

Highways Classified as Expressways
1999 Oregon Highway Plan
Amendment 00-02
May 11, 2000

The Oregon Transportation Commission amended the 1999 Oregon Highway Plan on May 11, 2000 at the Commission meeting in Redmond to classify the highways listed in the following tables as Expressways. Expressways are a subset of Highway Plan highway classifications to provide for high speed, high volume travel between cities and connections to ports and major recreation areas with minimal interruptions. A secondary function is to provide for long distance intra-urban travel in metropolitan areas. In urban areas, speeds are moderate to high. In rural areas, speeds are high.

The Commission made technical corrections to the milepoints or descriptions of these Expressways on June 7, 2000 and April 11, 2001. See Amendments 00-03 and 01-05.

The list of Expressways in the Expressway file includes the technical corrections and should be used for approach road permits.

Expressway Designation

Highway Number	Route Number	Highway Name & Location	Begin MP	End MP	Length	OHP Classification	NHS	Freight Route	Safety Corridor
REGION 1									
2W	US30	Lower Columbia River Highway - <i>Portland UGB to Multnomah County line</i>	9.98	18.37	8.39	Statewide	Yes	Yes	No
