SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Colorado Department of Transportation (CDOT), will prepare an Environmental Impact Statement (EIS) for a proposal to improve a 7-mile segment of Interstate 25 (I-25) in and near Pueblo, Colorado. Improvements are necessary to address a deteriorating roadway and bridges with inadequate geometrics, safety, and existing and future traffic demand.

Alternative under consideration include taking no action, reconstruction of the interstate on essentially the existing alignment, and reconstruction on existing and new alignment. These alternatives are further described as follows:

—*No Action Alternative*—This alternative provides only for minor improvements, repairs, and other maintenance actions. The existing four-lane highway will otherwise remain unchanged.

—*Existing I-25 Alignment Alternative*—This alternative consists of reconstructing I-25 to six lanes on essentially the same location, reconfiguring and eliminating access points to the interstate to improve safety, and providing other improvements to the local street system to enhance system connectivity and traffic movement near the interstate.

—*Modified I-25 Alignment Alternative*—This alternative consists of rebuilding I-25 to six lanes and providing the other improvements included in the Existing Alignment Alternative, except the alignment would be shifted to accommodate different interchange configurations.

Incorporated into and studied with the build alternatives will be Transportation System Management strategies and design variations of grade and alignment.

The preliminary alternatives have been developed with the cooperation of public and agency work groups, and will be developed further during the preparation of the EIS, in conjunction with the FHWA, CDOT, and other federal and state agencies, the City of the Pueblo, the County of Pueblo, the Pueblo Area Council of Governments, and residents of the community.

The public will be invited to participate in project scoping to ensure that the full range of issues are considered and all significant issues are identified. The location and time of the scoping meeting will be scheduled during the month of February 2003 and will be announced in the local media.

Public meetings will occur throughout the development of the EIS and a public hearing will be held. Prior to the hearing the draft EIS will be available for public and agency review and comment. Public notice will be given of the time and place of all public meetings and the hearing.

Comments or questions regarding this proposed action and the EIS should be directed to FHWA at the address provided above.

[STB Finance Docket No. 34308]

Central Midland Railway Company— Lease and Operation Exemption— Union Pacific Railroad Company

Central Midland Railway Company (CMRC), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to lease and operate approximately 8.65 miles of rail line

and related industrial tracks currently owned and operated by Union Pacific Railroad Company (UP). The rail line, known as the Lackland Sub-Division, extends from milepost 10.35 at Rock Island Junction, MO, to milepost 19, located west of Vigus, MO. CMRC certifies that the projected annual revenues from the leased line will not result in the creation of a Class I or Class II rail carrier. The effective date of the exemption was January 15, 2003 (7 days after the notice was filed) and the parties expected to consummate the transaction on January 19, 2003.

If this notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34308, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. In addition, one copy of each pleading must be served on John Broadley, John H. Broadley & Associates, 1054 31st Street NW., Suite 200, Washington, DC 20007.

Board decisions and notices are available on our Web site at <http://www.stb.dot.gov>.

Decided: January 17, 2003.

By the Board, David M. Konschnik,
Director, Office of Proceedings.

Vernon A. Williams,
Secretary.

Transportation Security Administration

Port Security Grant Program; Application Notice Describing the Categories of Interest and Establishing the Closing Date for Receipt of Applications Under the Port Security Grant Program—Round 2

AGENCY: Transportation Security Administration, Department of Transportation.

ACTION: Notice inviting applications for the Port Security Grant Program.

SUMMARY: The purpose of the Port Security Grant Program is to support efforts for port security at critical national seaports in the areas of security assessments and mitigation strategies, enhanced facility and operational security.

The Port Security Grant Program will fund projects in two categories: (1) security assessments and mitigation strategies, and (2) enhanced facility and operational security to include proof-of-concept projects. Transportation Security Administration is coordinating with the Maritime Administration and the U.S. Coast Guard in this effort. Applicants may be submitted by critical national seaports/terminals/vessels (commuter or ferry service) as specified in the Broad Agency Announcement. Authority for this program is contained in the Department of Defense Appropriations Act for FY 2002, Pub. L. 107-117, 115 Stat. 2230 and FY 2002 Supplemental Appropriations Act for Further Recovery From and Response to Terrorist Attacks on the United States, Pub. L. 107-206, 116 Stat. 820.

DATES: The program announcements and applications for the Port Security Grant Program—Round 2 are expected to be available on or about January 14, 2003. Applicants must be received on or before 2 p.m. EST, February 27, 2003.

ADDRESSES: The Broad Agency Announcement, application and instructions for preparing and submitting an application for the Port Security Grant Program will be available through the Internet at <https://www.portsecuritygrants.dotts.net>.
