

The request to release property may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release property at the Acadiana Regional Airport, New Iberia, Louisiana, under the provisions of the AIR 21.

On April 25, 2003, the FAA determined that the request to release property at Acadiana Regional Airport submitted by the Iberia Parish Airport Authority met the procedural requirements of the Federal Aviation Regulations, Part 155. The FAA may approve the request, in whole or in part, no later than August 15, 2003.

The following is a brief overview of the request:

The Iberia Parish Airport Authority requests the release of 2,277 acres of airport property. The release of property will allow for an industrial development project to proceed. The sale is estimated to provide \$50,000 for airport maintenance.

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at the Acadiana Regional Airport.

Issued in Fort Worth, Texas on April 29, 2003.

Naomi L. Saunders

Manager, Airports Division

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Solano County, CA

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared for a proposed highway project in Solano County, California.

FOR FURTHER INFORMATION CONTACT: Maiser Khaled, Chief District Operations—North, Federal Highway Administration, California Division, 980 Ninth Street, Suite 400, Sacramento, California 95814-2724, Telephone (916) 498-5020.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the

California Department of Transportation (Caltrans), will prepare an environmental impact statement (EIS) for a proposed project to improve the Interchange of I-80, I-680, and State route (SR) 12 in Solano County, California. The I-80/I-680/SR-12 Interchange experiences traffic congestion due to regional traffic that includes the San Francisco Bay Area commuter traffic and recreational traffic traveling between the San Francisco Bay Area and Lake Tahoe. The objectives of the proposed project are to alleviate congestion, improve safety, and provide for the predicted traffic demand.

Alternatives that may be considered in the EIS include (1) taking no action; and (2) a range of alternatives that include two or more of the following components: reconfiguration and expansion of the existing I-80/I-680 interchange widening of I-80 (may include auxiliary lanes, high occupancy vehicle (HOV) lanes, collector/distributor roads, and viaducts), construction of an I-680 viaduct, construction of a new I-680 to SR-12 East connector roadway, reconstruction of the interchange on I-680 at Red Top Road, and on I-80 at Green valley/Suisun Valley Road, Abernathy Road and West Texas Street. Alternatives will include options for reconfiguration or relocation of the existing truck scales to improve access and egress.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed or are known to have an interest in this proposal. A public scoping meeting will be held on May 12, 2003, from 6 p.m. to 8:30 p.m. at Rodriguez High School, 5000 Red top Road, Fairfield, California. Additional public meetings will be held. In addition, a public hearing will be held. The draft EIS will be available for public and agency review prior to the public hearing. Public notice will be given of the exact time and location of the meetings and hearing.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation of

Federal programs and activities apply to this program.)

Dated: Issued on: May 5, 2003.

Maiser Khaled,

Chief—District Operations, North Sacramento, California.

BILLING CODE 4910-22-M

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICRs describe the nature of the information collection and its expected burden. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collections of information was published on March 4, 2003 (68 FR 10304).

DATES: Comments must be submitted on or before June 9, 2003.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 17, Washington, DC 20590 (telephone: (202) 493-6292) or Debra Steward, Office of Information Technology and Productivity Improvement, RAD-20, Federal Railroad Administration, 1120 Vermont Ave., NW., Mail Stop 35, Washington, DC 20590 (telephone: (202) 493-6139). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Pub. L. 104-13, section 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On March 4, 2003, FRA published a 60-day notice in the **Federal Register** soliciting comment on ICRs that the agency was seeking

OMB approval. See 68 FR 10304. FRA received no comments after issuing this notice. Accordingly, DOT announces that these information collection activities have been re-evaluated and certified under 5 CFR 1320.5(a) and forwarded to OMB for review and approval pursuant to 5 CFR 1320.12(c).

Before OMB decides whether to approve these proposed collections of information, it must provide 30 days for public comment. 44 U.S.C. 3507(b); 5 CFR 1320.12(d). Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507 (b)–(c); 5 CFR 1320.12(d); see also 60 FR 44978, 44983, Aug. 29, 1995. OMB believes that the 30 day notice informs the regulated community to file relevant comments and affords the agency adequate time to digest public comments before it renders a decision. 60 FR 44983, Aug. 29, 1995. Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); see also 60 FR 44983, Aug. 29, 1995.

The summaries below describe the nature of the information collection requirements (ICRs) and the expected burden. The revised requirements are being submitted for clearance by OMB as required by the PRA.

