2003 were:

Moody's Investors Service, Inc.	Aa3
Standard & Poor's Ratings Service	AA
Fitch , Inc.	AA

Since the close of the 2003 fiscal year, the City has issued \$100.0 million in general obligation bonds for the governmental activities. No revenue bonds have been issued for the business-type activities.

More detailed information may be found in Note 10 and Note 25 of the accompanying financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City's elected and appointed officials considered many factors when setting the fiscal year 2004 budget. Many of the revenues are influenced by the economy. The gross receipts tax revenue forecast particularly is highly influenced by economic conditions. The budget contemplates modest growth in gross receipts tax revenues over the prior year, reflecting slightly stronger economic conditions both nationally and locally.

Construction employment in the area has remained unusually high, particularly with respect to residential construction. The budget contemplates that these high levels will not be sustained throughout the year.

Charges for entry into some City venues and for certain City services are increased in the fiscal year 2004 budget.

Property tax revenues continue to grow as the economy expands, and one mill of taxing authority has been converted from capital to operations. A state imposed limitation on assessed value for residential properties is not expected to have a major fiscal impact in the near term.

Revenues for internal services continue to decline as the City reduces its direct provision of office services, building alternations, surveying and engineering inspections, all of which are available through the private sector.

The State of New Mexico enacted a large personal income tax rate reduction in the 2003 legislative session. A special legislative session called for in October, 2003, failed to address various tax reform proposals. The impact on cities and counties in the state is unknown, although the Governor has pledged that local governments will be held harmless with respect to their revenue streams should tax measures be enacted during the 2004 legislative session.

Also during the 2003 legislative session, legislation was enacted that transfers "all functions, appropriations, money, records, equipment and other real and personal property pertaining to the Albuquerque water and wastewater utility" to a newly created entity, the Albuquerque-Bernalillo Water Utility Authority. Existing debt shall become debt of the Authority, but the Authority shall not impair the rights of any bondholders of outstanding bonds. All contractual obligations of the existing proprietary activity shall be binding on the Authority. Although the legislation had an effective date of June 20, 2003, an audit by the Public Regulation Commission is a condition precedent to the transfer of money, assets and debts to the Authority. That audit is expected to be completed in the last quarter of calendar year 2003. Following the transfer, the Authority is charged with administering the water and wastewater utility, including the determination and imposition of rates for services. It is not possible at this time to forecast if the Authority will chose to administer the utility by itself, contract with the City to provide that service, or select some other alternative.

Source: November 2002 baseline forecasts. National source is Global Insight Inc.
Local variables from University of New Mexico Bureau of Business and Economic Research

The total General Fund appropriation for fiscal year 2004 is \$350.8 million before interfund eliminations and \$300.0 million after eliminations. The before elimination appropriation of \$14.3 million is a 4.3% increase over the original fiscal year 2003 budget.

The international, national, state and local economies seem to be stabilizing to a modest degree, and the City has not considered it necessary to revise the budget for fiscal year 2004, as opposed to prior years. However, based on recent history, the City continues, and will continue, to diligently monitor expenditures along with revenues so that it can respond quickly should changes be required.

BALANCE SHEET - GOVERNMENTAL FUNDS
June 30, 2003

Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Assets:

Total fund balance for governmental funds \$ 273,021,740

Total net assets reported for governmental activities in the statement of net assets is different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets at June 30, 2003 consist of:

Land	\$ 209,261,294	
Construction in progress	206,052,859	
Buildings	119,428,378	
Infrastructure	55,342,445	
Improvements	319,201,809	
Equipment	148,479,596	
Accumulated depreciation	<u>(312,007,978)</u>	
Total capital assets		745,758,403

Long-term obligations applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities are reported in the statement of net assets. Balances at June 30, 2003 are:

General Obligation bonds payable	(126,810,000)	
Sales tax revenue bonds and notes payable	(153,172,800)	
Special assessment debt with governmental commitment	(10,993,899)	
Unamortized bond issue costs	237,335	
Unamortized premiums and discounts	<u>14,099,258</u>	
Total bonds and notes payable, net of premiums, discounts and bond issue costs	(276,640,106)	
Accrued vacation and sick leave pay	(24,845,243)	
Accrued rebatable arbitrage payable reported as deferred credit	<u>(1,142,836)</u>	
		(302,628,185)

Internal service funds are used by the City to charge the cost of tort liability, workers compensation and employee health insurance to other individual funds. In addition, the cost of providing communications, fleet maintenance and supplies warehousing services are also charged. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. Internal service fund net assets (deficit) are: (6,799,351)

Some of the City's taxes will be collected after year-end and amounts due on real estate contracts are not available soon enough to pay for the current period's expenditures, and therefore are reported as deferred revenue in the funds. The amounts are:

Gross receipts tax	29,811,560	
Property taxes	3,650,997	
Other taxes	728,425	
Amounts due on real estate contracts	<u>2,618,564</u>	
		36,809,546

Interest earned on loans receivable are not available for collection and are not included in the governmental fund financial statements. However, the accrued interest is reported in the government-wide financial statements. 161,755

CITY OF ALBUQUERQUE, NEW MEXICO
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
GOVERNMENTAL FUNDS
For the year ended June 30, 2003

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance to the Statement of Net Activities:

Net change in fund balances - total governmental funds \$ (7,226,461)

The change in net assets reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay expenditures	\$ 79,458,785	
Depreciation expense	(24,412,532)	
Gain (loss) on disposition of capital assets	<u>934</u>	
		55,047,187

Bond proceeds, premiums, discounts and bond issue costs are reported as financing sources or uses in governmental funds and contribute to the change in fund balance. In the statement of net assets, however, issuing debt increases long-term obligations and does not affect the statement of activities. Repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net assets.

Principal repayments	44,763,499	
Amortization of premiums, discounts and bond issue costs	<u>(846,013)</u>	
Net adjustment		43,917,486

Internal service funds are used by the City to charge the cost of tort liability, workers compensation and employee health insurance to other individual funds. In addition, the cost of providing communications, fleet maintenance and supplies warehousing services are also charged. The net revenue (loss) of the internal service funds is reported with governmental activities.

1,675,232

Under the modified accrual basis of accounting used in the governmental funds, revenue is recognized when available to provide financing resources for the current period. Likewise, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, revenues and related receivable and expenses and related liabilities are reported regardless of when financial resources are available. This adjustment combines the net change of balances of the following:

Revenue:		
Gross receipts tax	2,005,396	
Property tax	1,611,209	
Other taxes	(28,501)	
Collections on real estate contracts, net of deferred gains	(1,205,943)	
Interest on loans receivable	46,094	
Expenses:		
Accrued vacation and sick leave pay	491,428	
Rebatable arbitrage	<u>839,371</u>	
Net adjustment		<u>3,759,054</u>

Change in net assets of governmental activities \$ 97,172,498

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
June 30, 2003

NOTE 1 THE FINANCIAL REPORTING ENTITY

The City of Albuquerque, New Mexico (City), was founded in 1706, chartered as a town in 1885, and organized under territorial law as a city in 1891. The City became a charter city in 1917, and the voters approved a home rule amendment to the charter in 1971. In 1974, the electorate voted to establish a mayor-council form of government; the City Council consists of nine council members elected from districts. As a governmental entity, the City is not subject to Federal or State income taxes.

The City provides traditional services such as public safety, culture and recreation, public works, highways and streets, water and sewer services, and refuse collection. In addition, the City operates parking facilities, a transit system, an international airport, corrections and detention facilities, and a housing authority.

The City of Albuquerque (the primary government) for financial reporting purposes consist of funds, departments, and programs for which the City is financially accountable. Criteria indicating financial accountability include, but are not limited to, the following:

1. (a) appointment by the City of a majority of voting members of the governing body of an organization, and
(b) ability of the City to impose its will on the daily operations of an organization such as the power to remove appointed members at will; to modify or approve budgets, rates or fees, or to make other substantive decisions; or
2. provision by the organization of specific financial benefits or burdens to the City; or
3. fiscal dependency by the organization on the City such as from the lack of authority to determine its budget or issue its own bonded debt without City approval.

Based on the foregoing criteria, the City does not have relationships with other organizations, not included herein, of such nature and significance that exclusion would render the City's financial statements incomplete or misleading.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Albuquerque have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The more significant of the government's accounting policies are described below.

A. Basis of Presentation

The financial transactions of the City are recorded in individual funds, each of which is considered a separate accounting entity. All financial transactions are reported in basic financial statements, as follows:

1. Government-wide Financial Statements:

The *statement of net assets* and the *statement of activities* display information about the primary government. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The net assets of the City are reported in three categories: 1) invested in capital assets, net of related debt; 2) restricted; and 3) unrestricted. Restricted net assets result from constraints placed on the use of net assets when externally imposed by creditors, grantors, laws and regulations of other governments and imposed by law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

The *statement of activities* presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Amounts reported as program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues. Indirect expense allocations that have been made in the funds are shown in a separate column and are not included in the expenses column. The allocation of indirect expenses is based on the relative usage by the function charged to all functions charged for services rendered by all central service activities of the general government such as Accounting, Information Services, Treasury, Budgeting, and other central services.

2. Fund Financial Statements:

The fund financial statements provide information about the City's funds, including its fiduciary funds. Separate statements for each fund category; governmental, proprietary, and fiduciary, are presented. The emphasis of fund financial statements is on major governmental and business-type (enterprise) funds, each displayed in a separate column. All remaining governmental and business-type (enterprise) funds are aggregated and reported as nonmajor funds.

Proprietary funds distinguish operating revenues and expenses from non-operating revenues and expenses. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues, such as charges for services, result from exchange transactions in which each party receives and gives up essentially equal values. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues or expenses. These include operating subsidies, investment earnings, interest expense, and transactions that result from nonexchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund. This fund is the City's primary operating fund and is used to account for the general operations of the City and for all financial resources except those required to be accounted for in another fund.

