RULE SUMMARY

The proposed adoption of a new rule would implement new legislation providing for a condensation of public records in response to a public records request, under certain circumstances.

The proposed amendment of OAR 839-010-0010 would make a reference to the new rule on condensation of records, as well as implement new legislation requiring particular procedures in handling public records requests.

The agency requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.
