

FY 2005 Final Addenda
ICD-9-CM Volume 3, Procedures
Effective October 1, 2004

Tabular List

	00.0	Therapeutic ultrasound <u>Excludes:</u> <u>diagnostic ultrasound (non-invasive) (88.71-88.79)</u> <u>intracardiac echocardiography [ICE] (heart chamber(s)) (37.28)</u> <u>intravascular imaging (adjunctive) (00.21-00.29)</u>
Add exclusion term		
New code	00.16	Pressurized treatment of venous bypass graft [conduit] with pharmaceutical substance Ex-vivo treatment of vessel Hyperbaric pressurized graft [conduit]
New code	00.17	Infusion of vasopressor agent
New subcategory	00.2	Intravascular imaging of blood vessels Endovascular ultrasonography Intravascular ultrasound (IVUS) Code also any synchronous diagnostic or therapeutic procedures <u>Excludes:</u> therapeutic ultrasound (00.01-00.09)
New code	00.21	Intravascular imaging of extracranial cerebral vessels Common carotid vessels and branches Intravascular ultrasound (IVUS), extracranial cerebral vessels <u>Excludes:</u> diagnostic ultrasound (non-invasive) of head and neck (88.71)
New code	00.22	Intravascular imaging of intrathoracic vessels Aorta and aortic arch Intravascular ultrasound (IVUS), intrathoracic vessels Vena cava (superior) (inferior) <u>Excludes:</u> diagnostic ultrasound (non-invasive) of other sites of thorax (88.73)

New code	00.23 Intravascular imaging of peripheral vessels Imaging of: vessels of arm(s) vessels of leg(s) Intravascular ultrasound (IVUS), peripheral vessels Excludes: diagnostic ultrasound (non-invasive) of peripheral vascular system (88.77)
New code	00.24 Intravascular imaging of coronary vessels Intravascular ultrasound (IVUS), coronary vessels Excludes: diagnostic ultrasound (non-invasive) of heart (88.72) intracardiac echocardiography [ICE] (ultrasound of heart chamber(s)) (37.28)
New code	00.25 Intravascular imaging of renal vessels Intravascular ultrasound (IVUS), renal vessels Renal artery Excludes: diagnostic ultrasound (non-invasive) of urinary system (88.75)
New code	00.28 Intravascular imaging, other specified vessel(s)
New code	00.29 Intravascular imaging, unspecified vessel(s)
New subcategory	00.3 Computer assisted surgery [CAS] CT-free navigation Image guided navigation (IGN) Image guided surgery (IGS) Imageless navigation Code also diagnostic or therapeutic procedure Excludes: stereotactic frame application only (93.59)
New code	00.31 Computer assisted surgery with CT/CTA
New code	00.32 Computer assisted surgery with MR/MRA
New code	00.33 Computer assisted surgery with fluoroscopy
New code	00.34 Imageless computer assisted surgery
New code	00.35 Computer assisted surgery with multiple datasets

New code 00.39 Other computer assisted surgery
Computer assisted surgery NOS

Revise code title 00.55 Insertion of drug-eluting non-coronary artery peripheral vessel stent(s)

Revise code also note Code also any non-coronary angioplasty or atherectomy of other non-coronary vessel(s) (39.50)

Excludes:

Revise exclusion term drug-coated peripheral stents, e.g. heparin coated (39.90)
Add exclusion term insertion of cerebrovascular stent(s) (00.63-00.65)
insertion of non-drug-eluting stent(s):
Revise exclusion term non-coronary artery peripheral vessel (39.90)

New subcategory 00.6 Procedures on blood vessels
Excludes:
angioplasty or atherectomy of other non-coronary vessel(s)
(39.50)
insertion of coronary artery stent(s) (36.06- 36.07)
insertion of drug-eluting peripheral vessel stent(s) (00.55)
insertion of non-drug-eluting peripheral vessel stent(s) (39.90)

New code 00.61 Percutaneous angioplasty or atherectomy of precerebral (extracranial) vessel(s)
Basilar
Carotid
Vertebral

Code also any:

injection or infusion of thrombolytic agent (99.10)
percutaneous insertion of carotid artery stent(s) (00.63)
percutaneous insertion of other precerebral artery stent(s) (00.64)

Excludes:

angioplasty or atherectomy of other non-coronary vessel(s) (39.50)
removal of cerebrovascular obstruction of vessel(s) by open approach (38.01-38.02, 38.11-38.12, 38.31-38.32, 38.41-38.42)