Corrections and Detention Fund. This fund accounts for the operations of the joint City/Bernalillo County Corrections and Detentions facilities.

General Obligations Bond Debt Service Fund. This fund accounts for the monies set aside for the payment of principal and interest of all general obligation bonds. The principal source of revenue is from property taxes.

Capital Acquisition Fund. This fund accounts for capital projects for which financing is provided by the sale of general obligation and revenue bonds, miscellaneous revenues and various grants.

The City reports the following major proprietary (enterprise) funds:

Airport Fund. This fund accounts for the operations of the Albuquerque International Sunport.

Joint Water and Sewer Fund. This fund accounts for the general operations of providing water and sewer services.

Refuse Disposal Fund. This fund accounts for the general operations of providing refuse removal services.

Housing Authority Fund. This fund accounts for the operations of the City's low income housing program. Financing is provided by rentals of housing units and grants from the U.S. Department of Housing and Urban Development.

The City reports the following fund types:

Special Revenue Funds. To account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Debt Service Funds. To account for the accumulation of resources for, and the payment of, general and special assessment long-term principal, interest, and related costs.

Capital Projects Funds. To account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.

Permanent Funds. These funds account for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support specific programs.

Internal Service Funds. These funds account for inventory warehousing and issues; worker's compensation, tort and other claims insurance coverage; vehicle maintenance and motor pool services; and communication services to City departments. In addition, these funds provide health insurance coverage to City employees.

Agency Funds. These funds account for monies held by the City in a custodial capacity on behalf of third parties or other agencies.

B. Measurement Focus, Basis of Accounting

1. Government-Wide, Proprietary and Fiduciary Fund Financial Statements

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include gross receipts and property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

All governmental and business-type activities of the City follow FASB Statements and interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

2. Governmental Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collectible within the current period or within one month following the year-end. Revenues not considered available are recorded as deferred revenues. Property taxes, gross receipts taxes, franchise taxes, licenses, and interest are considered susceptible to accrual. All other revenue items are considered to be measurable and available only when the City receives cash.

Expenditures are recorded when the related fund liability is incurred, except for a) principal and interest payments on general long-term debt which are recorded when amounts have been accumulated in the debt service funds for the current debt service payments on July 1 in the following year and b) vacation and sick leave pay, which are recognized as expenditures only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

C. Statement of Cash Flows

For purposes of the statement of cash flows, all pooled cash and investments (including restricted assets) of the City are considered to be cash equivalents although there are investments with a maturity in excess of three months when purchased because they have the characteristics of demand deposits for each individual fund. Non-pooled investments with original maturities of three months or more are deducted from cash, investments, and accrued interest and changes therein are reported as cash flows from investing activities.

D. Estimated Amounts Reported in Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

E. Cash, Investments, and Accrued Interest

A significant portion of the cash and investments of funds of the City is pooled for investment purposes. The pooled cash investment program of the City is operated under the provisions of City ordinance and a specific City investment policy. The policy states that the City shall invest cash balances over the anticipated amount needed to meet operating requirements. Investments are recorded at fair value. The balance reported for each participating fund as "Cash, Investments, and Accrued Interest" represents the equity of that fund in the pooled cash, investments, and accrued interest. Interest earnings on pooled investments are allocated to the participating funds based on average daily balances.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
June 30, 2003

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

E. Cash, Investments, and Accrued Interest, continued

The investment policy states that the City will not commit any funds invested in the pool to maturities longer than three years from the date of purchase, except investments held to meet legal reserve requirements on bond indebtedness. The maturity date of these investments will not exceed the final maturity date of the bond issue to which they are pledged. Funds are invested on the basis of a minimum of three bids and/or offers. Certificates of deposit are based on competitive rates for specified maturities.

All investments are valued at quoted market prices except for the investment in Special Assessments District bonds and in State of New Mexico Mortgage Finance Authority bonds which are computed at amortized cost approximating market value. The investment in the State of New Mexico local government investment pool is valued at \$1.00 per share. It is a pool that is not registered with the United States Securities Exchange Commission and the regulatory oversight for that pool rests with the State of New Mexico's Treasurer through the State Treasurer's Investment Committee. This pool is subject to the standards set forth in the State Treasurer's Local Government Investment Policy document incorporated in and made a part of the State Treasurer's Investment Policy document.

The following categories of investments are specifically authorized by the policy:

Repurchase Agreements - secured by collateral, which is delivered to a third-party safekeeping institution, with a market value equal to or greater than the value of the agreement.

U.S. Treasury Obligations - bills, notes, and bonds.

Obligations of Federal Agencies or Instrumentalities - interest bearing or discount form.

Municipal Bonds - rated in any of the three highest major rating categories by one or more nationally recognized rating agencies.

The following categories of deposits are specifically authorized by the policy:

Checking accounts - at insured financial institutions.

Certificates of Deposit - subject to restrictions set forth in the City's Fiscal Agent Ordinance (City policy requires a minimum of 50% security consisting of insurance and/or collateral).

F. Inventories of Supplies

Inventories of supplies are valued at average cost. Expenditures in governmental funds and expenses in proprietary funds are recorded as inventory items are consumed.

G. Land Held for Sale

Land held for sale, which consists primarily of approximately 4,477 acres located throughout the State of New Mexico obtained by trade with the federal government in July 1982, is part of the Acquisition and Management of Open Space Permanent Fund. Upon sale of these properties, a portion of the gain, if any, as defined in an agreement, is payable to a third party. Other land was obtained through foreclosure proceedings required by special assessment bond ordinances. The land for sale is valued at cost, which does not exceed market value.

For the City-wide financial statements, the City recognizes income on real estate transactions by recording the entire gross profit on sales that meet the requirements for the accrual method. Transactions which do not meet the requirements for the accrual method are recorded using the deposit method or installment method until such time as the requirements for the accrual method are met. Under the deposit method, cash received is recorded as a deposit. Under the installment method, the City records the entire contract price and the related costs at the time the transaction is recognized as a sale. Concurrently, the gross profit on the sale is deferred and is subsequently recognized as revenue as payments of principal are received on the related contract receivable. In the financial statements for the governmental funds, the City recognizes income from the sale of real estate when the principal on mortgage contracts are collected. At the time of the sale, the principal on the real estate contracts are recorded as deferred revenue.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

H. Capital Assets

Capital assets, which include land, buildings and improvements, machinery and equipment, and infrastructure assets, are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. Capital assets are defined as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. General infrastructure assets (roadways and related street and signal lights, storm sewers, bike trails, and bridges) acquired or constructed prior to July 1, 2001 have not been reported.

Capital outlay is recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the government-wide financial statements to the extent the City's capitalization threshold is met. Interest incurred during the construction phase of capital assets of the business-type activities is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Capital assets, which are financed by general obligation bonds (to be repaid solely from property tax levies) for use by a proprietary fund, are reported as construction in progress in the government-wide financial statements during construction. The asset, when placed in service, is transferred at historical cost to the proprietary fund as a capital contribution from the City. Construction costs of water and sewer lines that are reimbursed by users or that are financed directly or indirectly by developers and property owners are capitalized and recorded as capital contributions in the Joint Water and Sewer (Enterprise) Fund.

Buildings and improvements, infrastructure, and machinery and equipment are depreciated using the straight line method over the following estimated useful lives:

Buildings and improvements	15 - 50 years
Runways and other improvements	15 - 25 years
General infrastructure assets	30 years
Improvements other than buildings and runways	15 - 20 years
Machinery and equipment	3 - 13 years

I. Deferred Charges and Other Assets

Purchased water rights, acquired in 1963, are recorded at cost in the Joint Water and Sewer Fund and are being amortized using the straight-line method over one hundred years.

Land acquired in claim settlement is recorded at the lower of cost or appraised value. The appraised value reflects the impairment of the asset, which was caused by underground contamination that seeped from an adjacent inactive landfill maintained by the City.

Costs incurred in connection with the issuance of bonds are capitalized and are reported as deferred bond issuance costs. These costs are amortized over the remaining maturity period of the related bond issues under a method that approximates the level interest rate method.

J. Claims and Judgments

Liabilities for workers' compensation, tort and other claims as of June 30, 2002, were accrued based on actuarial estimates of the City's self-insurance programs. At June 30, 2003, liabilities were based on a case by case evaluation of the probable outcome of claims filed against the City, as well as an estimate of claims incurred but not reported. The long-term portion of the liability is discounted at 4.0% at June 30, 2003, and 5.5% for 2002, over the estimated payment period. Revenues consist primarily of charges to other funds, the amounts of which approximate the cost of claims and other risk management costs arising from the activities of those funds.

K. Accrued Vacation and Sick Leave Pay

City employees may accumulate limited amounts of vacation pay which are payable to the employee upon termination or retirement. For governmental funds, expenditures are recognized during the period in which vacation costs become payable from available, expendable resources. A liability for amounts earned but not payable from available, expendable resources is reported in the government-wide financial statements. For proprietary funds, vacation costs are recognized as a liability when incurred.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
June 30, 2003

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

K. Accrued Vacation and Sick Leave Pay, continued

City employees may also accumulate limited amounts of sick leave which are payable to the employee upon termination or retirement. For governmental funds, expenditures are recognized during the period in which sick leave costs become payable from available, expendable resources. A liability for vested amounts, due to employees meeting the termination or retirement requirements, but not payable from available, expendable resources is reported in the government-wide financial statements. For proprietary funds, accumulated sick leave pay is recognized when vested or taken whichever occurs first.

L. Deferred Revenue

The City defers revenue from nonexchange transactions. The amount deferred results from the difference between the receivable recognized on an accrual basis and the related revenue recognized on the modified accrual basis. The City also defers revenue on a water rights contract, rehabilitation loans, construction loans, economic development loans and special assessments. Revenue is recognized as the receivables are collected. In addition, deferred revenue includes moneys collected for food service and license fees, not yet earned.

