

# Selected BLS Economic Indicators

## New Hampshire

### Selected Indicators

This fact sheet presents recent **employment and unemployment** figures for the State of New Hampshire and the United States. The **Consumer Price Index (CPI)** measures price changes or inflation for particular commodities and services at the retail level. The **Producer Price Index (PPI)** measures price changes or inflation for particular commodities and services at the wholesale level and is widely used by business firms as an escalator in long-term contracts. The **Employment Cost Index (ECI)** measures price changes or inflation of labor costs which includes wages and salaries and employer costs for employee benefits.
