Lunch on your own

Where:
Criminal Justice
Training Center
19010 1st Avenue South
Burien, WA 98148
Phone: 206/835-7300

ATC 20— This course provides guidelines and procedures for people who may be called upon to provide building inspections following an earthquake. This course allows participants to become familiar with typical building construction and technical aspects of structural safety evaluations.

ATC 21—This course provides guidelines and procedures for people who may be called upon to inspect buildings for potential earthquake hazards, both structural and non-structural. Participants become familiar with typical building construction and technical aspects of structural safety evaluations. The Rapid Screening Procedure presented in this course is a "sidewalk survey" approach, which will help identify potentially hazardous buildings that should be analyzed by a professional engineer.

Register by emailing SS_2008@seattle.gov.

Preference will be given to Sound Shake '08 partners. Please include name, email and organization for each participant.

Registration closes January 16, 2008.

Invitation extended to

Sound Shake '08 Participants, Response Agencies, Government, Non-profits and private sector in King, Pierce, and Snohomish Counties, neighboring counties, Washington State EMD, and organizations interested in participation in a regional Earthquake exercise.
