Comments from members of the public are invited, and may be filed with the Commission in either paper or electronic form.

1. A public comment filed in paper form should be mailed or delivered to the following address: Federal Trade Commission/Office of the Secretary, Room 159-H, 600 Pennsylvania Avenue, NW., Washington, DC 20580. If the comment contains any material for which confidential treatment is requested, it must be filed in paper (rather than electronic) form, and the first page of the document must be clearly labeled "Confidential."¹

2. A public comment that does not contain any material for which confidential treatment is requested may instead be filed in electronic form (in ASCII format, WordPerfect, or Microsoft Word), as part of or as an attachment to an e-mail message sent to the following e-mail box: consentagreement@ftc.gov.

3. Regardless of the form in which they are filed, all timely comments will be considered by the Commission, and will be available (with confidential material redacted) for public inspection and copying on the Commission Web site at <http://www.ftc.gov> and at its principal office. As a matter of discretion, the Commission makes every effort to remove home contact information for individuals from the public comments it receives, before placing those comments on the FTC Web site.

Interim Consent Order

This matter having been heard by the Commission upon Respondents' and Complaint Counsel's stipulation that the following Interim Consent Order ("Order") be issued and be effective upon service pending the issuance of a Final Order and Opinion of the Commission in this matter, which is still forthcoming,

It is hereby ordered:

A. Respondents shall prevent the destruction, removal, wasting, deterioration, sale, disposition, transfer, or impairment of the PDM Assets, except in the ordinary course of business or for ordinary wear and tear. "PDM Assets" means all right, title, and interest in and to all assets, tangible or intangible, acquired by CB&I from PDM in the Acquisition, and any

¹ Commission Rule 4.2(d), 16 CFR 4.2(d). The comment must also be accompanied by an explicit request for confidential treatment, including the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. The request will be granted or denied by the Commission's General Counsel, consistent with applicable law and the public interest. See Commission Rule 4.9(c), 16 CFR 4.9(c).

improvements or additions made to such assets by CB&I subsequent to February 7, 2001, including but not limited to:

1. All real property (including fee simple interests and real property leasehold interests), including, but not limited to, the fabrication facilities located at Provo, Utah; Clive, Iowa; and Warren, Pennsylvania;

2. All personal property, including machinery and equipment;

3. All inventories, stores, and supplies;

4. All rights under any contract, including, but not limited to, any lease, customer contracts, supply agreement, sole-source arrangement, and procurement contract;

5. All intellectual property;

6. All governmental approvals, consents, licenses, permits, waivers, or other authorizations;

7. All rights under warranties and guarantees, express or implied;

8. All items of prepaid expense; and

9. All books, records, and files (electronic and hard copy) relating to the foregoing.

B. In the event that Respondents decide to remove, sell, cease operations of, lease, assign, transfer, license, or otherwise dispose of any assets, tangible or intangible, at its Provo, Utah fabrication facility, Respondents shall notify the Secretary, Complaint Counsel, and the Compliance Division not later than sixty (60) days before taking such action. Nothing herein shall be construed to preclude the Commission from seeking judicial relief, if warranted, to block such action.

C. Respondents shall take such steps to notify its employees at the Provo fabrication facility that CB&I has no present intention of removing, selling, ceasing operations of, leasing, assigning, transferring, licensing, or otherwise disposing of the Provo fabrication facility. Such actions shall include:

1. notifying its current employees at the Provo fabrication facility in writing that any outstanding notice to terminate their employment or suspend operations at the Provo facility is rescinded and that operations of the Provo facility shall continue until further notice, consistent with CB&I's press release dated December 9, 2003;

2. retract any notices made pursuant to the Worker Adjustment and Retraining Notification (WARN) Act concerning the proposed temporary suspension of operations at the Provo facility.

D. Nothing in this Order shall be interpreted to decide any issues or grant Respondents any authority as to any

issues that are not expressly stated or addressed herein.

It is further ordered that Respondents shall provide a copy of this Order to each of Respondents' officers, employees, or agents having managerial responsibility for any of Respondents' obligations under this Order, no later than five (5) days from the date this Order becomes final.

By direction of the Commission.

Donald S. Clark,

Secretary.

Notice of Intent To Prepare an Environmental Impact Statement for the Andrade Port of Entry Expansion/ Renovation

AGENCY: General Services Administration (GSA).

ACTION: Notice of intent to prepare an Environmental Impact Statement (EIS) for the expansion/renovation of the Andrade Port of Entry (POE).

SUMMARY: The action to be evaluated by this EIS is the expansion/renovation of the existing Andrade POE, located in Andrade, California, to improve the safety, security, and operations of the POE, and to maintain control over ever-present illegal activities at the border. The facility serves vehicular and pedestrian traffic into and out of the Mexican town of Algodones. Expansion/renovation of this facility is proposed to respond to the substantial increase in the flow of both vehicles and pedestrians. The existing POE facility is not equipped to process the number of vehicles and pedestrians anticipated at a level of service consistent with the Federal Inspection Service minimum standards for processing time and overall operational efficiency. The current facility layout requires northbound pedestrians to cross both lanes of SR-186 upon exiting the pedestrian inspection facility, which impedes vehicle circulation, hinders vehicle inspection efficiency, and presents a hazard to those pedestrians.

Alternatives: Four build alternatives for the proposed project are currently under consideration and will be analyzed in the EIS for potential environmental impacts. In addition, the "no build" alternative will be analyzed. Alternatives 1 and 2, located on Fort Yuma (Quechan) Indian Reservation

land, would expand the existing facility on additional property immediately north and west of the existing site. These two alternatives differ in how traffic would flow through the facility. Alternative 3, also located on Fort Yuma (Quechan) Indian Reservation land, would construct a new facility immediately across the Alamo Canal, east of the existing facility. A bridge over the canal would connect the new facility to the existing roadway. Alternative 4 would leave the existing facility in place, and construct a new facility east of Algodones on the Arizona side of the Colorado River, connecting with Algodones via a bridge. Land in this area is privately owned. Under Alternative 4, both POE's would remain open, but the majority of vehicular traffic would be expected to pass through the new facility.

The EIS will address the potential environmental impacts of the alternatives for the proposed project, including: land use, visual and aesthetic resources, cultural and historic resources, traffic and public safety, air quality during construction and operation, noise, biological resources, geology and soils, water resources, and infrastructure and utilities. The EIS will also address the socioeconomic and environmental justice effects of the potential expansion/renovation of the Andrade POE.

Public Involvement: The views and comments of the public are necessary in determining the scope and content of the environmental analysis in connection with the proposed project. A public scoping meeting for the proposed project will be held on January 7, 2004, from 3 p.m. to 6 p.m. at the Shilo Inn, Yuma Room, 1550 South Castle Dome Road, Yuma, AZ, 85365 (near 16th Street exit from Interstate 8). Interested parties may attend to present questions and concerns that they believe should be addressed in the EIS. Comments and questions can also be submitted to the Point of Contact listed below. Due to time limits mandated by federal law, responses to scoping are requested no later than 30 days after publication of this notice. It is anticipated that the Draft EIS will be available for public review and comment in September 2004.

If you require additional information regarding the public scoping meeting or proposed project, or require special assistance to attend the meeting, please contact the GSA or visit our Web site: <http://hydra.gsa.gov/regions/r9/Andrade>.
