

42 U.S.C.A. § 3796hh

Grants to Encourage Arrest Policies and Enforcement of Protection Orders

(a) Purpose

The purpose of this subchapter is to encourage States, Indian tribal governments, State and local courts (including juvenile courts), tribal courts, and units of local government to treat domestic violence, dating violence, sexual assault, and stalking as serious violations of criminal law.

(b) Grant authority

The Attorney General may make grants to eligible States, Indian tribal governments, State, tribal, territorial, and local courts (including juvenile courts), or units of local government for the following purposes:

- (1) To implement pro-arrest programs and policies in police departments, including policies for protection order violations.
- (2) To develop policies, educational programs, protection order registries, and training in police departments to improve tracking of cases involving domestic violence, dating violence, sexual assault, and stalking. Policies, educational programs, protection order registries, and training described in this paragraph shall incorporate confidentiality, and privacy protections for victims of domestic violence, dating violence, sexual assault, and stalking.
- (3) To centralize and coordinate police enforcement, prosecution, or judicial responsibility for domestic violence, dating violence, sexual assault, and stalking cases in teams or units of police officers, prosecutors, parole and probation officers, or judges.
- (4) To coordinate computer tracking systems to ensure communication between police, prosecutors, parole and probation officers, and both criminal and family courts.
- (5) To strengthen legal advocacy service programs for victims of domestic violence, dating violence, sexual assault, and stalking, including strengthening assistance to such victims in immigration matters.
- (6) To educate judges in criminal and civil courts (including juvenile courts) about domestic violence, dating violence, sexual assault, and stalking and to improve judicial handling of such cases.
- (7) To provide technical assistance and computer and other equipment to police departments, prosecutors, courts, and tribal jurisdictions to facilitate the widespread enforcement of protection orders, including interstate enforcement, enforcement

between States and tribal jurisdictions, and enforcement between tribal jurisdictions.

(8) To develop or strengthen policies and training for police, prosecutors, and the judiciary in recognizing, investigating, and prosecuting instances of domestic violence and sexual assault against older individuals (as defined in section 3002 of this title) and individuals with disabilities (as defined in section 12102(2) of this title).

(9) To develop State, tribal, territorial, or local policies, procedures, and protocols for preventing dual arrests and prosecutions in cases of domestic violence, dating violence, sexual assault, and stalking, and to develop effective methods for identifying the pattern and history of abuse that indicates which party is the actual perpetrator of abuse.

(10) To plan, develop and establish comprehensive victim service and support centers, such as family justice centers, designed to bring together victim advocates from non-profit, non-governmental victim services organizations, law enforcement officers, prosecutors, probation officers, governmental victim assistants, forensic medical professionals, civil legal attorneys, chaplains, legal advocates, representatives from community-based organizations and other relevant public or private agencies or organizations into one centralized location, in order to improve safety, access to services, and confidentiality for victims and families. Although funds may be used to support the co-location of project partners under this paragraph, funds may not support construction or major renovation expenses or activities that fall outside of the scope of the other statutory purpose areas.

(11) To develop and implement policies and training for police, prosecutors, probation and parole officers, and the judiciary in recognizing, investigating, and prosecuting instances of sexual assault, with an emphasis on recognizing the threat to the community for repeat crime perpetration by such individuals.

(12) To develop, enhance, and maintain protection order registries.

(13) To develop human immunodeficiency virus (HIV) testing programs for sexual assault perpetrators and notification and counseling protocols.

(c) Eligibility
