

Practitioner-Managed Prescription Drug Plan (PMPDP) PROCESS

NEW DRUG CLASS:

- ◆ OMAP presents drug class review recommendations to HRC
- ◆ HRC makes decision, with OMAP, which drug classes to review
- ◆ HRC Director takes recommendations to DERP collaboration

- ◆ EPC develops draft Key Questions document
- ◆ Key Questions are reviewed by HRC Subcommittee in a public meeting
- ◆ HRC Director takes Subcommittee recommendations to HRC public meeting
- ◆ HRC finalizes Key Questions
- ◆ HRC Director takes HRC recommendations to DERP collaboration

- ◆ HRC Director convenes Subcommittee public meeting to review EPC report and create report
- ◆ Subcommittee presents report to HRC
- ◆ HRC finalizes report and commends to OMAP for use in the Plan Drug List

UPDATES:

- ◆ EPC develops draft Key Question document
- ◆ HRC Director emails draft KQ to subcommittee for feedback
- ◆ HRC Director takes feedback to Standing Update Committee public meeting
- ◆ Standing Update Committee finalizes Key Question recommendations
- ◆ HRC Director presents Standing Update Committee KQ recommended changes to HRC
- ◆ HRC finalizes Key Questions
- ◆ HRC Director takes HRC recommendations to DERP collaboration

- ◆ HRC Director receives EPC Draft Updated Final Report:
 - If no new evidence or if new evidence **does not** change the previous Conclusion: the Standing Update Committee will revise the previous report with minor new findings and present the revised report to HRC. The EPC Draft Final Updated Report is emailed to subcommittee members for feedback to Standing Update Committee.
 - If new evidence could change the previous Conclusion: the Subcommittee will be reconvened to revise their report and present to HRC.

Acronyms-

- HRC – Health Resources Commission
- OMAP – Oregon Medical Assistance Program
- DERP – Drug Effectiveness Review Program
- EPC – Evidence-based Practice Center
