

**OWEB**  
**Projects Funded by the Board**  
**At the May 15-16, 2007 Meeting**

<b>Region</b>	<b>Project #</b>	<b>Project Name</b>	<b>Amount</b>
5	207-138	Willow Creek Restoration Phase I	\$900,000*
3		Sandy River Acquisition	\$363,500**

\* The Board awarded \$1,050,568 at the September 2006 meeting with the expectation that the Lower Willow Creek Working Group would come to the September 2007 Board meeting to report on progress and be awarded the remaining funds. Due to unexpected cost increases and opportunities for cost savings, the working group requested Board approval of the remaining \$900,000 when the 2007-09 budget was approved by the Legislature.

\*\*The Board awarded half (\$364,000) of the requested funds at the March 2007 meeting with the condition that the remaining half would be authorized when the Board approved a long-term owner of the property. In May, the Board approved the Columbia Land Trust to receive title to the property and act as long-term owner.
