Other Information

OMB Control Number 1225-0086. Expires September 30, 2009. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 20 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimated or any other aspect of this collection of information, including suggestions for reducing this burden, to the OMB Desk Officer for ETA, Office of Management and Budget, Room 10235, Washington, DC 20503. PLEASE DO NOT RETURN THE COMPLETED APPLICATION TO THE OMB. SEND IT TO THE SPONSORING AGENCY AS SPECIFIED IN THIS SOLICITATION.

This information is being collected for the purpose of awarding a grant. The information collected through this "Solicitation for Grant Applications" will be used by the Department of Labor to ensure that grants are awarded to the applicant best suited to perform the functions of the grant. Submission of this information is required in order for the applicant to be considered for award of this grant. Unless otherwise specifically noted in this announcement, information submitted

in the respondent's application is not considered to be confidential.

Signed at Washington, DC, this 1st day of October 2008.

Chari A. Magruder,
Employment and Training Administration,
Grant Officer.

Attachment A

Memorandum of Agreement

In applying for these funds, the organization represented by the undersigned (the "applicant") agrees to participate in a random assignment evaluation in which individuals applying to the program are randomly assigned to either receive or not to receive program services. This agreement is intended to serve as evidence of the applicant's commitment to support and participate in a random assignment study.

The impact study will require selected applicants to adhere to the assignment criteria as developed by the impact study team. In order to achieve a sufficient sample size to compute reliable impacts the intake process for the evaluation will last at least one year. During that time, the applicant agrees that up to half of the participants they recruit may be assigned to a control group not receiving services.

Additionally, the applicant agrees to provide all data requested by the evaluation contractor (to be selected by ETA), subject to applicable confidentiality and privacy statutes.

Visteon Corporation Regional Assembly & Manufacturing LLC, Fuel Delivery—Climate Group Division, Concordia, MO; Notice of Negative Determination on Reconsideration

On September 4, 2008, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on September 18, 2008 (73 FR 54171).

The initial investigation resulted in a negative determination based on the finding that imports of automotive fuel tanks did not contribute importantly to worker separations at the subject firm

and no shift of production to a foreign source occurred.

The petitioner requested that workers of Visteon Corporation Regional Assembly & Manufacturing LLC, Fuel Delivery—Climate Group Division, Concordia, Missouri be considered eligible for TAA as a secondary affected company. The petitioner provided a list of TAA certified companies to which the subject firm allegedly supplied components during the relevant time period.

A company official was contacted to verify whether the subject firm supplied automotive fuel tanks to the companies and locations provided by the petitioner. The company official stated that Visteon Corporation Regional Assembly & Manufacturing LLC, Fuel Delivery—Climate Group Division, Concordia, Missouri did not directly sell to these certified locations and that these specific production facilities were not customers of the subject firm during the relevant time period. The Department conducted a further investigation and determined that none of the customers of the subject firm were certified eligible for TAA during the relevant time period.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Visteon Corporation Regional Assembly & Manufacturing LLC, Fuel Delivery—Climate Group Division, Concordia, Missouri.

Signed at Washington, DC, this 2nd day of October 2008.

Elliott S. Kushner,
Certifying Officer, Division of Trade Adjustment Assistance.

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Proposed Information Collection Request Submitted for Public Comment and Recommendations; Independent Contractor Registration and Identification

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a pre-clearance consultation program to provide the general public and Federal agencies with an

opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments concerning the proposed extension of the information collection related to the Independent Contractor Registration and Identification.

DATES: Submit comments on or before December 9, 2008.

ADDRESSES: Send comments to U.S. Department of Labor, Mine Safety and Health Administration, Debbie Ferraro, Management Services Division, 1100 Wilson Boulevard, Room 2141, Arlington, VA 22209-3939. Commenters are encouraged to send their comments on a computer disk, or via e-mail to Ferraro.Debbie@dol.gov, along with an original printed copy. Ms. Ferraro can be reached at (202) 693-9821 (voice), or (202) 693-9801 (facsimile).

FOR FURTHER INFORMATION CONTACT: Contact the employee listed in the **ADDRESSES** section of this notice.

SUPPLEMENTARY INFORMATION:

I. Background

Independent contractors performing services or construction at mines are subject to the Federal Mine Safety and Health Act of 1977. Title 30 CFR 45.4(b) requires mine operators to maintain a written summary of information concerning each independent contractor present on the mine site. The information includes the trade name, business address, and telephone number; a brief description and the location on the mine of the work to be performed; MSHA identification number, if any; and the contractor's business address of record. This information is required to be provided for inspection and enforcement purposes by the mine operator to any MSHA inspector upon request.

Title 30 CFR 45.3 provides that independent contractors may voluntarily obtain a permanent MSHA identification number by submitting to MSHA their trade name and business address, a telephone number, an estimate of the annual hours worked by the contractor on mine property for the previous calendar year, and the address of record for service of documents upon

the contractor. Independent contractors performing services or construction at mines are subject to the Federal Mine Safety and Health Act of 1977 (Mine Act) and are responsible for violations of the Mine Act committed by them or their employees.

Although Independent Contractors are not required to apply for the identification number, they will be assigned one by MSHA the first time they are cited for a violation of the Mine Act. MSHA uses the information to issue a permanent MSHA identification number to the independent contractor.

II. Desired Focus of Comments

Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments concerning the proposed extension of the information collection requirement related to Independent Contractor Registration and Identification. MSHA is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of MSHA's functions, including whether the information has practical utility;
- Evaluate the accuracy of MSHA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Address the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submissions of responses) to minimize the burden of the collection of information on those who are to respond.

A copy of the proposed information collection request can be obtained by contacting the employee listed in the **ADDRESSES** section of this notice or viewed on the internet by accessing the MSHA home page (<http://www.msha.gov/>) and selecting "Rules and Regs", and then selecting "Fed Reg Docs."

III. Current Actions

The information obtained from the contractors is used by MSHA during inspections to determine proper responsibility for compliance with safety and health standards.