New code 00.62 Percutaneous angioplasty or atherectomy of intracranial vessel(s)
Code also any:
injection or infusion of thrombolytic agent (99.10)
percutaneous insertion of intracranial stent(s) (00.65)

		Excludes:
		angioplasty or atherectomy of other non-coronary vessel(s) (39.50)
		removal of cerebrovascular obstruction of vessel(s) by open approach (38.01-38.02, 38.11-38.12, 38.31-38.32, 38.41-38.42)
New code	00.63	Percutaneous insertion of carotid artery stent(s) Includes the use of any embolic protection device, distal protection device, filter device, or stent delivery system Non-drug-eluting stent Code also percutaneous angioplasty or atherectomy of precerebral vessel(s) (00.61)
New code	00.64	Percutaneous insertion of other precerebral (extracranial) artery stent(s) Includes the use of any embolic protection device, distal protection device, filter device, or stent delivery system Basilar stent Vertebral stent Code also percutaneous angioplasty or atherectomy of precerebral vessel(s) (00.61)
New code	00.65	Percutaneous insertion of intracranial vascular stent(s) Includes the use of any embolic protection device, distal protection device, filter device, or stent delivery system Code also percutaneous angioplasty or atherectomy of intracranial vessel(s) (00.62)
New subcategory	00.9	Other procedures and interventions
New code	00.91	Transplant from live related donor Code also organ transplant procedure
New code	00.92	Transplant from live non-related donor Code also organ transplant procedure
New code	00.93	Transplant from cadaver Code also organ transplant procedure
Revise code title	01.22	Removal of intracranial neurostimulator <u>lead(s)</u>
Add code also note		<u>Code also any removal of neurostimulator pulse generator (86.05)</u>

Revise code title	02.93 <u>Implantation or replacement of intracranial neurostimulator lead(s)</u>
Add code also note	<u>Code also any insertion of neurostimulator pulse generator (86.94-86.96)</u>
Revise code title	03.93 <u>Insertion</u> <u>Implantation or replacement of spinal neurostimulator lead(s)</u>
Add code also	<u>Code also any insertion of neurostimulator pulse generator (86.94-86.96)</u>
Revise code title	03.94 Removal of spinal neurostimulator <u>lead(s)</u>
Add code also note	<u>Code also any removal of neurostimulator pulse generator (86.05)</u>
Revise code title	04.92 <u>Implantation or replacement of peripheral neurostimulator lead(s)</u>
Add code also note	<u>Code also any insertion of neurostimulator pulse generator (86.94-86.96)</u>
Revise code title	04.93 Removal of peripheral neurostimulator <u>lead(s)</u>
Add code also note	<u>Code also any removal of neurostimulator pulse generator (86.05)</u>
Add note	11.60 Corneal transplant, not otherwise specified <u>Note: To report donor source -see codes 00.91-00.93</u>
New code	27.64 Insertion of palatal implant
Add code also note	27.69 Other plastic repair of palate <u>Code also any insertion of palatal implant (27.64)</u>
Add note	33.5 Lung transplant <u>Note: To report donor source -see codes 00.91-00.93</u>

Add note	33.6 Combined heart-lung transplantation <u>Note: To report donor source -see codes 00.91-00.93</u>
Add code also note	36.1 Bypass anastomosis for heart revascularization Code also: <u>pressurized treatment of venous bypass graft [conduit] with pharmaceutical substance, if performed (00.16)</u>
Revise code title	36.11 <u>(Aorto)coronary bypass of one coronary artery</u>
Revise code title	36.12 <u>(Aorto)coronary bypass of two coronary arteries</u>
Revise code title	36.13 <u>(Aorto)coronary bypass of three coronary arteries</u>
Revise code title	36.14 <u>(Aorto)coronary bypass of four or more coronary arteries</u>
Add exclusion term	37.26 Cardiac electrophysiologic stimulation and recording studies Excludes: <u>device interrogation only without arrhythmia induction (bedside check) (89.45-89.49)</u>
Add inclusion term	37.28 Intracardiac echocardiography <u>Echocardiography of heart chambers</u>
Add exclusion term	<u>Excludes: intravascular imaging of coronary vessels (intravascular ultrasound)(IVUS) (00.24)</u>
Revise exclusion term	37.52 Implantation of total replacement heart system Excludes: implantation of heart assist system <u>[VAD] (37.62, 37.65, 37.66)</u>
Revise exclusion term	37.53 Replacement or repair of thoracic unit of total replacement heart system Excludes: replacement and repair of heart assist system <u>[VAD]</u> (37.63)
Revise exclusion term	37.54 Replacement or repair of other implantable component of total replacement heart system Excludes: replacement and repair of heart assist system <u>[VAD]</u> (37.63)
Revise subcategory title	37.6 Implantation of heart <u>and circulatory assist system</u>

