SUPPLEMENTARY INFORMATION:

Annual Native American and Alaskan Native Villages Grantee Conference

The annual grantee conference is a training and technical assistance activity. Attendance at these activities is mandatory. Family Violence Prevention and Services Act (FVPSA) funds may be used to support attendance and participation. A subsequent Program Instruction will advise Tribal FVPSA administrators of the date, time, and location of their grantee conference.

Client Confidentiality

FVPSA programs must establish or implement policies and protocols for maintaining the safety and confidentiality of the adult victims and their children of domestic violence, sexual assault, and stalking. It is essential that the confidentiality of individuals receiving FVPSA services be protected. Consequently, when providing statistical data on program activities, individual identifiers of client records will not be used (section 303(a)(2)(E)).

Stop Family Violence Postal Stamp

The U.S. Postal Service was directed by the "Stamp Out Domestic Violence Act of 2001" (the Act), Pub. L. 107-67, to make available a "semipostal" stamp to provide funding for domestic violence programs. Funds raised in connection with sales of the stamp, less reasonable costs, will be transferred to the U.S. Department of Health and Human Services in accordance with the Act for support of services to children and youth affected by domestic violence. It is projected that initial revenues will be received during the third quarter of FY 2004. Subsequent to the receipt of the stamp proceeds, a program announcement will be issued providing guidance and information on the process and requirements for awards to programs providing services to children and youth.

The Importance of Coordination of Services

The impact of family and intimate violence include physical injury and death of primary or secondary victims, psychological trauma, isolation from family and friends, harm to children witnessing or experiencing violence in homes in which the violence occurs, increased fear, reduced mobility and employability, homelessness, substance abuse, and a host of other health and related mental health consequences.

The physical and cultural obstacles existing in much of Indian country compound the basic dynamics of domestic violence. Barriers such as the isolation of vast rural areas, the concern

for safety in isolated settings, and the transportation requirements over long distances, heighten the need for the coordination of the services through an often limited delivery system.

It is estimated that between 12 percent and 35 percent of women visiting emergency rooms with injuries are there because of battery. In a project intended to broaden the reach of the Native American domestic violence community, the Indian Health Service (IHS) and FVPSA have collaborated to oversee the development of domestic violence community projects. These projects are designed to develop improved health care responses to domestic violence and to facilitate collaboration between the local health care system and local American Indian and Alaskan Native domestic violence advocacy programs. In this effort the IHS also is collaborating with representatives of Mending the Sacred Hoop, Cangleska, Inc., and the Family Violence Prevention Fund to provide training, technical assistance and oversight to the pilot projects.

To help bring about a more effective response to the problem of domestic violence, the Department of Health and Human Services (HHS) urges Native American Tribes, Alaskan Native Villages, and Tribal organizations receiving funds under this grant announcement to coordinate activities under this grant with other new and existing resources for the prevention of family and intimate violence.

Programmatic and Funding Information

A. Background

Title III of the Child Abuse Amendments of 1984 (Pub. L. 98-457, 42 U.S.C. 10401 *et seq.*) is entitled the "Family Violence Prevention and Services Act" (the Act). The Act was first implemented in FY 1986, reauthorized and amended in 1992 by Pub. L. 102-295, in 1994 by Pub. L. 103-322, the Violent Crime Control and Law Enforcement Act, in 1996 by Pub. L. 104-235, the Child Abuse Prevention and Treatment Act (CAPTA) of 1996, and in 2000 by the "Victims of Trafficking and Violence Protection Act" (Pub. L. 106-386, 10/28/2000). The Act was most recently amended by the Keeping Children and Families Safe Act of 2003, Pub. L. 108-36.

The purpose of this legislation is to assist States and Native American Tribes, Alaskan Villages and Tribal organizations in supporting the establishment, maintenance, and expansion of programs and projects to prevent incidents of family violence and

to provide immediate shelter and related assistance for victims of family violence and their dependents.

During FY 2003, 227 grants were made to States and Native American Tribes. The Department also made 53 family violence prevention grant awards to nonprofit State domestic violence coalitions.

In addition, the Department supports the Domestic Violence Resource Center Network (DVRN). The DVRN consist of the National Resource Center for Domestic Violence (NRC) and four Special Issue Resource Centers (SIRCs). The SIRCs are the Battered Women's Justice Project; the Resource Center on Child Custody and Protection, the Resource Center for the Elimination of Domestic Violence Against Native Women (Sacred Circle), and the Health Resource Center on Domestic Violence. The purpose of the NRC and the SIRCs is to provide resource information, training, and technical assistance to Federal, State, and Native American agencies, local domestic violence prevention programs, and other professionals who provide services to victims of domestic violence.

