Freight Analysis Framework (FAF) Products Guide

These products, based on the new and improved version of FAF (FAF²), present information on commodity flows and related transportation activity among major metropolitan areas, states, regions, and international gateways. FAF² provides estimates for 2002, annual provisional estimates beginning with 2005, and forecasts through 2035. All of the products listed here are available at www.ops.fhwa.dot.gov/freight/freight_analysis/faf.