Revise code title	37.62	<u>Implant Insertion of other non-implantable heart assist system</u>
Delete inclusion term		<u>Insertion of centrifugal pump</u>
Delete inclusion term		<u>Insertion of heart assist system, not specified as pulsatile</u>
Add exclusion term		<u>Excludes:</u> <u>insertion of percutaneous external heart assist device (37.68)</u>
Revise code title	37.63	<u>Replacement and/or Repair of heart assist system</u>
Add inclusion term		<u>Replacement of parts of an existing ventricular assist device (VAD)</u>
Revise exclusion term		<u>Excludes:</u> replacement or repair of other implantable component of total replacement heart system <u>[artificial heart]</u> (37.54)
Revise exclusion term		replacement or repair of thoracic unit of total replacement heart system <u>[artificial heart]</u> (37.53)
	37.64	Removal of heart assist system
Add exclusion term		<u>Excludes:</u> <u>explantation [removal] of percutaneous external heart assist device (97.44)</u>
Revise code title	37.65	Implant of an external, <u>pulsatile</u> heart assist system
Revise note		Note: Device not implantable (outside the body but connected to heart) with external circulation and pump. <u>Includes open chest (sternotomy) procedure for cannulae attachments</u>
Add exclusion term		<u>Excludes:</u> <u>insertion of percutaneous external heart assist device (37.68)</u>
Revise code title	37.66	<u>Implant Insertion of an implantable, pulsatile heart assist system</u>
Add inclusion term		<u>Axial flow heart assist system</u>
Add inclusion term		<u>Diagonal pump heart assist system</u>
Add inclusion term		<u>Left ventricular assist device (LVAD)</u>
Add inclusion term		<u>Pulsatile heart assist system</u>
Add inclusion term		<u>Right ventricular assist device (RVAD)</u>
Add inclusion term		<u>Rotary pump heart assist system</u>
Add inclusion term		<u>Ventricular assist device (VAD) not otherwise specified</u>
Revise exclusion term		<u>Excludes:</u> implantation of total replacement heart system <u>[artificial heart]</u> (37.52)

Add exclusion term	<u>insertion of percutaneous external heart assist device (37.68)</u>
New code	<p>37.68 Insertion of percutaneous external heart assist device</p> <ul style="list-style-type: none"> Includes percutaneous [femoral] insertion of cannulae attachments Circulatory assist device Extrinsic heart assist device pVAD Percutaneous heart assist device
New code	<p>37.90 Insertion of left atrial appendage device</p> <ul style="list-style-type: none"> Left atrial filter Left atrial occluder Transseptal catheter technique
	<p>37.99 Other</p> <p><u>Excludes:</u></p>
Add exclusion term	<u>insertion of left atrial appendage device (37.90)</u>
	<p>39.2 Other shunt or vascular bypass</p>
Add code also note	<u>Code also pressurized treatment of venous bypass graft [conduit] with pharmaceutical substance, if performed (00.16)</u>
Revise code title	<p>39.50 Angioplasty or atherectomy of <u>other</u> non-coronary vessel(s)</p> <p>Percutaneous transluminal angioplasty (PTA) of non-coronary vessel:</p> <p>head and neck arteries:</p> <p>basilar</p> <p>carotid</p> <p>vertebral</p>
Delete inclusion term	
	<p>Code also any:</p>
Add code also note	<u>percutaneous insertion of carotid artery stent(s) (00.63)</u>
Add exclusion term	<p><u>Excludes:</u></p> <p><u>percutaneous angioplasty or atherectomy of precerebral or cerebral vessel(s) (00.61 -00.62)</u></p>
	<p>39.7 Endovascular repair of vessel</p> <p><u>Excludes:</u></p>
Revise exclusion term	<u>angioplasty or atherectomy of <u>other</u> non-coronary vessel(s) (39.50)</u>