M. Special Assessments

Special assessment receivables are recorded upon approval of the assessment roll by the City Council, and the related revenues, interest, and penalties are recognized when due. City participation revenues are recorded at the time of receipt.

N. Long-term Obligations

Long-term obligations used to finance proprietary fund capital acquisitions and payable from revenue of proprietary funds are recorded in the applicable proprietary fund. Long-term obligations of governmental funds payable from general revenues of the City and special assessment levies are reported in the government-wide financial statements.

O. Fund Balance Reserves and Designations

The City records reserves to indicate that a portion of fund balance is legally restricted for a specific future use or is not available for appropriation and/or expenditure. At June 30, 2003, fund balances were reserved for:

Encumbrances - the estimated amount of unperformed contracts and outstanding purchase orders that will be re-appropriated in the subsequent fiscal year.

Inventories of supplies - the amount of inventories on hand not available for appropriation.

Prepaid items - the amount reserved for operating costs paid in advance not available for appropriation.

Land held for resale - the amount of fund balance representing the cost of land held for resale and not available for appropriation and/or expenditure.

Advances to other funds - the amount of advances to other funds not available for appropriation and/or expenditure.

Acquisition and management of open space land - the fund balance of permanent funds legally restricted for this purpose.

Urban enhancement - the fund balance of permanent funds legally restricted for this purpose.

Operations - a portion of the fund balance of the General Fund restricted by the City Council from expenditure, except by specific appropriation, for the purpose of maintaining existing levels of government services to the public.

In addition to reserves, the City designates certain portions of unreserved fund balances or unrestricted net assets, disclosed in Note 2S, as follows:

Designated for unrealized gains on investments - the amount of unrealized gains on investments at fiscal year end that will not be available for expenditures until the related investments are sold.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
 June 30, 2003

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

P. Encumbrances

Encumbrances, outstanding at year end and that will be re-appropriated for the following fiscal year, are recorded as a reservation of fund balance and are not included in expenditures.

Q. Unbilled Revenues

Water, sewer, and refuse services are billed on a cycle basis; therefore, amounts for service provided but unbilled as of June 30, 2003 are not included in receivables or revenue of the enterprise funds. Such unbilled amounts are not material to the financial position and results of operations of the individual enterprise funds.

R. Interfund Transactions

Transactions that would be recorded as revenues, expenditures, or expenses if they involved organizations external to the City are similarly treated when involving other funds of the City. These transactions include charges for administrative services, building rental, risk management services, vehicle maintenance and motor pool services, inventory and office services, retirees' health care, and payments in lieu of taxes. Other authorized transfers between funds are recorded as operating transfers and are included in the determination of the results of operations in the governmental, proprietary, and fiduciary funds.

S. Budgets

Annual budgets for the General Fund, certain Special Revenue Funds, and certain Debt Service Funds are departmental appropriations by program, the level at which expenditures may not legally exceed appropriations. The annual budget approved by the City Council also includes proprietary funds. The budgetary data is prepared consistent with the basis of accounting described in Note 2B. As required by the home rule City charter, the annual budget is formulated by the Mayor and submitted to the City Council by April 1 for the fiscal year commencing July 1. When there is a proposal for a change in rates or fees, City ordinances provide that the Mayor shall submit the operating budget for the Solid Waste, Golf, Joint Water and Sewer, and Aviation enterprise funds to the City Council no later than March 1. Public hearings are conducted to obtain citizen comments on the proposed budget. By June 1, the budget is legally adopted through passage of an appropriation resolution by the City Council.

The Mayor has the authority to change individual program appropriations by the lesser of five percent of the original appropriation or \$100,000, provided that the total amount of appropriations for the fund as approved by the City Council does not change. Approved appropriations lapse at the end of the fiscal year to the extent that they have not been expended or encumbered except any appropriation continued by ordinance. During fiscal year 2003, several supplemental appropriations were necessary. Following are the programs with expenditures that exceeded their appropriations at the end of the fiscal year prior to any subsequent City Council action.

General Fund:		Corrections and Detention Fund:	
City wide financial support	\$ 43,866	Community custody	\$ 122,976
Early retirement	1,071,526	Correction and detention	440,845

Strategic support - Senior Affairs	4,733	Low income utility credit	3,525
Clean city action	50	Refuse Disposal Fund:	
		Payment for General Fund services	13,032

An annual budget, which is not legally adopted, for the City of Albuquerque Housing Authority is prepared in accordance with the Department of Housing and Urban Development regulations on an accrual basis and includes both operating and debt service activities as a single budget. The Special Assessments Debt Service Fund spending is controlled primarily through bond indenture provisions and the Capital Projects Funds do not have annual budgets.

NOTE 3 RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS, continued

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of net activities.

The net change in fund balances for governmental funds, (\$7,226,461), differs from the change in net assets for governmental activities, \$97,172,498, reported in the statement of activities. The differences arise primarily from the long-term economic focus in the statement of activities versus the current financial resources focus in the governmental funds. The differences (*in thousands*) are illustrated below:

NOTE 5 TAXES, ACCOUNTS AND NOTES RECEIVABLE

A. Taxes receivable

The taxes receivable at June 30, 2003 are from the following sources:

Gross receipts tax	\$52,861,814
Property tax	4,920,489
Franchise tax	2,139,856
Lodgers tax	659,294
Other taxes	<u>591,134</u>
Total	<u>\$61,172,587</u>

The property taxes above include a receivable of \$3,779,330 in the General Obligation Debt Service Fund, \$1,017,259 in the General Fund, and \$123,900 in the Metropolitan Redevelopment Fund.

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property located in the City as of the preceding January 1. The taxable valuations for the various classes of property are determined by the Bernalillo County Assessor and the State of New Mexico Department of Taxation and Revenue at one-third of assessed valuation. Property in the City for the fiscal year 2003 tax levy had a taxable value of \$7,623,843,160. The rate of taxes for operating purposes for all taxing jurisdictions is limited by the State Constitution to 20 mills (\$20 per \$1000 assessed valuation), of which the City's portion, by state regulation, is limited to 2.225 mills. The 2003 weighted average residential and non-residential City rate for both operations and debt service was 11.153 mills. Taxes are payable in two equal installments on November 10 and April 10 and become delinquent after 30 days.

* Concurrently, with the issuance of these bonds, the City entered into an interest rate exchange agreement in order to effectively fix the City's interest obligation on the Series 1995 bonds. In that agreement, the City is obligated to pay interest at the fixed interest rate of 6.685% per annum.

The Apartments Revenue Bonds are secured by pledges of net revenues of the apartments.

In July 2000, the City pursuant to a mortgage and indenture of trust issued the \$15,080,000 Affordable Housing Projects Refunding Revenue Bonds Series 2000 (Series 2000) to refund previously issued revenue bonds. The Series 2000 revenue bonds consist of debt issued by three City owned trusts; Beach, Bluewater Village and Manzano Vista Apartments. The debt constitutes a limited obligation of the City and is payable solely from the resources of these trusts. The respective facilities and the revenues derived from these facilities are pledged for the repayment of the bonds. The mortgage and indenture of trust contain significant requirements for annual debt service and use of project revenues and resources. Required funds include escrow and expense funds, a debt service fund, use of project reserve funds (debt service, retained earnings coverage and sinking fund installment accounts) and restricted property reserve funds (rehabilitation, renovation, repair and replacement accounts).

The Series 2000 bonds mature July 1, 2003 and bear a variable interest rate based upon similar tax free obligations (BMA index). At the option of the City, interest is paid on market rates for either daily, weekly, short term or long term interest rate periods. Based on interest rate periods, interest is paid no less than monthly or in the case of long term periods paid semi annually each July and January. At June 30, 2003 and 2002 interest was being paid monthly. The average interest rate on the Series 2000 bonds for the years ended June 30, 2003 and 2002 was 1.26% and 1.7% respectively. The weekly interest rate at June 30, 2003 and 2002 was .97% and 1.23% respectively.

The City has executed a standby bond purchase agreement (expires July 20, 2005) to provide a liquid facility for the potential repurchase of bonds at the option of the bond owner (at par) as allowed under the terms of the mortgage and indenture of trust. The City has contracted with a remarketing agent to resell bonds purchased pursuant to the standby bond purchase agreement.

Included in the outstanding Joint Water and Sewer Revenue Bonds are the June 1, 1990A issue, capital appreciation bonds with a par amount of \$32,580,000, net of original issue discount of \$22,588,290. No payment of principal or interest is due on these bonds until July 1, 2003. In accordance with the bond agreement, the payment for these bonds is not provided for in the current revenue rate structure; however, interest in the amount of \$15,014,430 has accreted as of June 30, 2003, and accordingly, the interest expense and related liability are included in the financial statements of the City. The accreted interest is included as a reduction of the unrestricted net assets.

Joint Water and Sewer Notes Payable and Loan Agreements

A Water Rights Contract with the United States Government was entered into by the City during the fiscal year ended June 30, 1963 to pay a portion of the construction, operation, and maintenance costs for the San Juan-Chama diversion project in return for a portion of the water rights resulting from the project.

Stadium Loans are secured by pledges of net revenues of the Albuquerque baseball stadium.

On October 4, 2002 the City entered into a Taxable Stadium Lease loan agreement with the New Mexico Finance Authority in the amount of \$6,000,000 with an average interest rate of 5.2%. Final payment is due on July 1, 2026. The balance due on June 30, 2003 was \$6,000,000.

On December 27, 2002 the City entered into a Taxable Surcharge loan agreement with the New Mexico Finance Authority in the amount of \$9,000,000 with an average interest rate of 4.2%. Final payment is due on July 1, 2026. The balance due on June 30, 2003 was \$9,000,000.

Both loans were used to finance reconstruction of the existing baseball stadium. See Note 22.

