Training Program**

ENV 6392 ~ Site Specific Hazard Communication

Course Syllabus

Subject Category:	Hazard Communication for the HWHF	Course Prerequisite:	No
Course Length:	30 Minutes	Medical Approval:	No
Delivery Mode:	class		
Schedule:	As needed		
Location/Time:	Bldg. 85 Conference Room		

Course Purpose: To familiarize guests and non-faculty workers with the hazards (chemical, physical, biological, and radiological) present at Building 85, the Hazardous Waste Handling Facility (HWHF), regarding the safety, alarm, fire detection systems of the building and the emergency evacuation procedures.

Course Objectives: To ensure that guests and non-facility workers are familiar with the hazards present at Building 85 which will enable them to work safely in the absence of a trained facility staff escort. The chemical hazardous of ignitable, corrosive, reactive and toxic wastes will be discussed.

Course Instructional Materials:

- HWHF Health and Safety Plan
- Tour of Building 85 - pointing out building alarms, communication devices, safety devices, and the areas for storage of various hazardous, radioactive and mixed wastes.

Instructors:

Howard Hansen	Rudyard Uba
Marty White	Roshan Shadlou

Training Compliance Requirements: 29CFR 1910.1200

Course Handouts: No

Participant Evaluation: Written evaluations regarding the effectiveness of the trainer, the training, and the visual aids.

Written Exam: No

Practical Exam: No

Retraining/Recertification: No

WEB Resource: PUB- 3000, Chapter 20.