Revise exclusion term	insertion of <u>non-drug-eluting non-coronary peripheral vessel stent(s) or stents</u> (39.90)
Add exclusion term	<u>percutaneous insertion of carotid artery stent(s) (00.63)</u>
Add exclusion term	<u>percutaneous insertion of intracranial stent(s) (00.65)</u>
Add exclusion term	<u>percutaneous insertion of other precerebral artery stent(s) (00.64)</u>
	39.79 Other endovascular repair (of aneurysm) of other vessels
	Excludes:
Revise exclusion term	insertion of drug-eluting <u>non-coronary artery peripheral vessel stent(s) (00.55)</u>
Revise exclusion term	insertion of <u>non-drug-eluting non-coronary artery peripheral vessel stent(s) (for other than aneurysm repair) (39.90)</u>
Revise code title	39.90 Insertion of non-drug-eluting, <u>non-coronary artery peripheral vessel stent(s)</u>
	Excludes:
Revise exclusion term	insertion of drug-eluting, <u>non-coronary artery peripheral vessel stent(s) (00.55)</u>
Add exclusion term	<u>percutaneous insertion of carotid artery stent(s) (00.63)</u>
Add exclusion term	<u>percutaneous insertion of intracranial stent(s) (00.65)</u>
Add exclusion term	<u>percutaneous insertion of other precerebral artery stent(s) (00.64)</u>
	41.0 Bone marrow or hematopoietic stem cell transplant
Add note	<u>Note: To report donor source -see codes 00.91-00.93</u>
New code	44.38 Laparoscopic gastroenterostomy Bypass: gastroduodenostomy gastroenterostomy gastrogastrostomy Laparoscopic gastrojejunostomy without gastrectomy NEC
	Excludes: gastroenterostomy, open approach (44.39)
	44.66 Other procedures for creation of esophagogastric sphincteric competence
Add exclusion term	<u>Excludes: that by laparoscopy (44.67)</u>
New code	44.67 Laparoscopic procedures for creation of esophagogastric sphincteric competence Fundoplication

		Gastric cardioplasty Nissen's fundoplication Restoration of cardio-esophageal angle
New code	44.68	Laparoscopic gastroplasty Banding Silastic vertical banding Vertical banded gastroplasty (VBG)
		Code also any synchronous laparoscopic gastroenterostomy (44.38)
	Excludes:	
		insertion, laparoscopic adjustable gastric band (restrictive procedure) (44.95) other repair of stomach, open approach (44.61-44.65, 44.69)
New code	44.95	Laparoscopic gastric restrictive procedure Adjustable gastric band and port insertion
	Excludes: laparoscopic gastroplasty (44.68) other repair of stomach (44.69)	
New code	44.96	Laparoscopic revision of gastric restrictive procedure Revision or replacement of: adjustable gastric band subcutaneous gastric port device
New code	44.97	Laparoscopic removal of gastric restrictive device(s) Removal of either or both: adjustable gastric band subcutaneous port device
	Excludes:	
		nonoperative removal of gastric restrictive device(s) (97.86) open removal of gastric restrictive device(s) (44.99)
New code	44.98	(Laparoscopic) adjustment of size of adjustable gastric restrictive device Infusion of saline for device tightening Withdrawal of saline for device loosening
	Code also any:	
		abdominal ultrasound (88.76) abdominal wall fluoroscopy (88.09) barium swallow (87.61)

Add note	46.97 Transplant of intestine <u>Note: To report donor source -see codes 00.91-00.93</u>
Add inclusion term	50.19 Other diagnostic procedures on liver Laparoscopic liver biopsy
Add note	50.5 Liver transplant <u>Note: To report donor source -see codes 00.91-00.93</u>
Add note	52.8 Transplant of pancreas <u>Note: To report donor source -see codes 00.91-00.93</u>
Add code also note	55.5 Complete nephrectomy Code also any synchronous excision of: <u>adrenal gland (07.21-07.3)</u>
Add note	55.6 Transplant of kidney <u>Note: To report donor source -see codes 00.91-00.93</u>
Add inclusion term	65.99 Other <u>Ovarian drilling</u>
Add inclusion term	75.34 Other fetal monitoring <u>Antepartum fetal nonstress test</u>
Add inclusion term	78.6 Removal of implanted devices from bone <u>Removal of internal limb lengthening device</u>
Add exclusion term	80.51 Excision of intervertebral disc <u>Excludes: that for insertion of (non-fusion) spinal disc replacement device (84.60 – 84.69)</u>
New code	81.65 Vertebroplasty Injection of bone void filler (cement) (polymethylmethacrylate) (PMMA) into the diseased or fractured vertebral body <u>Excludes: kyphoplasty (81.66)</u>