Housing Authority Debt. The U.S. Housing and Urban Development Department (HUD) guaranteed third party debt consisting of new Housing Authority (HA) revenue bonds and permanent notes payable to the Federal Financing Bank were issued to provide for the development and modernization of low rent housing units. These bonds and notes are payable by HUD and secured by annual contributions to the HA. HUD regulations state that the bonds and notes do not constitute a debt of the HA and, accordingly, these have not been reported in the accompanying financial statements. At June 30, 2003, the outstanding balance of the revenue bonds was \$1,065,000 with annual payments required through 2013 and the outstanding balance of the permanent notes was \$8,332,048 with annual payments required through 2017.

D. Arbitrage

Section 148 of the Internal Revenue Code provides generally that bonds issued by a municipality will be "arbitrage bonds", if any portion of the proceeds of the bonds are reasonably expected to be invested in obligations with a yield that is "materially higher" than the yield on the bonds. While municipalities are entitled to earn a certain amount of positive arbitrage during the period the bonds are outstanding, Section 148(f) generally requires that these earnings be paid to the Internal Revenue Service (IRS) at least every five years. As of June 30, 2003, the City has set aside an amount of \$1,142,836 in arbitrage interest due the IRS in connection with future filings and payments to the IRS. This amount is reported as a deferred credit in the statement of net assets.

NOTE 11 DEMAND BONDS

Included in long-term debt (Notes 10A and 10B) is \$139,255,000 of various demand bonds, the proceeds of which were used to (a) provide funds for certain capital improvements, (b) establish bond reserve funds in accordance with the trust agreements, (c) establish a construction period interest account, and (d) pay costs incurred to issue the bonds. The bonds are included in the summary of annual debt service requirements in Note 10C assuming retirement in accordance with the related mandatory sinking fund redemption requirements.

The holders of the bonds may demand payment at a price equal to principal plus accrued interest upon delivery to the City's remarketing agent. The remarketing agents are authorized to use their best efforts to sell the repurchased bonds at a price equal to 100% of the principal amount by adjusting the interest rate. If a remarketing agent is unable to resell any tendered bonds, the City has a non-cancelable "take out" agreement that would be exercised. The City is required to pay an annual fee for the "take out" agreements. The remarketing agent receives a fee for their services.

At June 30, 2003, no amounts were drawn on the "take out" agreements, which are as follows:

NOTE 12 REFUNDED BONDS

The City has refunded various bond issues by issuing refunding bonds, the proceeds of which have been placed in escrow and used to purchase securities of the United States Government and related agencies at various interest rates and maturities sufficient to meet all debt service requirements of the refunded debt. These assets are administered by trustees and are restricted to use for retirement of the refunded debt. The liability for the refunded bonds and the related securities and escrow accounts are not included in the accompanying general purpose financial statements as the City satisfied its obligation for payment of the refunded debt upon completion of the refunding transactions. Refunded debt outstanding at June 30, 2003, is as follows:

NOTE 13 CONDUIT BONDS

The City has acted from time to time as the issuer of conduit bonds, the proceeds of which have been immediately loaned to a private borrower. Such bonds are payable by the City only from amounts paid to the City by such conduit borrowers pursuant to a lease, loan or other agreement. The City has assigned its rights with respect to such bonds to various trustees which monitor amounts due by the borrowers and pay the principal and interest as due on such conduit bonds from the borrowers' payments. The City has no obligation to repay all or any portion of such bonds in the event the private borrowers fail to make their payments when due.

Industrial Revenue Bonds

As of June 30, 2003, there were seventy-four series of Industrial Revenue Bonds outstanding. The aggregate principal amount payable for the thirty-seven series issued after July 1, 1995, is \$1.2 billion. The aggregate principal amount payable for the thirty-seven series issued prior to July 1, 1995, could not be determined; however, the original amount issued totaled \$601.9 million.

Metropolitan Redevelopment Bonds

As of June 30, 2003, there were nine series of Metropolitan Redevelopment Bonds outstanding. The aggregate principal amount payable for the three series issued after July 1, 1995 is \$5.42 million. The aggregate principal amount for the six series issued prior to July 1, 1995, could not be determined; however, the original amount issued totaled \$24,875,000.

NOTE 14 DEFICIT FUND EQUITIES

Special Revenue Funds

The Community Development Fund at June 30, 2003 has a deficit unreserved fund balance of \$478,480 and the deficit total fund balance is \$478,480. The deficit results from expenditures made in anticipation of future revenue from sources other than grants.

Capital Projects Funds

While the total unreserved fund balance of the Capital Acquisition Fund is not in a deficit position, deficit unreserved fund balances for certain purposes result because capital expenditures and encumbrances are made prior to issuance of general obligation bonds. The resulting deficit fund balance of the Rio Grande Zoo purpose at June 30, 2003, is \$1,555,580.

While the total unreserved fund balance of the Quality of Life Fund is not in a deficit position, deficit unreserved fund balances for certain purposes result because capital expenditures and encumbrances are made in anticipation of additional revenues and transfers. The resulting deficit unreserved fund balance of the Quarter Cent Storm Drain purpose at June 30, 2003, was \$88,202 and the Rio Grande Bosque RR purpose was \$260, at June 30, 2003

Internal Service Funds

The deficit fund net assets of the Risk Management Fund decreased to \$12,651,150 at June 30, 2003 from the \$14,109,749 deficit fund net assets at June 30, 2002. The City has implemented a five year recovery plan that will reduce the deficit net assets beginning in the fiscal year ending June 30, 2003 by increasing charges to other funds.

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
June 30, 2003

NOTE 17 DEFINED BENEFIT PENSION PLAN

Substantially all of the City of Albuquerque's full-time employees participate in a defined benefit contributory retirement plan through the Public Employees' Retirement Association (PERA) of the State of New Mexico, a cost-sharing, multiple-employer public employee retirement plan. PERA provides retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. A publicly available financial report that includes financial statements and required supplementary financial information for PERA can be obtained by correspondence to Comptroller, Public Employees Retirement Association, P.O. Box 2123, Santa Fe, New Mexico, 87504-2123.

RETIREMENT ELIGIBILITY - An employee may retire when 25 or more years of service are attained at any age (20 years for Police and Fire) or under the following age options: age 60 with 20 or more years of service, age 61 with 17 or more years of service, age 62 with 14 or more years of service, age 63 with 11 or more years of service, age 64 with 8 or more years of service, or age 65 with 5 or more years of service.

RETIREMENT BENEFITS - An employee's retirement benefit is based on a formula which considers credit for years of service multiplied by a percentage factor and is then applied against the employee's average highest three-year salary. Retirement benefits are vested upon reaching five years of service. The plan also provides death and disability benefits. Benefits are established by State statute.

FUNDING POLICY - Covered employees are required by State statute to contribute a percentage of their gross salary; the City of Albuquerque is also required by State statute to contribute a certain percent depending on the type of plan. The following are the plans covered by the City, contribution requirements, and contributions actually made (in thousands of dollars) for the year ended June 30, 2003.

<u>Group Covered</u>	<u>Employee</u>		<u>Employer</u>	
	<u>Percent</u>	<u>Amount</u>	<u>Percent</u>	<u>Amount</u>
General - Management, Blue Collar and White Collar	3.29%	\$ 4,871	19.01%	\$ 28,172
General - Bus Drivers	13.15%	829	9.15%	577
General - Other	7.00%	156	7.00%	156
Police	16.30%	6,892	18.50%	7,822
Fire	15.20%	<u>4,284</u>	20.25%	<u>5,620</u>
		<u>\$ 17,032</u>		<u>\$ 42,347</u>

The total required contributions and amounts actually paid (in thousands of dollars) in prior years is as follows:

<u>Fiscal year ended June 30</u>	<u>Employee</u>	<u>Employer</u>
2002	\$17,168	\$43,344
2001	16,058	41,251

If a member's employment is terminated before the member is eligible for any other benefits under PERA, the member may receive a refund of the member's contribution and interest accrued based on rates established biannually by the retirement board.

The payroll for employees covered by PERA for the year ended June 30, 2003, was \$225,441,020; the total payroll for all employees of the City of Albuquerque was \$254,522,658.

NOTE 18 POST-EMPLOYMENT BENEFITS

In addition to providing pension benefits described in Note 17, the City provides certain health care and life insurance benefits for retired employees. Substantially all of the City's employees may become eligible for those benefits if they reach the normal retirement eligibility conditions while working for the City.

LIFE INSURANCE BENEFITS: Life insurance benefits authorized by the City's Merit System Ordinance and Personnel Rules and Regulations for eligible employees are reduced by 50%, not to exceed \$25,000, upon retirement. Life insurance benefits are paid through premiums to an insurance company under an indemnity plan. The insurance company has the right to adjust the premiums based on claims paid. Historically, the claims paid in any one year have not exceeded the premiums. The City recognizes the cost of providing the life insurance benefits by charging the insurance premiums to expenditures. The life insurance costs for the fiscal year ended June 30, 2003, were approximately \$139,605. The number of retired employees covered under the life insurance benefit was 2,974 at June 30, 2003, and the amount of life insurance coverage for these retired employees was \$53,694,400.

NOTE 18 POST-EMPLOYMENT BENEFITS, continued

RETIREE HEALTH CARE ACT CONTRIBUTIONS: The Retiree Health Care Act (Sec 10-7C-1 to 10-7C-16, NMSA 1978) provides comprehensive core group health insurance for persons who have retired from certain public service in New Mexico. The purpose is to provide eligible retirees, their spouses, dependents, and surviving spouses and dependents with health insurance consisting of a plan, or optional plans, of benefits that can be purchased by funds flowing into the Retiree Health Care Fund and by co-payments or out-of-pocket payments by eligible retirees.