In February, 1996, the Department funded the National Domestic Violence Hotline to ensure that every woman has access to information and emergency assistance wherever and whenever she needs it. The NDVH is a 24-hour, toll-free service which provides crisis assistance, counseling, and local shelter referrals to women across the country. Hotline counselors also are available for non-English speaking persons and for people who are hearing-impaired. The hotline number is 1-800-799-SAFE; the TDY number for the hearing impaired is 1-800-787-3224. As of August 31, 2003 the National Domestic Violence Hotline had answered over 1 million calls.

B. Funds Available

Of the total appropriation for the Family Violence Prevention and Services Program for FY 2004, the Department of Health and Human Services will allocate 70 percent to the designated State agencies administering Family Violence Prevention and Services programs. In this separate announcement the Department will allocate 10 percent to the Tribes, Alaskan Villages and Tribal organizations for the establishment and operation of shelters, safe houses, and the provision of related services. Additionally, in a subsequent announcement, 10 percent will be allocated to the State Domestic Violence Coalitions to continue their work within the domestic violence community by providing technical assistance and

training, and advocacy services among other activities with local domestic violence programs, and to encourage appropriate responses to domestic violence within the States.

Five percent of the FVPSA FY 2004 appropriation will be available to continue the support for the National Resource Center and the four Special Issue Resource Centers. The remaining 5 percent of the FY 2004 family violence prevention and services funding will be used to support training and technical assistance, collaborative projects with advocacy organizations and service providers, data collection efforts, public education activities, research and other demonstration activities at the national level through the competitive or discretionary grant process.

C. Native American Tribal Allocations

The Secretary is required to make 10 percent of amounts appropriated under section 310(a) for grants to Native American Tribes. Native American Tribes and Tribal organizations are eligible for funding under this program if they meet the definition of such entities as found in the Indian Self-Determination and Education Assistance Act, 25 U.S.C. 450, and are able to demonstrate their capacity to carry out a family violence prevention and services program.

Any Native American Tribe that believes it meets the eligibility criteria should provide supportive documentation in its application and a request for inclusion on the list of eligible tribes. (See Native American Tribal Application Requirements.)

In computing Native American Tribal allocations, we will use the latest available population figures from the Census Bureau. Where Census Bureau data are unavailable, we will use figures from the BIA Indian Population and Labor Force Report.

Because section 304 of the Act specifies a minimum base amount for State allocations, we have set a base amount for Native American Tribal allocations. Since FY 1986, we have found, in practice, that the establishment of a base amount has facilitated our efforts to make a fair and equitable distribution of limited grant funds.

Due to the expanded interest in the prevention of family violence and in the provision of services to victims of family violence and their dependents, we have received an increasing number of tribal applications over the past several years. In order to ensure the continuance of an equitable distribution of family violence prevention and services funding in response to the

increased number of tribes that apply, we have adjusted the funding formula for the allocation of family violence funds.

Native American Tribes which meet the application requirements and whose reservation and surrounding Tribal Trust Lands population is:

- Less than or equal to 1,500 will receive a minimum base amount of \$1,500;
- Greater than 1,500 but less than 3,001 will receive a minimum base amount of \$3,000;
- Between 3,001 and 4,000 will receive a minimum base amount of \$4,000; and
- Between 4,001 and 5,000 will receive a minimum base amount of \$5,000.

The minimum base amounts are in relation to the Tribe's population and the progression of an additional \$1,000 per 1,000 persons in the population range continues until the Tribe's population is 50,000.

Tribes with a population of 50,000 to 100,000 will receive a minimum of \$50,000, and Tribes with a population of 100,001 to 150,000 will receive a minimum of \$100,000.

Once the base amounts have been distributed to the Tribes that have applied for family violence funding, the ratio of the Tribe's population to the total population of all the applicant Tribes is then considered in allocating the remainder of the funds. With the distribution of a proportional amount plus a base amount to the Tribes we have accounted for the variance in actual population and scope of the family violence programs. Under the previous allocation plan we did not have a method by which to consider the variance in tribal census counts. As in previous years, Tribes are encouraged to apply as consortia for the family violence funding.

General Grant Requirements for Native American Tribes

Native American Tribes should use the following definitions in carrying out their programs. The definitions are found in section 320 of the Act.

Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. 6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment,

Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Appendix C—Certification Regarding Environmental Tobacco Smoke

Public Law 103227, Part C Environmental Tobacco Smoke, also known as the Pro Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor routinely owned or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan,

or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 per day and/or the imposition of an administrative compliance order on the responsible entity. By signing and submitting this application the applicant/grantee certifies that it will comply with the requirements of the Act.

The applicant/grantee further agrees that it will require the language of this certification be included in any subawards which contain provisions for the children's services and that all subgrantees shall certify accordingly.

Appendix D—Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR part 76, subpart F, sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW., Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under

the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

(b) Establishing an ongoing drug-free awareness program to inform employees about—

(1) The dangers of drug abuse in the workplace;

(2) The grantee's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

(c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will—

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted—

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include

the identification number(s) of each affected grant.