New code	81.66 Kyphoplasty Insertion of inflatable balloon, bone tamp, or other device to create a cavity for partial restoration of height of diseased or fractured vertebral body prior to injection of bone void filler (cement) (polymethylmethacrylate) (PMMA) Excludes: vertebroplasty (81.65)
	84.5 Implantation of other musculoskeletal devices and substances
Add exclusion term	<u>Excludes: insertion of (non-fusion) spinal disc replacement device (84.60 – 84.69)</u>
New code	84.53 Implantation of internal limb lengthening device with kinetic distraction Code also limb lengthening procedure (78.30 – 78.39)
New code	84.54 Implantation of other internal limb lengthening device Implantation of internal limb lengthening device, Not Otherwise Specified (NOS) Code also limb lengthening procedure (78.30 – 78.39)
New code	84.55 Insertion of bone void filler Insertion of: acrylic cement (PMMA) bone void cement calcium based bone void filler polymethylmethacrylate (PMMA) Excludes: that with kyphoplasty (81.66) that with vertebroplasty (81.65)
New code	84.59 Insertion of other spinal devices
New subcategory	84.6 Replacement of spinal disc Includes: non-fusion arthroplasty of the spine with insertion of artificial disc prosthesis
New code	84.60 Insertion of spinal disc prosthesis, not otherwise specified Replacement of spinal disc, NOS Includes: discectomy (discectomy)

- New code 84.61 Insertion of partial spinal disc prosthesis, cervical
 Nuclear replacement device, cervical
 Partial artificial disc prosthesis (flexible), cervical
 Replacement of nuclear disc (nucleus pulposus), cervical
 Includes: diskectomy (discectomy)
- New code 84.62 Insertion of total spinal disc prosthesis, cervical
 Replacement of cervical spinal disc, NOS
 Replacement of total spinal disc, cervical
 Total artificial disc prosthesis (flexible), cervical
 Includes: diskectomy (discectomy)
- New code 84.63 Insertion of spinal disc prosthesis, thoracic
 Artificial disc prosthesis (flexible), thoracic
 Replacement of thoracic spinal disc, partial or total
 Includes: diskectomy (discectomy)
- New code 84.64 Insertion of partial spinal disc prosthesis, lumbosacral
 Nuclear replacement device, lumbar
 Partial artificial disc prosthesis (flexible), lumbar
 Replacement of nuclear disc (nucleus pulposus), lumbar
 Includes: diskectomy (discectomy)
- New code 84.65 Insertion of total spinal disc prosthesis, lumbosacral
 Replacement of lumbar spinal disc, NOS
 Replacement of total spinal disc, lumbar
 Total artificial disc prosthesis (flexible), lumbar
 Includes: diskectomy (discectomy)
- New code 84.66 Revision or replacement of artificial spinal disc prosthesis,
 cervical
 Removal of (partial) (total) spinal disc prosthesis with
 synchronous insertion of new (partial) (total) spinal disc
 prosthesis, cervical
 Repair of previously inserted spinal disc prosthesis, cervical
- New code 84.67 Revision or replacement of artificial spinal disc prosthesis,
 thoracic
 Removal of (partial) (total) spinal disc prosthesis with
 synchronous insertion of new (partial) (total) spinal disc
 prosthesis, thoracic
 Repair of previously inserted spinal disc prosthesis, thoracic

New code	84.68 Revision or replacement of artificial spinal disc prosthesis, lumbosacral Removal of (partial) (total) spinal disc prosthesis with synchronous insertion of new (partial) (total) spinal disc prosthesis, lumbosacral Repair of previously inserted spinal disc prosthesis, lumbosacral
New code	84.69 Revision or replacement of artificial spinal disc prosthesis, not otherwise specified Removal of (partial) (total) spinal disc prosthesis with synchronous insertion of new (partial) (total) spinal disc prosthesis Repair of previously inserted spinal disc prosthesis
Revise code title	86.05 Incision with removal of foreign body <u>or device</u> from skin and subcutaneous tissue
Add inclusion term	<u>Removal of neurostimulator pulse generator</u> <u>(single array, dual array)</u>
Add inclusion term	86.09 Other incision of skin and subcutaneous tissue <u>Relocation of subcutaneous device pocket NEC</u> <u>Reopening subcutaneous pocket for device revision without replacement</u>
New code	86.94 Insertion or replacement of single array neurostimulator pulse generator Pulse generator (single array, single channel) for intracranial, spinal, and peripheral neurostimulator Code also any associated lead implantation (02.93,03.93,04.92)
New code	86.95 Insertion or replacement of dual array neurostimulator pulse generator Pulse generator (dual array, dual channel) for intracranial, spinal, and peripheral neurostimulator Code also any associated lead implantation (02.93,03.93,04.92)

