

Fact Sheet #2A: Rules for Employing Youth in Restaurants and Quick-Service Establishments under the Fair Labor Standards Act (FLSA)

This fact sheet provides general information concerning the application of the federal youth employment provisions to restaurants and quick-service establishments that employ workers who are less than 18 years of age. For detailed information about the federal youth provisions, please read Regulations, [29 CFR Part 570](#).

The Department of Labor is committed to helping young workers find positive, appropriate and safe employment experiences. The youth employment provisions of the FLSA were enacted to ensure that when young people work, the work does not jeopardize their health, well-being or educational opportunities. Working youth are generally entitled to the same [minimum wage](#) and [overtime](#) protections as older adults. For information about these requirements in the restaurant and quick-service industries, please see [Fact Sheet 2](#) in this series, Restaurants and Quick Service Establishment under the Fair Labor Standards Act.

Minimum Age Standards for Employment

The [FLSA](#) and the youth employment regulations, issued at [29 CFR Part 570](#), establish both hours and occupational standards for youth. Youth of any age are generally permitted to work for businesses entirely owned by their parents, except those under 16 may not be employed in mining or manufacturing and no one under 18 may be employed in any occupation the Secretary of Labor has declared to be hazardous.

18 Years of Age Once a youth reaches 18 years of age, he or she is no longer subject to the federal youth employment provisions.

16 & 17 Years of Age Sixteen- and 17-year-olds may be employed for unlimited hours in any occupation other than those declared hazardous by the Secretary of Labor. Examples of equipment declared hazardous in food service establishments include power-driven meat processing machines (meat slicers, meat saws, patty forming machines, meat grinders, and meat choppers), commercial mixers and certain power-driven bakery machines. Employees under 18 years of age are not permitted to operate, feed, set-up, adjust, repair, or clean any of these machines.

Generally, no employee under 18 years of age may drive on the job or serve as an outside helper on a motor vehicle on a public road, but 17-year-olds who meet certain specific requirements may drive automobiles and trucks that do not exceed 6,000 pounds gross vehicle weight for limited amounts of time as part of their job. Such minors are, however, prohibited from making time sensitive deliveries (such as pizza deliveries or other trips where time is of essence) and from driving at night. ([See Fact Sheet 34](#): Youth Employment provision and the Driving of Automobiles and Trucks under the Fair Labor Standard Act.)

Minors under 18 years of age may not operate or unload scrap paper balers or paper box compactors. Sixteen- and 17-year-olds may load such machines under certain specific circumstances. ([See Fact Sheet #57](#): in this series, Hazardous Occupations Order No. 12. Rules for Employing Youth and the Loading of Power-Driven Balers and Compactors under the Fair Labor Standards Act.)

14 & 15 Years of Age Fourteen- and 15- year-olds may be employed in restaurants and quick-service establishments outside school hours in a variety of jobs for limited periods of time and under specified conditions.

Work Experience and Career Exploration Program (WECEP)

WECEP is a program designed to provide a carefully planned work experience and career exploration program for 14- and 15-year-old youths who can benefit from a career oriented educational program designed to meet the participants' needs, interests and abilities. The program is aimed at helping youths to become reoriented and motivated toward education and to prepare them for the world of work.

State Departments of Education are granted approval to operate a WECEP by the Administrator of the Wage and Hour Division for a 2-year period. Certain provisions of youth employment provisions are modified for 14- and 15-year-old participants during the school term.

- They may work during school hours.
- They may work up to 3 hours on a school day; and as many as 23 hours in a school week.
- They also may work in some occupations that would otherwise be prohibited under a variance issued by the Administrator, but they may not work in manufacturing, mining or any of the 17 Hazardous Occupations.

Individual employers may partner with participating local school districts in those states authorized to operate WECEPs.
