DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Mary Jean Pajak, P.E., FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-2831.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Mitigation Division Director of the Emergency Preparedness and Response Directorate, has resolved any appeals resulting from this notification.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

The Agency has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and Flood Insurance Rate Map available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Mitigation Division Director of the Emergency Preparedness and Response Directorate certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, flood insurance, reporting and recordkeeping requirements.

■ Accordingly, 44 CFR Part 67 is amended as follows:

PART 67—[AMENDED]

■ 1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance.")

Dated: May 21, 2003.

Anthony S. Lowe,

Mitigation Division Director, Emergency Preparedness and Response Directorate.

BILLING CODE 6718-04-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 2, 73, 74, 80, 90, and 97

[ET Docket No. 02-16; FCC 03-39]

Below 28 MHz

AGENCY: Federal Communications Commission.

ACTION: Final rule; correction.

SUMMARY: On May 13, 2003 (68 FR 25512), the Commission published final rules in the Report and Order, which amended the rules to implement domestically various allocation decisions from ITU World Radiocommunication Conferences. This document contains a correction to § 90.35(c)(82), which was inadvertently added.

DATES: Effective June 12, 2003.

FOR FURTHER INFORMATION CONTACT: Shameeka Parrott, Office of Engineering and Technology, (202) 418-2062, e-mail: *Shameeka.Parrott@fcc.gov*.

SUPPLEMENTARY INFORMATION: The Federal Communications Commission published a document amending parts 2, 73, 74, 80, 90, and 97 of the Commission's rules in the **Federal Register** of May 13, 2003 (68 FR 25512). This document corrects the **Federal Register** as it appeared. In FR Doc. 03-11723, published on May 13, 2003 (68 FR 25512), the Commission is correcting § 90.35(c)(82) with § 90.35(c)(89).

In rule FR Doc. 03-11723 published on May 13, 2003 (68 FR 25512), the Commission is correcting § 90.35(c)(82) to read as § 90.35(c)(89):

On page 25540, in the third column, in amendatory instruction 18.e., paragraph (c)(82) is corrected to read as paragraph (c)(89).

Federal Communications Commission.

Marlene Dortch,

Secretary.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 80, 87 and 95

[WT Docket No. 99-366; FCC 02-271]

Amendment of of the Commission's Rules To Authorize the Use of 406.025 MHz for Personal Locator Beacons

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document the Federal Communications Commission authorizes the use of 406.0-406.1 MHz for personal locator beacons (PLBs). This was in response to a petition for rulemaking filed by the National Oceanic and Atmospheric Administration of the United States Department of Commerce (NOAA). This will increase the safety of the general public by providing a new means to alert others of an emergency situation and to aid search and rescue personnel locate those in distress.

DATES: Effective July 1, 2003, the incorporation by reference of certain publication listed in the regulations is approved by the Director of the Federal Register as of July 1, 2003.

FOR FURTHER INFORMATION CONTACT: James Shaffer via phone at (202) 418-0680, via e-mail at *jshaffer@fcc.gov*, via TTY (202) 418-7233, Wireless Telecommunications Bureau, Federal Communications Commission, Washington, DC 20554.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *Report and Order*, FCC 02-271, adopted on September 27, 2002, and released on October 8, 2002. The full text of this document is available for inspection and copying during normal business hours in the FCC Reference Center, 445 12th Street, SW., Washington, DC 20554. The complete text may be purchased from the Commission's copy contractor, Qualex International, 445 12th Street, SW., Room CY-B402, Washington, DC 20554. The full text may also be downloaded at: <http://www.fcc.gov>. Alternative formats are available to persons with disabilities by contacting Brian Millin at (202) 418-7426 or TTY (202) 418-7365 or at *bmillin@fcc.gov*.

1. In the Report and Order in this proceeding, the Commission established a new subpart K—Personal Locator Beacons (PLB) under part 95 of the Commission's rules, to permit the use of frequency 406.0-406.1 MHz for personal locator beacons. We amended our rules to provide for licensing individual 406

(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance.")