Monies flow to the Retiree Health Care Fund on a pay-as-you-go basis from eligible employers and eligible retirees. Eligible employers are institutions of higher education, school districts, or other entities participating in the public school insurance authority and state agencies, state courts, magistrate courts, municipalities or counties, which are affiliated under or covered by the Education Retirement Act, the Magistrate Retirement Act, or the Public Employees Retirement Act.

Eligible retirees are those who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the Retiree Health Care Act on the person's behalf.

Each participating employer makes contributions to the fund in the amount of 1.3 percent of each participating employee's annual salary. Each participating employee contributes to the fund an employee contribution in an amount equal to 0.65 percent of the employee's annual salary. Each participating retiree pays a monthly premium.

Contributions from participating employers and participating employees become the property of the Retiree Health Care Fund and are not refundable under any circumstances, including termination of employment or termination of the participating employer's operation or participation in the Retiree Health Care Act. The employer, employee, and retiree contributions are required to be remitted to the Retiree Health Care Authority on a monthly basis.

The Retiree Health Care Authority issues a separate, publicly available audited financial report that includes post employment benefit expenditures of premiums and claims paid, participant contributions (employer, employee, and retiree), and net expenditures for the fiscal year. The report may be obtained by writing to the Retiree Health Care Authority, 810 W. San Mateo, Santa Fe, New Mexico 87501.

The City of Albuquerque remitted \$2,930,733 in employer contributions and \$1,465,367 in employee contributions in the fiscal year ended June 30, 2003.

NOTE 19 DEFERRED COMPENSATION

The City of Albuquerque offers its employees three deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans, available to all City employees, permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The City does not make matching contributions to these plans. All plans comply with the provisions of the Internal Revenue Code which provides that all assets and income of the plan shall be held in trust for the exclusive benefit of the participants and their beneficiaries.

NOTE 20 LANDFILL CLOSURE AND POSTCLOSURE CARE COST

Federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and post-closure care costs in the Refuse Disposal Fund (Enterprise) as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$1,306,429 reported as other liabilities payable from restricted assets at June 30, 2003, represents the cumulative amount reported to date based on the use of 14.8% of the estimated capacity of the Cerro Colorado and South Broadway Landfills. The City will recognize the remaining estimated cost of closure and post-closure care of \$6,941,400 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2003. The City expects to close the landfill in the year 2037. Actual cost may be higher due to inflation, change in technology, or change in regulations.

The City has set aside \$1,623,275 for future post-closure costs. This amount is reported as a restricted asset on the balance sheet. The City expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate, or additional post-closure care requirements are determined (due to change in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users or from future tax revenue.

NOTE 21 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts and civil rights (including law enforcement and employment related exposures); theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City uses the Risk Management Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Risk Management Fund provides coverage for up to a maximum of \$500,000 for each worker's compensation incident, \$1,050,000 for each tort liability claim, and \$50,000 for each City real and contents damage claim. With the exception of the Corrections and Detention Center, the Risk Management Fund provides unlimited coverage for civil rights claims. The coverage on the Corrections and Detention Center was provided by private insurance with a limit of \$1,000,000 per occurrence subject to a maximum of \$2,000,000 with a \$100,000 deductible on each claim. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. Effective July 1, 2003, there will be unlimited coverage for these claims.

The Risk Management Fund tracks claims on a fund by fund basis and assesses charges to each fund based on historical claims experience, and to establish a reserve for catastrophic losses. That reserve was \$1,000,000 at June 30, 2003, and is included in the unrestricted net assets (deficit) of the Risk Management Fund. The claims liabilities reported in the Risk Management Fund are based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The amounts and change in the Fund's claims liability is reported in Note 10 – Long-term Obligations.

NOTE 22 NEW FUNDS

Apartments Fund

The City created this fund to report the assets, liabilities and net assets of its City-owned apartments. These apartments are provided for low income persons. For the fiscal year ended June 30, 2003, the operating revenue was \$3.1 million while the operating expenses was \$2.8 million. The non-operating revenues (expenses) was a net expense of \$.2 million. Refer to Note 23 for more information.

False Alarm Enforcement and Education Fund

This fund was established to account for fees and fines collected under the newly revised Albuquerque Alarm System Ordinance (Enactment 8-2003). The purpose of the ordinance is to establish criteria governing the installation, use and maintenance of Alarm Systems within the City in order to reduce or eliminate the false alarms that consume public safety resources. The revenue collected from May 1st through June 30, 2003 was \$276 thousand and will be used to fund the costs of enforcing this ordinance and to fund the purchase of equipment.

Stadium Fund

This fund was established to account for the operation and maintenance of the renovated baseball stadium for the local AAA baseball team. The City has entered into a twenty year lease contract with the Albuquerque Baseball Club, LLC.

The renovated baseball stadium was constructed using a combination of funding from General Obligation Taxable Baseball Bonds of \$10.0 million and two loans from the New Mexico Finance Authority totaling \$15.0 million. The General Obligation bonds are being re-paid from the G.O. Debt Service Fund using property taxes as its source of revenue.

The \$23.1 million cost of renovating the stadium was recorded in the Capital Acquisition Fund. Upon completion, the cost of the stadium was transferred to the Stadium Fund and is reported as a capital asset. The capital contribution of \$8.9 million results from the contribution of the \$23.1 million renovation cost plus other ancillary costs that was offset by the assumption of the \$15.0 million in loans. These loans will be repaid from the net earnings of this fund.

For fiscal year ended June 30, 2003, the fund reported total revenues of \$705 thousand and expenses of \$640 thousand including \$518 thousand in depreciation expense. The fund also incurred debt service expenses of \$510 thousand resulting in a negative change in net assets of \$430 thousand before the capital contribution noted above.

NOTE 23 RESTATEMENT OF PRIOR PERIOD FUND BALANCES OR NET ASSETS

The Open Space Permanent Fund was restated to report the fund under the current financial resources measurement focus and on the modified accrual basis. The change resulted in a reduction of the reported fund balance by \$3,824,507. In addition, the reported deferred revenue was increased by \$3,824,507. The beginning fund balance reported in the Statement of Revenue, Expenditures, and Changes in Fund Balance - Governmental Funds (Exhibit A-4) has also been reduced by the same amount. However, since the City-Wide Statement of Net Assets (Exhibit A-1) is reported on a full economic resources measurement focus and on the full accrual basis, no change is required in the reported net assets of the City.

The City has determined that the City-owned apartments, previously reported only in trusts, should also be reported in the City's financial statements. Accordingly, the apartments are now being reported in the Apartments Fund. As a result, the beginning net assets as reported in the Statement of Revenues, Expenses, and Changes in Net Assets - Proprietary Funds (Exhibit A-8) has been increased by \$5,432,548. In addition, the beginning net assets as reported in the City-wide Statement of Activities (Exhibit A-2) has been increased by the same amount. Refer to Note 22 for more information.

The City has determined that the receivable and revenue of a grant in the Operating Grants fund had been understated by \$466,711. Accordingly, the beginning fund balance reported in the Statement of Revenue, Expenditures, and Changes in Fund Balance - Governmental Funds (Exhibit A-4) and the beginning net assets as reported in the City-wide Statement of Activities (Exhibit A-2) has been increased by that amount.

NOTE 24 COMMITMENTS AND CONTINGENT LIABILITIES

Encumbrances for purchase orders, contracts, and other commitments for expenditures are recorded in memorandum accounts of the City's governmental funds. Encumbrances lapse for budgetary purposes at the end of each fiscal year and the subsequent year's appropriations provide authority to complete these transactions. Accordingly, no reservation of fund balance has been created except in limited instances. These typically are for property purchases and will be re-appropriated in the ensuing year. Encumbrances that are outstanding, but not re-appropriated, are a commitment of the City and the outstanding amount is reported in the table below.

Government activities:

Major Funds:	
General Fund	\$ 629,026
Corrections Fund	151,138
Capital Acquisition Fund	33,335,977
Nonmajor Government Funds	23,167,746
Internal Service Funds	<u>547,771</u>
Total Government Funds	<u>\$ 57,831,658</u>

In addition, the business-type funds have uncompleted construction and other commitments that will be paid from assets restricted for construction, improvements and replacements or from operating revenues:

Business-type activities:

Major Funds:	
Aviation Fund	\$ 13,214,996
Joint Water and Sewer Fund	33,901,258
Refuse Disposal Fund	6,726,452
Housing Authority Fund	54,725
Nonmajor Business-type Funds	<u>6,503,729</u>
Total Business Funds	<u>\$ 60,401,160</u>

The City has various lease commitments for real property. The lease commitments are for one to three years, with most leases being for two years. About half of the leases have renewal options; the others do not. Lease expenses of \$1,380,516 were incurred for the year ended June 30, 2003. Lease commitments for future years are as follows:

2004	\$767,423
2005	659,816
2006	366,570
2007	268,273

CITY OF ALBUQUERQUE, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS

NOTE 24 COMMITMENTS AND CONTINGENT LIABILITIES, continued

On March 2, 2002, the City entered into a long-term lease agreement with a lessee, who will manage a parking structure in the downtown area of the City. The lease is for a twenty year period. Lessee is to pay monthly a minimum rental fee that ranges from \$120,578 in the first lease year to \$562,599 per year beginning in the sixteenth year for the remaining term of the lease. As part of that lease, the lessee has the option to delay payment of up to six month's rent in any lease year. Interest will accrue for these delayed payments. The lessee is required to pay the deficiency for any lease month within thirty six months. No rental payments have been received by the City as of June 30, 2003. Lessee is required to maintain the parking structure in good condition. At the end of the lease term, the lessee will purchase the parking structure for the price of \$11,251,926 plus all interest accrued on basic rent deficiencies plus all additional rents due as stipulated in the contract to cover certain costs including credit enhancement expenses and fiscal agent fees with respect to a bond issue used for the acquisition of the parking structure by the City. Furthermore, lessee has an option to purchase the parking structure beginning after the tenth anniversary of the lease. That purchase price is the sum of all of the minimum rents due through the date of option exercise plus all of the amounts due in a similar manner required for the purchase at the end of the twenty year period.

