

September of 1995, the Respondent pled guilty to one count of obtaining controlled substances by fraud, misrepresentation and deceit in violation of 21 U.S.C. 843(a)(3).

As to factor five, "[s]uch other conduct which may threaten the public health or safety," the Deputy Administrator finds significant that the Respondent asserted in his letter filed on August 21, 1995, that his past violations were "addiction-induced and that he has been in recovery from his addiction for 2½ years." However, in August of 1994, the Investigator interviewed the Medical Director of the PHP (Director), who had stated that the Respondent had failed to complete the treatment program. Although the urine screens he had provided were all negative, the Respondent had missed numerous urine screen appointments, at times missing repeated appointments for a period of six weeks or more. The Director specifically noted the period from May 31, 1994, through July 19, 1994, during which the Respondent did not participate in any of the required urine screens. Such conduct by the Respondent places into question his commitment to rehabilitation and his suitability for continued registration with the DEA.

The Respondent did not present any evidence of remorse for his past misconduct, or evidence of rehabilitative actions taken to correct his past unlawful behavior. Further, he provided no assurances that he would not engage in such conduct in the future. Absent such evidence and such assurances in this case, the Deputy Administrator finds that continued registration of the Respondent is inconsistent with the public interest.

Accordingly, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823 and 824, and 28 CFR 0.100(b) and 0.104, hereby orders that DEA Certificate of Registration, AP9171048, issued to Ronald Phillips, D.O., be, and it hereby is, revoked, and any pending applications are hereby denied. This order is effective May 6, 1996.

Dated: April 1, 1996.

Stephen H. Greene,
Deputy Administrator.

Employment Standards Administration Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract

work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas as decisions thereto, contain no expiration dates and are effective from their date of notice in the Federal Register, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon and Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.
