

Public Safety

- Truck traffic through an adjacent residential area, with mixed residential and truck traffic on Lizard Lane (access road) may pose a safety hazard.
- Mine traffic may conflict with cattle grazing along the access road.

Flora and Fauna

- Mining and associated activities may adversely affect populations or habitat of certain management indicator species.
- Mining and associated activities may adversely affect individuals, populations, or habitat of threatened, endangered, or sensitive species, including the Lesser long-nosed bat or American peregrine falcon.

Water Quantity and Quality

- Waters running in or around the mine and along the access road may adversely affect adjacent landowners and other Forest users.
- Lack of a water storage or filtration plant may adversely affect adjacent landowners and other Forest users.
- Potential dust mitigation (watering) may reduce local water supplies.

Access

- Proposed access may not be wide enough to allow haul vehicles to pass.
- Traffic conflicts may become acute during hunting season.
- Resolution of safety issues may result in restrictions on access by general Forest users.

Visual Quality

- Appearance of the mine face and roads may be incompatible with scenic qualities of the landscape.

Air Quality

- Mining activities (blasting, crushing, or use and maintenance of access roads) may increase dust.

Comment Requested

This notice of intent initiates the scoping process which guides the development of the environmental impact statement.

Early Notice of Importance of Public Participation in Subsequent Environmental Review: A draft environmental impact statement will be prepared for comment. The comment period on the draft environmental impact statement will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the

environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage, but that are not raised until after completion of the final environmental impact statement, may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received, including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

(Authority: 40 CFR 1501.7 and 1508.22; Forest Service Handbook 1909.15, Section 21)

Dated: January 13, 2003.

Abel M. Camarena,
Deputy Regional Forester.

BILLING CODE 3410-11-P

DEPARTMENT OF AGRICULTURE

Opal Creek Scenic Recreation Area (SRA) Advisory Council

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: An Opal Creek Scenic Recreation Area Advisory Council meeting will convene in Stayton, Oregon on Monday, February 10, 2003. The meeting is scheduled to begin at 6 p.m., and will conclude at approximately 8:30 p.m. The meeting will be held in the South Room of the Stayton Community Center located at 400 West Virginia Street in Stayton, Oregon.

The Opal Creek Wilderness and Opal Creek Scenic Recreation Area Act of 196 (Opal Creek Act) (Pub. L. 104-208) directed the Secretary of Agriculture to establish the Opal Creek Scenic Recreation Area Advisory Council. The Advisory Council is comprised of thirteen members representing state, county and city governments, and representatives of various organizations, which include mining industry, environmental organizations, inholders in Opal Creek Scenic Recreation Area, economic development, Indian tribes, adjacent landowners and recreation interests. The council provides advice to the Secretary of Agriculture on preparation of a comprehensive Opal Creek Management Plan for the SRA, and consults on a periodic and regular basis on the management of the area. Tentative agenda items include information sharing on the following topics:

- Update on SRA Management Plan appeal;
- Process for recruitment and appointment of replacement Council members;
- Review of Draft Information Strategy Plan for implementing new use rules.

A direct public comment period is tentatively scheduled to begin at 8 p.m. Time allotted for individual presentations will be limited to 3 minutes. Written comments are encouraged, particularly if the material cannot be presented within the time limits of the comment period. Written comments may be submitted prior to the February 10 meeting by sending them to Designated Federal Official Rodney Stewart at the address given below.

FOR FURTHER INFORMATION CONTACT: For more information regarding this meeting, contact Designated Federal Official Rodney Stewart; Willamette National Forest, Detroit Ranger District, HC 73 Box 320, Mill City, OR 97360; (503) 854-3366.

Dated: January 17, 2003.

Dallas J. Emch,
Forest Supervisor.