The City has incurred but has not recorded liabilities and expenditures in the amount of \$128 thousand in connection with natural gas purchases from Enron Energy Services, Inc. (Enron) that has filed Chapter 11 Bankruptcy proceedings. As part of the Natural Gas Sales Agreement, Enron furnished a Supply/Performance Bond to the City. As a result of Enron's bankruptcy, the City incurred an additional \$360 thousand in costs of acquiring natural gas. The City has filed Lawsuit against the Liberty Mutual Insurance Company (Liberty) under the performance bond petitioning the court to render judgment in favor of the City for Liberty to pay the City \$360 thousand reduced by the \$128 thousand due on the final billing from Enron.

In the normal course of business, the City is subject to certain contingent liabilities and unasserted claims. These contingencies are evaluated in light of their probability of being asserted and the estimability of the claims. Those claims that are probable and estimable have been accrued in the accompanying financial statements. Claims that are possible and/or not estimable are disclosed herein. Remote claims are monitored until such time as they are resolved, disclosed, or accrued. Except as discussed in the following paragraphs, it is the opinion of City management that the ultimate resolution of other litigation will not have a material effect on the financial position of the City.

The City has reached a settlement with the Isleta Pueblo and the Environmental Protection Agency (EPA) granting the City a permit to operate the Wastewater Treatment Plant. This settlement obligates the City to spend between \$50 and \$60 million for capital outlay costs necessary to modify the Treatment Plant to meet the water quality standards agreed upon. On November 21, 1994, the City Council approved an increase in water rates, part of which is to be used for these capital outlay costs. The City could face additional costs of \$180 to \$190 million if the suit regarding water quality standards currently on appeal in the Tenth Circuit Court is not decided in favor of the City.

The City is a defendant in a legal proceeding that does not fall under the New Mexico Tort Claims Act; this legal proceeding alleges that certain time incurred by some of the City of Albuquerque's police officers is subject to overtime compensation. The ultimate outcome of these legal proceedings cannot presently be determined. Accordingly, no provision for any additional liability that may result upon the ultimate outcome has been recognized in the accompanying general purpose financial statements and schedules.

The City is a defendant in a legal proceeding arising from the City's condemnation of property east of the Four Hills Subdivision. The property taken by the City is located between Four Hills and the property owned by claimants. As part of the condemnation, the claimants allege that the City had denied them access to their property from April, 1988 until February, 2002. The claimants seek approximately \$20 million in damages. The claim is being vigorously defended, and the City expects that the award for damages will be significantly lower.

The City is a defendant in a legal proceeding arising from another condemnation of property by the City. The condemnation of property for the Westside Transit facility near the I-40 / Unser boulevard interchange was completed with the owner of the property. However, the owner of a billboard, with a lease that was vacated during the condemnation on that property, is seeking approximately one million dollars for the loss of income over the remaining thirty years of the lease. A portion of any damage claim will be covered by the Federal Transportation Agency. The City is vigorously defending its position of the claim and expects the award to the claimant to be significantly lower than the alleged damage to the owner.

The City has received a number of Federal and State grants for specific purposes. These grants are subject to audit that may result in requests for reimbursements to granting agencies for expenditures disallowed under the terms of the grants. Based on prior experience, City management believes that such disallowances, if any, will not be material.

NOTE 25 SUBSEQUENT EVENTS

City election - October 28, 2003:

The City's voters authorized the issuance of general obligation bonds for the following purposes:

Parks and Recreation	\$ 32,548,197
Public Facilities, Equipment and System Modernization	14,247,984
Zoo, Biological Park and Museum	12,758,384
Storm Sewer System	11,576,370
Senior, Family and Community Center	9,505,926
Police	8,585,360
Public Transportation	6,443,100
Fire Protection	6,039,565
Library	<u>3,756,081</u>
	<u>\$ 105,460,967</u>

The City's voters failed to authorize the issuance of general obligation bonds for Streets of \$52,377,493. The City's voters also authorized the imposition of a one-quarter of one percent public safety gross receipts tax, which shall be dedicated to public safety.

Bond issues:

On July 11, 2003, the City issued \$8,750,000 of General Obligation Equipment Bonds, Series 2003A. The proceeds of the Series 2003A bonds will be used to purchase equipment for fire, police, library, transit and street improvements.

On July 11, 2003, the City issued \$81,805,000 of General Obligation General Purpose Bonds, Series 2003B. The proceeds of the Series 2003B bonds will be used for fire and police protection, citizens' centers, parks and recreational facilities, libraries, museums, transit facilities and street improvements.

Also on July 11, 2003, the City issued \$9,440,000 of General Obligation Storm Sewer Bonds, Series 2003C. The Series 2003C bonds will be used to finance storm sewer improvements.

During the 2003 legislative session, legislation was enacted that transfers "all functions, appropriations, money, records, equipment and other real and personal property pertaining to the Albuquerque water and wastewater utility" to a newly created entity, the Albuquerque-Bernalillo Water Utility Authority. Existing debt shall become debt of the Authority, but the Authority shall not impair the rights of any bondholders of outstanding bonds. All contractual obligations of the existing proprietary activity shall be binding on the Authority. Although the legislation had an effective date of June 20, 2003, an audit by the Public Regulation Commission is a condition precedent to the transfer of money, assets and debts to the Authority. That audit is expected to be completed in the last quarter of calendar year 2003. Following the transfer, the Authority is charged with administering the water and wastewater utility, including the determination and imposition of rates for services. It is not possible at this time to forecast if the Authority will chose to administer the utility by itself, contract with the City to provide that service, or select some other alternative.

The City has been selected to undergo an audit by the New Mexico Taxation and Revenue Department. The audit will be a review of the City's reporting on the Gross Receipts and Compensating Tax programs. The fieldwork phase has not yet begun so there is no estimate of liability.

APPENDIX B

Description of Bond Ordinance

The following are excerpts or summaries of provisions of City Ordinance Sixteenth Council Bill No. F/S O-04-33 which authorizes the issuance and sale of the Series 2004 Bonds. This Appendix B is qualified by reference to the Bond Ordinance on file with the City Clerk.

Certain Definitions

- (6) \$1,214,000 to design, develop, construct, rehabilitate, renovate, study, enhance and otherwise improve, and to acquire land, vehicles and equipment for, public transportation facilities; and
- (7) \$7,750,000 to design, develop, construct, rehabilitate, renovate, repair, refurbish, expand, enhance and otherwise improve, and to acquire exhibits, furniture and equipment for, the municipal zoo, botanic garden, aquarium and museums.

Payment of Series 2004 Bonds

The principal of and premium, if any, on the Series 2004 Bonds shall be payable upon presentation and surrender of the Series 2004 Bonds at the principal office of the Paying Agent at or after their maturity. Interest on Series 2004 Bonds shall be payable by check or draft mailed to the Owners (or by such other arrangement as may be mutually agreed to by the Paying Agent and an Owner). An Owner shall be deemed to be that person or entity shown on the registration books for the Series 2004 Bonds maintained by the Registrar at the address appearing in the registration books at the close of business on the applicable Record Date. However, interest which is not timely paid or provided for shall cease to be payable to the Owners of the Series 2004 Bonds (or of one or more predecessor Series 2004 Bonds) as of the regular Record Date, but shall be payable to the Owners of those Series 2004 Bonds (or of one or more predecessor Series 2004 Bonds) at the close of business on a special record date for the payment of the overdue interest. The special record date shall be fixed by the Paying Agent and Registrar whenever money becomes available for payment of the overdue interest and notice of the special record date shall be given to the Owners of such Series 2004 Bonds not less than ten days prior to that date. Payment shall be made in the coin or currency of the United States of America that is at the time of payment legal tender for the payment of public and private debts. If the principal amount of any Series 2004 Bond presented for payment remains unpaid at maturity, the unpaid principal shall continue to bear interest at the rate designated in that Series 2004 Bond. Payments of Series 2004 Bonds shall be made without deduction for exchange or collection charges.

Registration, Transfer, Exchange and Ownership of Series 2004 Bonds

Registration, Transfer and Exchange

The City shall cause books for registration, transfer and exchange of the Series 2004 Bonds to be kept at the principal office of the Registrar. Upon surrender for transfer or exchange of any Series 2004 Bonds at the principal office of the Registrar duly endorsed by the Owner or his attorney duly authorized in writing, or accompanied by a written instrument or instruments of transfer or exchange in form satisfactory to the Registrar and property executed, the City shall execute and the Registrar shall authenticate and deliver in the name of the transferee or Owner, as appropriate, a new Series 2004 Bond or Series 2004 Bonds of the same series, maturity, interest rate and same aggregate principal amount in Authorized Denominations.

Owner of Series 2004 Bonds

The person in whose name any Series 2004 Bond is registered shall be deemed and regarded as its absolute Owner for all purposes, except as may otherwise be provided with respect to the payment above entitled Payment of Series 2004 Bonds. Payment of either the principal of or interest on any Series 2004 Bond shall be made only to or upon the order of its Owner or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability on Series 2004 Bonds to the extent of the amount paid.

Replacement of Series 2004 Bonds

If any Series 2004 Bond is lost, stolen, destroyed or mutilated, the Registrar shall, upon receipt of that Series 2004 Bond, if mutilated, and the evidence, information or indemnity which the Registrar and the City may reasonably require, authenticate and deliver a replacement Series 2004 Bond or Series 2004 Bonds of the same series, aggregate principal amount, maturity and interest rate, bearing a number or numbers not then outstanding. If any lost, stolen, destroyed or mutilated Series 2004 Bond has matured or been called for redemption, the Registrar may direct the Paying Agent to pay that Series 2004 Bond in lieu of replacement.

