Program Title

Enhancing Education Through Technology Program

Also Known as
Ed Tech State Program; Ed Tech; EETT

CFDA # (or ED #)
84.318

Administering Office
Office of Elementary and Secondary Education (OESE)

Who May Apply (by category)
State Education Agencies (SEAs)

Type of Assistance (by category)
Formula Grants

Type of Assistance (specifically)
Awards are made to SEAs, which are required to use at least 95 percent of funds for subgrants. Of the subgrant funds, one-half are awarded by formula to eligible local education agencies (LEAs); and one-half are awarded by competition to eligible "local entities," which must include a "high need local education agency." In the U.S. Department of Education's fiscal year 2006 appropriations bill, Congress also included language overriding the statutory provision that SEAs use 50 percent of the amount available for grants to LEAs for formula awards and 50 percent for competitive awards. The FY 2006 appropriations language provides SEAs with the flexibility to reserve up to 100 percent of their allocations for competitive awards to eligible local entities. These provisions continue to apply under the FY 2008 appropriations.

Appropriations

Fiscal Year 2006	\$272,250,000
Fiscal Year 2007	\$272,250,000
Fiscal Year 2008	\$267,493,792

Fiscal Year 2008 Awards Information
Note: The Department is not bound by any estimates in this notice.

Number of New Awards Anticipated: 57 (includes outlying areas—American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands—and the U.S. Department of the Interior's Bureau of Indian Education)

Average New Award: \$4,978,214

Range of New Awards: \$1,294,335–\$30,544,047

Note: The calculations for average award and range of awards includes only the 50 states, the District of Columbia and Puerto Rico.

Legislative Citation
Elementary and Secondary Education Act of 1965 (ESEA), as amended, Title II, Part D

Program Regulations
EDGAR

Program Description
The primary goal of this program is to improve student achievement through the use of technology in elementary and secondary schools. Additional goals include helping all students become technologically literate by the end of the eighth grade and, through the integration of technology with both teacher training and curriculum development, establishing research-based instructional methods that can be widely implemented.

Types of Projects

Local activities include the support of continuing, sustained professional development programs and public-private partnerships. Activities also include: the use of new or existing technologies to improve academic achievement; the acquisition of curricula that integrate technology and are designed to meet challenging state academic standards; the use of technology to increase parent involvement in schools; and the use of technology to collect, manage, and analyze data to enhance teaching and school improvement.

Education Level (by category)

Adult, K-12, Postsecondary, Pre-K

Subject Index

Computer Uses in Education, Internet, Professional Development, Technology
