[NAFTA-06385]

Ameriphone, Inc., A Wholly Owned Subsidiary of Plantronics, Inc., Garden Grove, CA; Notice of Revised Determination on Remand

The United States Court of International Trade (USCIT) granted the Secretary of Labor's motion for a voluntary remand for further investigation in *Former Employees of Ameriphone, Inc. v. U.S. Secretary of Labor* (Court No. 03-00243).

The Department's initial denial of NAFTA-Transitional Adjustment Assistance (NAFTA-6385) for the workers of Ameriphone, Inc., a wholly owned subsidiary of Plantronics, Inc., Garden Grove, California (hereafter

"Ameriphone"), was issued on September 11, 2002 and published in the **Federal Register** on September 27, 2002 (67 FR 61160). The denial was based on the finding that the workers at the subject facility did not produce an article as required by Section 250 of the Trade Act of 1974.

On March 10, 2003, the Department issued a Notice of Negative Determination Regarding Application for Reconsideration for NAFTA-6385 and published in the **Federal Register** on March 18, 2003 (68 FR 12938).

In the request for reconsideration, the petitioner alleged that the workers were engaged in the final phase of production (inspecting, testing and modifying products) as well as prototype design and production. In the reconsideration investigation, the Department found that the articulated functions constituted a negligible portion of the work performed at the subject facility and that the workers were, in fact, service providers.

On voluntary remand, the Department contacted the company and requested detailed information regarding the workers' functions at the subject facility. The newly obtained information revealed that workers at the subject facility were engaged in production. The new information also revealed that a significant portion of the production performed at the subject facility was shifted to Mexico impacting workers at the subject plant.

Conclusion

After careful review of the additional facts obtained on remand, I conclude that a shift of production to Mexico of products like or directly competitive with those produced at the subject firm contributed importantly to the declines in sales or production and to the total or partial separation of workers of Ameriphone, Inc., Garden Grove, California. In accordance with the provisions of the Act, I make the following certification:

All workers of Ameriphone, Inc., a wholly owned subsidiary of Plantronics, Inc., Garden Grove, California, who became totally or partially separated from employment on or after June 24, 2001 through two years of this certification, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, DC, this 1st day of October 2003.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

MARINE MAMMAL COMMISSION

Advisory Committee on Anthropogenic Sound and Marine Mammals; Notice of Intent, Request for Comments and Nominations

AGENCY: Marine Mammal Commission.

ACTION: Notice of intent to charter the Advisory Committee on Anthropogenic Sound and Marine Mammals and request for comments and nominations.

SUMMARY: The Omnibus Appropriations Act of 2003 (Pub. L. 108-7) directs the Marine Mammal Commission to organize a series of national and international meetings concerning the impacts of sound on marine mammals and how these impacts may be addressed. To help meet this directive, the Commission is considering the establishment of the Advisory Committee on Anthropogenic Sound and Marine Mammals under the Federal Advisory Committee Act (FACA; Pub. L. 92-463). Committee members would participate in a policy dialogue to review available information, identify research needs, and recommend management actions and strategies.

The Commission is seeking comments regarding:

(1) The need for and desirability of establishing an advisory committee pursuant to FACA;

(2) The issues any such Committee should consider; and

(3) The affected individuals, interest groups, or stakeholders who should be represented.

The Commission is also seeking recommendations for possible Committee members who meet the qualifications specified below.

DATES: Comments on this notice of intent and recommendations for Committee members must be submitted in writing before November 5, 2003. The Commission intends to appoint Committee members in December 2003 so that the first Committee meeting can be convened in late January or early February 2004.

ADDRESSES: Written comments and recommendations should be submitted to Erin Vos, Project Manager for Sound-Related Meetings and Actions, Marine Mammal Commission, 4340 East-West Hwy., Rm. 905, Bethesda, MD 20814, e-mail: evos@mmc.gov.

FOR FURTHER INFORMATION CONTACT: Erin Vos at the above address or e-mail, tel.: (301) 504-0087, or fax: (301) 504-0099; or visit the Commission Web site at <http://www.mmc.gov>.

SUPPLEMENTARY INFORMATION: The Commission is considering the

establishment of the Advisory Committee on Anthropogenic Sound and Marine Mammals, which would undertake a policy dialogue to review available information, identify research needs, and recommend management actions and strategies. The Commission has contracted with a team of third-party neutral facilitators who will assess the feasibility of establishing the Committee and will examine options for the format of the dialogue. The Commission will make its final determination on the need for establishing a federal advisory committee after the facilitators submit their feasibility report in November 2003. If the Commission determines that it is necessary and desirable to proceed under the Federal Advisory Committee Act, the Commission, in consultation with the contracted facilitators, will select and appoint Committee members to represent the following stakeholder and interest groups:

- Entities whose activities introduce anthropogenic sounds into the marine environment, including the academic research community, industry (shipping, oil and gas exploration, etc.), and government agencies;
- Non-governmental organizations, including environmental groups;
- Scientists with pertinent expertise; and
- Government agencies that manage or otherwise affect marine mammals.

The Commission will seek a balanced representation among interested parties. Committee members will be expected to have a high level of interest or expertise concerning the impacts of sound on marine mammals and other components of the marine environment. Additional criteria considered when selecting Committee members may include:

- Ability to attend Committee meetings;
- Decision-making authority;
- Ability to represent a constituency and communicate effectively with constituents whose interests they represent;
- Experience in collaborative policy dialogue or negotiation; and
- Likelihood of being affected by the outcome.

Dated: October 15, 2003.

David Cottingham,

Executive Director.

EFFECTIVE DATES: The establishment of the new system NARA 37 and changes to the existing system NARA 25 will become effective without further notice on November 20, 2003, unless comments received on or before that date cause a contrary decision. If changes are made based on NARA's review of comments received, a new final notice will be published.

ADDRESSES: Send comments to the Privacy Act Officer, Office of General Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD, 20740-6001. You may fax your comments to 301-837-0293. You may also comment via the Internet to comments@nara.gov.

FOR FURTHER INFORMATION CONTACT: Ramona Branch Oliver, Privacy Act Officer, 301-837-2024 (voice) or 301-837-0293 (fax).

SUPPLEMENTARY INFORMATION: NARA last published a comprehensive set of Privacy Act system notices in the **Federal Register** on April 2, 2002 (67 FR 15592). NARA published two additional systems; NARA 35 and NARA 36, in the **Federal Register** on October 17, 2002 (67 FR 64142).

- Sources of information in these records;
- Proposed "routine uses" of each system of records; and
- Business address of the NARA official who will inform interested persons of the procedures they must follow to gain access to and correct records pertaining to themselves.

Last, a reference to an obsolete NARA unit is deleted from Appendix B, which lists NARA's systems managers. Appendix A, which identifies routine uses of NARA's systems of records, remains unchanged.

One of the purposes of the Privacy Act, as stated in section 2(b)(4) of the Act, is to provide certain safeguards for an individual against an invasion of personal privacy by requiring Federal agencies to disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information. NARA intends to follow these principles in transferring information to another agency or individual as a "routine use", including assurance that the information is relevant for the purposes for which it is transferred.
