

Oregon Federally Qualified Health Clinics

(86 Clinics in 44 Cities and 25 Counties)

Prepared By: ORDHS, Health Systems Planning, 2/20/07

NOTE: FQHC's that are located in schools are not shown on this map. Multiple clinics located at the same address are counted as one site.

NOTE: Clinic locations are approximate and some have been shifted slightly for better visibility of the symbols.

NOTE: "Urban Areas" as defined by the Census Bureau include both urbanized areas (50,000 or more persons) and urban clusters (groups of census blocks meeting certain density criteria).