Title: Railroad Police Officers.

OMB Control Number: 2130–0537.

Type of Request: Extension of a currently approved collection.

Affected Public: Railroads and States.

Form(s): None.

Abstract: Under 49 CFR part 207, railroads are required to notify states of all designated police officers who are discharging their duties outside of their respective jurisdictions. This requirement is necessary to verify proper police authority.

Annual Estimated Burden Hours: 155 hours.

Title: Control of Alcohol and Drug Use in Railroad Operations.

OMB Control Number: 2130–0526.

Type of Request: Extension of a currently approved collection.

Affected Public: Railroads.

Form(s): FRA F 6180.73; 6180.74; 6180.94A, and 6180.94B.

Abstract: The information collection requirements contained in pre-employment and “for cause” testing regulations are intended to ensure a sense of fairness and accuracy for railroads and their employees. The principal information—evidence of unauthorized alcohol or drug use—is used to prevent accidents by screening personnel who perform safety-sensitive

service. FRA uses the information to measure the level of compliance with regulations governing the use of alcohol or controlled substances. Elimination of this problem is necessary to prevent accidents, injuries, and fatalities of the nature already experienced and further reduce the risk of a truly catastrophic accident. Finally, FRA analyzes the data provided in the Management Information System annual report to monitor the effectiveness of a railroad’s alcohol and drug testing program.

Annual Estimated Burden Hours: 34,378 hours.

Title: Identification of Cars Moved in Accordance with Order 13528.

OMB Control Number: 2130–0506.

Type of Request: Extension of a currently approved collection.

Affected Public: Railroads.

Form(s): None.

Abstract: This collection of information identifies a freight car being moved within the scope of Order 13528 (Order). See 49 CFR part 232, appendix B. Otherwise, an exception will be taken, and the car will be set out of the train and not delivered. The information that must be recorded is specified at 49 CFR part 232, appendix B, requiring that a car be properly identified by a card attached to each side of the car and signed stating that such movement is being made under the authority of the Order. The Order does not require retaining cards or tags. When a car bearing a tag for movement under the Order arrives at its destination, the tags are simply removed.

Annual Estimated Burden Hours: 67 hours.

ADDRESSES: Send comments regarding this information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC 20503, Attention: FRA Desk Officer.

Comments are invited on the following: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department’s estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication of this notice in the **Federal Register**.

Authority: 44 U.S.C. 3501–3520.

Issued in Washington, DC, on May 6, 2003.

Kathy A. Weiner,

Acting Director, Office of Information Technology and Support Systems, Federal Railroad Administration.

BILLING CODE 4910–06–P

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 34334]

Lancaster and Chester Railway Company—Acquisition and Operation Exemption—Norfolk Southern Railway Company

Lancaster and Chester Railway Company (L&C), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire from Norfolk Southern Railway Company (NS) approximately 30.8 miles of rail line in Kershaw and Lancaster Counties, SC. The line extends from approximately milepost SB–58.7, at Kershaw, to approximately milepost SB–89.5, at Catawba, SC. The line connects to L&C’s existing rail line at L&C Chester District Connection, at approximately milepost SB–76.4, near Lancaster. L&C currently operates the subject line under a lease from NS.¹

L&C certifies that its projected revenues as a result of this transaction will not result in the creation of a Class II or Class I rail carrier.²

L&C states that it expects to consummate the transaction: (1) By the end of April 2003, but not before the Board renders its decision on the petition for waiver; (2) if it satisfies the requirements under CFR 1150.42(e); or (3) on April 21, 2003 (7 days after the exemption was filed). As a result of the waiver of the labor notice requirements, the exemption in this proceeding was effective on April 28, 2003.

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d)

¹ L&C leases the line pursuant to a notice of exemption in *Lancaster and Chester Railway Company—Lease and Operation Exemption—Norfolk Southern Railway Company*, STB Finance Docket No. 33969 served and published in the **Federal Register** on February 7, 2001 (66 FR 9410).

² In a decision served on April 28, 2003, the Board granted L&C’s request to waive the labor notice requirements of 49 CFR 1150.42(e). The Board noted that no NS employees have worked on the line for more than 2 years, and that, when L&C leased the line, required notice was sent to national offices of all labor unions representing employees on the line and was posted at the workplace of employees on the line in compliance with 49 CFR 1150.42(e).
