(“Nasdaq”), filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in items I, II, and III below, which Items have been prepared by Nasdaq. Nasdaq has designated this proposal as one establishing or changing a due, fee, or other charge imposed by the self-regulatory organization under section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the rule effective upon Commission receipt of this filing. II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, ECNs connect to Nasdaq through an application programming interface (“API”) protocol that relies upon a Service Delivery Platform (“SDP”), a server machine containing Nasdaq-installed software that is located at the premises of the ECN. Nasdaq is now introducing an option for ECNs to connect to Nasdaq through a dedicated point-to-point linkage to Nasdaq Market Center host computers, rather than through an SDP. Nasdaq believes that allowing ECNs to establish a direct connection will enhance their ability to interact with the Nasdaq Market Center in an efficient manner, and that those ECNs that continue to quote in Nasdaq will respond favorably to being allowed

to establish direct connections. In fact, one such ECN has already commenced testing such a connection and is prepared to avail itself of the service once it is made available. Accordingly, Nasdaq is proposing to offer such connections at a fee of \$1,000 per port pair per month, as an alternative to an SPD/API connection. This fee compares favorably with the current fee of \$2,035 per SPD per month.⁵

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of section 15A of the Act,⁶ in general, and sections 15A(b)(5) of the Act,⁷ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls. The proposed rule change will provide ECNs

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(ii).

⁴ 17 CFR 240.19b-4(f)(2).

⁵ NASD Rules provide that order-delivery ECNs must respond to messages sent to them by the system within 5 seconds on average, and in no event later than 30 seconds for any one message. Nasdaq recently filed a related proposed rule change to NASD Rule 4710 to provide that the response time of an order-delivery ECN may be

measured either by the ECN’s SDP (in the case of ECN’s using SDPs) or by the Nasdaq Market Center (in the case of ECNs opting to establish direct connections. See SR-NASD-2004-156 (October 15, 2004).

⁶ 15 U.S.C. 78o-3.

⁷ 15 U.S.C. 78o-3(5).

with a cost-effective means to establish direct connections, which can be expected to improve the speed and certainty of execution in the market, to the benefit of all market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to section 19(b)(3)(A)(ii) of the Act⁸ and subparagraph (f)(2) of Rule 19b-4 thereunder,⁹ because it establishes or changes a due, fee, or other charge. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
