

Oregon Bureau of Labor and Industries
800 NE Oregon Street Suite 1045 Portland OR 97232

Memo

DATE: August 15, 2008

TO: Legislators and Interested Persons

FROM: Marcia Ohlemiller, Rules Coordinator

REGARDING: Proposed Amendments to Rulemaking, Procedural and Investigative Subpoena Rules

On August 15, 2008, the bureau filed a Notice of Proposed Rulemaking regarding the above-referenced rules. The subpoena rules were amended significantly effective 1/1/08 to reflect requirements enacted into law in 2007. Following that, the ORS numbers for the new requirements were published and the proposed amendments would update the current references to Oregon Laws to the new ORS cites. The proposed amendments would also eliminate a requirement that the bureau attach copies of subpoena rules when serving subpoenas. This requirement is not in the statute and is burdensome. Respondents will be provided with copies of rules upon request. All other changes are editorial in nature.