Charges

Exchanges and transfers of Series 2004 Bonds shall be made without charge to the Owner or any transferee except that the Registrar may make a charge sufficient to reimburse the Registrar for any tax, fee or other governmental charge required to be paid with respect to that transfer or exchange.

Book Accounts

The Series 2004 Bonds will be credited as follows: \$4,315,000 for fire protection; \$6,897,000 for police protection; \$5,204,000 for parks and recreational facilities; \$8,920,000 for facilities and equipment; \$1,500,000 for public libraries; \$1,214,000 for transit facilities and \$7,750,000 for the zoo, biological park and museums.

General Administration of Funds

To the extent practicable, any money in any fund or account shall be invested in Permitted Investments within any limitations imposed by the Bond Ordinance. Obligations purchased as an investment of money in any fund or account shall be deemed at all times to be part of that fund or account, and the interest accruing and any profit realized on those investments shall be credited to that fund or account, unless otherwise stated in the Bond Ordinance (subject to withdrawal at any time for the uses directed and permitted for such money by the Bond Ordinance) and any loss resulting from such investment shall be charged to that fund or account. The City Treasurer shall present for redemption or sale on the prevailing market any Permitted Investment in a fund or account when necessary to provide money to meet a required payment or transfer from that fund or account.

Protective Covenants

The City covenants and agrees with the Owners:

- (1) Use of Series 2004 Bond Proceeds. When issued, the City will proceed without unreasonable delay to use the proceeds of the Series 2004 Bonds for the acquisition and construction of the respective Series 2004 Bonds Projects for which the Series 2004 Bonds are issued in the amounts described under the caption “DESCRIPTION OF BOND ORDINANCE – Series 2004 Bonds Projects.”
- (2) Payments. The City will pay the principal of and the interest on every Series 2004 Bond at the place, on the date and in the manner described under the caption “DESCRIPTION OF BOND ORDINANCE – Payment of Series 2004 Bonds” and “The Series 2004 Bonds”.
- (3) City’s Existence. The City will maintain its corporate identity and existence so long as any of the Series 2004 Bonds remain outstanding, unless another political subdivision by operation of law succeeds to the liabilities and rights of the City, without adversely affecting to any substantial degree the privileges and rights of any Owner. The City may annex and de-annex land.
- (4) Continuing Disclosure. The City will execute, deliver and comply with the Continuing Disclosure Undertaking for the benefit of the Purchaser.

Series 2004 Bonds Not Presented When Due

If any Series 2004 Bonds are not duly presented for payment when due at maturity and if money sufficient to pay those Series 2004 Bonds is on deposit with the Paying Agent for the benefit of the Owners of those Series 2004 Bonds, all liability of the City to those owners for the payment of the Series 2004 Bonds shall be completely discharged, those Series 2004 Bonds shall not be deemed to be Outstanding and it shall be the duty of the Paying Agent to segregate and to hold the money received for payment in trust, without liability for interest to the Owners, for the benefit of those Owners.

Amendment of Bond Ordinance

Amendment

The Bond Ordinance may be amended by resolution or ordinance of the City Council without the consent of the Owners:

- (1) To cure any ambiguity, or to cure, correct or supplement any defect or inconsistent provision contained in the Bond Ordinance;
- (2) To grant to the Owners any additional rights, remedies, powers or authority that may lawfully be granted to them;
- (3) To obtain or maintain a rating on the Series 2004 Bonds from any rating agency which amendment, in the judgment of Bond Counsel, does not materially adversely affect the Owners;
- (4) To achieve compliance with federal securities or tax laws; and
- (5) To make any other changes in the Bond Ordinance which, in the opinion of Bond Counsel, is not materially adverse to the Owners.

Additional Amendments

Except as provided above, the Bond Ordinance may only be amended or supplemented by ordinance adopted by the City Council in accordance with the laws of the State, without receipt by the City of any additional consideration, but with the written consent of the Owners of a majority of the principal amount of the Series 2004 Bonds affected by such amendment or supplement then Outstanding (not including Series 2004 Bonds which are then owned by or for the account of the City); provided, however, that no such ordinances shall be the effect of permitting:

- (1) An extension of the maturity of any Series 2004 Bond; or
- (2) A reduction in the principal amount of or interest rate on any Series 2004 Bond;
or
- (3) A reduction of the principal amount of Series 2004 Bonds required for consent to such amendment or supplement.

Defeasance

When all principal and interest in connection with all or any part of the Series 2004 Bonds have been paid or provided for, the pledge and lien and all obligations under the Bond Ordinance with respect to those Series 2004 Bonds shall be discharged and those Series 2004 Bonds shall no longer be deemed to be outstanding within the meaning of the Bond Ordinance.

Without limiting the preceding paragraph, there shall be deemed to be such payment when the City Council has caused to be placed in escrow and in trust with an escrow agent located within or without the State and exercising trust powers, an amount sufficient (including the known minimum yield from Defeasance Obligations in which such amount may be initially invested) to pay all requirements of principal and interest on the Series 2004 Bonds to be defeased as the same become due to their final maturities. The escrow agent shall have received evidence satisfactory to it that the cash and Defeasance Obligations delivered will be sufficient to provide for the payment of the Series 2004 Bonds to be defeased as stated above. Neither the Defeased Obligations nor money deposited with the escrow agent shall be withdrawn or used for any purpose other than as provided in the escrow agreement relating thereto and the Defeasance Obligations and money shall be segregated and held in trust for the payment of the principal or redemption price of, and interest on the Series 2004 Bonds with respect to which such deposit has been made. The Defeasance Obligations shall become due prior to the respective times at which the proceeds are needed in accordance with a schedule established and agreed upon between the City and the escrow agent at the time of the creation of the escrow, or the Defeasance Obligations shall be subject to redemption only at the option of the holders or owners thereof to assure the availability of the proceeds as needed to meet the schedule.

If any Series 2004 Bonds are deemed to be paid and discharged pursuant to this section entitled "Defeasance," then, within 15 days after the date of defeasance, the City shall cause a written notice to be given to each Owner of Series 2004 Bonds deemed paid and discharged at the address shown on the Series 2004 Bond register for the Series 2004 Bonds on the date on which those Series 2004 Bonds are deemed paid and discharged stating the numbers of the Series 2004 Bonds deemed paid and discharged (if less than all Series 2004 Bonds are deemed paid and discharged), describing the Defeasance Obligations and specifying any date or dates on which the Series 2004 Bonds defeased are to be paid.

APPENDIX C

Form of Opinion of Bond Counsel

June 24, 2004

City of Albuquerque
Albuquerque, New Mexico

Ladies and Gentlemen:

We have acted as bond counsel in connection with the issuance by the City of Albuquerque (the "City"), State of New Mexico of its \$30,000,000 Short Term General Purpose Taxable General Obligation Bonds, Series 2004A and its \$5,800,000 General Purpose Taxable General Obligation Bonds, Series 2004B (collectively, the "Bonds"). The Bonds are authorized to be issued pursuant to City Ordinance Sixteenth Council Bill No. F/S O-04-33 ("Bond Legislation").

We have examined the Bond Legislation and such other laws and certified proceedings and other documents and matters, and have made such further inquiries and investigations, as we have considered necessary in rendering this opinion.

Based upon the foregoing, in our opinion, under the existing law:

1. The Bonds are valid and binding general obligations of the City.
2. Principal of and interest on the Bonds, unless paid from other sources, are payable from the proceeds of the levy of general (ad valorem) taxes on all property within the City subject to ad valorem taxes levied by the City, which taxes are unlimited as to rate or amount.

The rights of the holders of the Bonds and the enforceability thereof are subject to the provisions of the bankruptcy laws of the United States of America and other applicable bankruptcy, insolvency, reorganization and moratorium or similar laws relating to or affecting creditors' rights now or hereafter in effect, and their enforcement may be subject to the exercise of judicial discretion and to general equity principles.

The scope of our engagement has not extended beyond the examinations and the rendering of the opinions expressed herein, and we are not passing upon the accuracy or completeness of any information furnished to any person in connection with the offer or sale of the Bonds. The opinions expressed herein are based on existing law as of the date hereof and we express no opinion herein as of any subsequent date or with respect to any pending legislation or as to any other matters.

Other than as described in this opinion, we have not addressed nor are we opining on the tax consequences to any person of the investment in, or the receipt of interest on, the Bonds.

Very truly yours,

BROWNSTEIN, HYATT & FARBER, P.C.

Taxable General Obligation Bonds

\$30,000,000

Short Term Taxable Series 2004A

\$5,800,000

Taxable Series 2004B

CONTINUING DISCLOSURE UNDERTAKING

This Continuing Disclosure Undertaking (the “Disclosure Undertaking”) is executed and delivered by the CITY OF ALBUQUERQUE, NEW MEXICO (the “City”) in connection with the issuance of the City's \$30,000,000 Short Term General Purpose Taxable General Obligation Bonds, Series 2004A and \$5,800,000 General Purpose Taxable General Obligation Bonds, Series 2004B (the “Series 2004 Bonds”). The Series 2004 Bonds are being issued pursuant to City Ordinance Sixteenth Council Bill No. F/S O-04-33 (the “Bond Legislation”).

The City covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Undertaking. This Disclosure Undertaking is being executed and delivered by the City for the benefit of the Owners of the Series 2004 Bonds and in order to allow the Participating Underwriters (as defined by Rule 15c2-12) to comply with Rule 15c2-12.

SECTION 2. Definitions. In addition to the definitions set forth in the Bond Legislation, which apply to any capitalized term used in this Disclosure Undertaking unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Financial Information” means the financial information or operating data with respect to the City, delivered at least annually pursuant to Section 3 hereof of the type set forth in the Official Statement, including but not limited to, the type of financial information and operating data with respect to the City set forth in “FINANCIAL INFORMATION.”

