

Selected BLS Economic Indicators

New Haven Metro Area

Selected Indicators

This fact sheet presents recent **employment and unemployment** figures for the New Haven, CT Metropolitan Statistical Area, the state of Connecticut, and the United States. The **Consumer Price Index (CPI)** measures price changes or inflation for particular commodities and services at the retail level. The **Producer Price Index (PPI)** measures price changes or inflation for particular commodities and services at the wholesale level and is widely used by business firms as an escalator in long-term contracts. The **Employment Cost Index (ECI)** measures price changes or inflation of labor costs which includes wages and salaries and employer costs for employee benefits.