New code	86.96 Insertion or replacement of other neurostimulator pulse generator
	Code also any associated lead implantation (02.93,03.93,04.92)
	Excludes: insertion of dual array neurostimulator pulse generator (86.95)
	insertion of single array neurostimulator pulse generator (86.94)
88.7 Diagnostic ultrasound Add inclusion term Add exclusion term	<u>Non-invasive ultrasound</u> <u>Excludes: intravascular imaging (adjunctive) (IVUS) (00.21-00.29)</u>
88.72 Diagnostic ultrasound of heart Delete inclusion term Add inclusion term	Intravascular ultrasound of heart Transesophageal echocardiography
Add exclusion term	<u>Excludes:</u> <u>echocardiography of heart chambers (37.28)</u> <u>intracardiac echocardiography (ICE) (37.28)</u> <u>intravascular (IVUS) imaging of coronary vessels (00.24)</u>
Revise subcategory title	89.4 Cardiac stress tests, pacemaker <u>and defibrillator</u> checks
Add inclusion term	89.45 Artificial pacemaker rate check <u>Bedside device check of pacemaker or cardiac resynchronization pacemaker [CRT-P]</u> <u>Interrogation only without arrhythmia induction</u>
Add exclusion term	<u>Excludes:</u>
Add exclusion term	<u>electrophysiologic studies [EPS] (37.26)</u>
Add exclusion term	<u>non-invasive programmed electrical stimulation [NIPS] (arrhythmia induction) (37.26)</u>
New code	89.49 Automatic implantable cardioverter/defibrillator (AICD) check Bedside check of an AICD or cardiac resynchronization defibrillator [CRT-D] Checking pacing thresholds of device Interrogation only without arrhythmia induction

	<p>Excludes:</p> <p>electrophysiologic studies [EPS] (37.26) non-invasive programmed electrical stimulation [NIPS] (arrhythmia induction) (37.26)</p>
Add inclusion term	93.90 Continuous positive airway pressure [CPAP]
Add inclusion term	<p><u>Bi-level airway pressure</u></p> <p><u>Non-invasive positive pressure (NIPPV)</u></p>
Add exclusion term	96.7 Other continuous mechanical ventilation
	<p>Excludes:</p> <p><u>non-invasive positive pressure (NIPPV) (93.90)</u></p>
Add inclusion term	97.44 Nonoperative removal of heart assist system
Add inclusion term	<p><u>Explantation [removal] of circulatory assist device</u></p> <p><u>Explantation [removal] of percutaneous external heart assist device</u></p> <p><u>Removal of extrinsic heart assist device</u></p> <p><u>Removal of pVAD</u></p> <p><u>Removal of percutaneous heart assist device</u></p>
Add inclusion term	
Add inclusion term	
New code	99.78 Aquapheresis
	<p>Plasma water removal</p> <p>Ultrafiltration [for water removal]</p>
	<p>Excludes:</p> <p>hemodiafiltration (39.95) hemodialysis (39.95) therapeutic plasmapheresis (99.71)</p>

Index

Add subterm	<p>Adjustment <u>gastric restrictive device (laparoscopic)</u> <u>44.98</u></p>
Add subterm	<p>Analysis <u>cardiac rhythm device (CRT-D) (CRT-P) (AICD) (pacemaker) –see Interrogation</u></p>
Delete subterm	<p>Angioplasty (laser) – see also Repair, blood vessel</p>
Revise subterm	<p>balloon (percutaneous transluminal) NEC 39.50</p>
Revise subterm	<p>other sites (femoropopliteal) (iliae) (non coronary) (renal) (vertebral) 39.50</p>
Revise subterm	<p>percutaneous transluminal (balloon) (single vessel) <u>39.50</u></p>