“Audited Financial Statements” means the annual financial statements for the City, prepared in accordance with generally accepted accounting principles consistently applied, as in effect from time to time, audited by a firm of certified public accountants.

“Events” means any of the events listed in Section 4(a) of this Disclosure Undertaking.

“Fiscal Year” means the Fiscal Year of the City, ending June 30.

“MRSB” means the Municipal Securities Rulemaking Board. The current address of the MRSB is 1900 Duke Street, Suite 600, Alexandria, Virginia 22314; fax 703-683-1930.

“National Repository” means any Nationally Recognized Municipal Securities Information Repository recognized by the SEC from time to time, for purposes of Rule 15c2-12. As of the date hereof, the following are National Repositories:

Bloomberg Municipal Repository, Skillman, NJ
DPC Data Inc., Fort Lee, NJ
FT Interactive Data, New York, NY
Standard & Poor's, Securities Evaluation, Inc., New York, NY

“Official Statement” means the final Official Statement delivered in connection with the original issue and sale of the Series 2004 Bonds.

“Owners” means the registered owners of the Series 2004 Bonds, and so long as the Series 2004 Bonds are subject to the book-entry system, any Beneficial Owner, as such term is defined in the Bond Legislation.

“Repository” shall mean each National Repository and the State Repository.

“Rule 15c2-12” shall mean Rule 15c2-12 adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“SEC” means the Securities and Exchange Commission.

“State Repository” shall mean any public or private repository or entity designated by the State of New Mexico as a state repository for the purpose of the Rule. As of the date hereof, there is no State Repository for the State of New Mexico.

SECTION 3. Provision of Annual Information.

(a) Annually while the Series 2004 Bonds remain outstanding, the City shall provide or cause to be provided to each Repository Annual Financial Information and Audited Financial Statements.

(b) Annual Financial Information shall be provided by the City not later than 270 days after the end of each Fiscal Year. The Audited Financial Statements will be provided when available but in no event later than 270 days after the end of each Fiscal Year.

(c) The City may provide Annual Financial Information and Audited Financial Statements with respect to the City by specific cross reference to other documents which have been submitted to each Repository or filed with the SEC. If the document so referenced is a final official statement within the meaning of Rule 15c2-12, such final official statement must also be available from the MSRB. The City shall clearly identify each other document incorporated by cross reference.

SECTION 4. Reporting of Events.

(a) This Section 4 shall govern the giving of notices of the occurrence of any of the following Events with respect to the Series 2004 Bonds:

1. principal and interest payment delinquencies;
2. non payment related defaults;
3. unscheduled draws on debt service reserves reflecting financial difficulties;
4. unscheduled draws on credit enhancements reflecting financial difficulties;
5. substitution of credit or liquidity providers, or their failure to perform;
6. adverse tax opinions or events affecting the tax exempt status of the security;
7. modifications to the rights of the security holders;
8. bond calls (other than mandatory sinking fund redemption);
9. defeasances;
10. release, substitution or sale of property securing repayment of the securities; and
11. rating changes.

(b) At any time the Series 2004 Bonds are outstanding and the City obtains knowledge of the occurrence of an Event, the City shall file, in a timely manner, a notice of such occurrence with the MSRB and each State Repository, if the occurrence of such Event is material for Owners of the Series 2004 Bonds. Notwithstanding the foregoing, notice of Events described in subsections (a)(8) and (9) need not be given under this subsection any earlier than the notice (if any) of the underlying Event is given to Owners of affected Series 2004 Bonds pursuant to the Bond Legislation.

(c) At any time the Series 2004 Bonds are outstanding, the City shall provide, in a timely manner, to the MSRB and the State Repository, notice of any failure of the City to timely provide the Annual Financial Information and Audited Financial Statements as specified in Section 3 hereof.

SECTION 5. Term. This Disclosure Undertaking shall be in effect from and after the issuance and delivery of the Series 2004 Bonds and shall extend to the earliest of (a) the date all principal and interest on the Series 2004 Bonds is deemed paid or legally defeased pursuant to the terms of the Bond Legislation; (b) the date that the City is no longer an “obligated person” with respect to the Series 2004 Bonds within the meaning of Rule 15c2-12; and (c) the date on which those portions of Rule 15c2-12 which require this Disclosure Undertaking are determined to be invalid by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Series 2004 Bonds, the determination of (a), (b) or (c) herein to be made in any manner deemed appropriate by the City, including by an opinion of Counsel experienced in federal securities laws selected by the City. The City shall file a notice of any such termination with each Repository and the MSRB.

SECTION 6. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Undertaking, the City may amend this Disclosure Undertaking, and any provision of this Disclosure Undertaking may be waived, if (a) such amendment or waiver is consented to by the Owners of no less than a majority in aggregate principal amount of the Series 2004 Bonds obtained in the manner prescribed by the Bond Legislation or (b) if such amendment or waiver is otherwise consistent with Rule 15c2-12, as determined by an opinion of Counsel experienced in federal securities laws selected by the City. Written notice of any such amendment or waiver shall be provided by the City to each Repository and the MSRB, and the Annual Financial Information shall explain the reasons for the amendment and the impact of any change in the type of information being provided. If any amendment changes the accounting principles to be followed in preparing financial statements, the Annual Financial Information for the year in which the change is made will present a comparison between the financial statement or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. The City shall provide notice of any such amendment or waiver to each Repository.

SECTION 7. Additional Information. Nothing in this Disclosure Undertaking shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Disclosure Undertaking or any other means of communication, or including any other annual information or notice of occurrence of an event which is not an Event, in addition to that which is required by this Disclosure Undertaking; provided that the City shall not be required to do so. If the City chooses to include any annual information or notice of occurrence of an event in addition to that which is specifically required by this Disclosure Undertaking, the City shall have no obligation under this Disclosure Undertaking to update such information or include it in any future annual filing or notice of occurrence of an Event.

SECTION 8. Default and Enforcement. If the City fails to comply with any provision of this Disclosure Undertaking, any Owner of the Series 2004 Bonds may take action to seek specific performance by court order to compel the City to comply with its obligations under this Disclosure Undertaking; provided that any Owner of the Series 2004 Bonds seeking to require the City to so comply shall first provide at least 30 days' prior written notice to the City of the City's failure (giving reasonable details of such failure), following which notice the City shall have 30 days to comply and, provided further, that only the Owners of no less than a majority in aggregate principal amount of the Series 2004 Bonds may take action to seek specific performance in connection with a challenge to the adequacy of the information provided by the City in accordance with this Disclosure Undertaking, after notice and opportunity to comply as provided herein, and such action shall be taken only in a court of competent jurisdiction in the State of New Mexico. A DEFAULT UNDER THIS DISCLOSURE UNDERTAKING SHALL NOT BE DEEMED AN EVENT OF DEFAULT UNDER THE BOND LEGISLATION OR THE SERIES 2004 BONDS, AND THE SOLE REMEDY UNDER THIS DISCLOSURE UNDERTAKING IN THE EVENT OF ANY FAILURE OF THE CITY TO COMPLY WITH THIS DISCLOSURE UNDERTAKING SHALL BE AN ACTION TO COMPEL PERFORMANCE.

SECTION 9. Beneficiaries. The Disclosure Undertaking shall inure solely to the benefit of the City, the Participating Underwriters and Owners from time to time of the Series 2004 Bonds, and shall create no rights in any other person or entity.

Book-Entry-Only System

Introduction

Unless otherwise noted, the information contained under the caption “General” below has been provided by DTC. Neither the City nor the Underwriters make any representations as to the accuracy or the completeness of such information. The Beneficial Owners of the Series 2004 Bonds should confirm the following information with DTC, the Direct Participants or the Indirect Participants.

NEITHER THE CITY NOR THE FISCAL AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, TO INDIRECT PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (A) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (B) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE SERIES 2004 BONDS UNDER THE BOND ORDINANCE, (C) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE SERIES 2004 BONDS; (D) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR INTEREST DUE WITH RESPECT TO THE OWNER OF THE SERIES 2004 BONDS; (E) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNERS OF SERIES 2004 BONDS; OR (F) ANY OTHER MATTER REGARDING DTC.

General

The Series 2004 Bonds will be delivered in book-entry-only form. DTC will act as securities depository for the Series 2004 Bonds. The Series 2004 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Series 2004 Bond certificate will be issued for each maturity of each series of the Series 2004 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers,

banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, GSCC, MBSCC and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: “AAA.” The DTC Rules applicable to Direct Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. The City undertakes no responsibility for and makes no representations as to the accuracy or the completeness of the content of such material contained on DTC’s website as described in the preceding sentence including, but not limited to, updates of such information or links to other Internet sites accessed through the aforementioned website.

Purchases of the Series 2004 Bonds under the DTC system must be made by or through Direct or Indirect Participants, which will receive a credit for the Series 2004 Bonds on DTC’s records. The ownership interest of each actual purchaser of each Series 2004 Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2004 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2004 Bonds, except in the event that use of the book-entry system for the Series 2004 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2004 Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2004 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2004 Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Series 2004 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

While the Series 2004 Bonds are in the book-entry-only system, redemption notices will be sent to DTC. If less than all of the Series 2004 Bonds are being redeemed, DTC’s practice is

to determine by lot the amount of the interest of each Direct Participant in such issue to be prepaid.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Series 2004 Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2004 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series 2004 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Fiscal Agent on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct and Indirect Participant and not of DTC, the Fiscal Agent or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Fiscal Agent, disbursement of such payments to Direct Participants is the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2004 Bonds at any time by giving reasonable notice to the City. Under such circumstances, in the event that a successor depository is not obtained, certificates representing the Series 2004 Bonds are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, certificates representing the Series 2004 Bonds will be printed and delivered.

The information in this Appendix concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but neither the City nor the Underwriters take any responsibility for the accuracy thereof.
