EHS 338 ~ Asbestos Management Planner Refresher

Course Syllabus

Subject Category:	Occupational Health	Course Prerequisite:	Yes
Course Length:	1 Day	Medical Approval:	No
Delivery Mode:	class		
Schedule:	Monthly (Check with EH&S Industrial Hygienist)		
Location/Time:	Offsite Vendor		

Course Purpose: This AHERA approved course provides you with a comprehensive review of building materials that may contain asbestos and the techniques to find them. You'll review the most common locations for asbestos in a building and review the most important federal and California regulations that cover inspection issues. As a management planner for asbestos, you'll review when and where asbestos is a real hazard and how to respond to that hazard.

Course Objectives:

- Review the types of materials that contain asbestos
- Review health effects associated with asbestos
- Review the regulations are covered in more detail than in the building inspector class

Course Instructional Materials:

- PowerPoint presentations
- Wipe Boards

Instructors: Offered by private vendors in the Bay Area and Vacaville.

Training Compliance Requirements: OSHA Requirement

Course Handouts: Student manual with copies of regulations, abatement literature and latest technology for surveying and abatement.

Participant Evaluation: N/A

Written Exam: No

Practical Exam: No

Retraining/Recertification: A refresher class is required every two years to maintain this training
