OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Technical Corrections to the Harmonized Tariff Schedule of the United States

AGENCY: Office of the United States Trade Representative

ACTION: Notice.

SUMMARY: Pursuant to authority delegated to the United States Trade Representative ("USTR") in Presidential Proclamation 6969 of January 27, 1997 (62 FR 4415), USTR is making technical corrections to general note 12(t) and chapters 29, 42, 64, 98, and 99 of the Harmonized Tariff Schedule of the United States ("HTS"), as set forth in

the annex to this notice. These modifications correct inadvertent errors and omissions, so that the intended tariff treatment is provided, in: (1) The rules of origin for certain goods of chapter 34 under the North American Free Trade Agreement ("NAFTA"); (2) the tariff provisions previously proclaimed in chapter 29 to cover particular chemical products; (3) chapter 42 for goods of beneficiary countries of the Andean Trade Preference Act; (4) the named subheadings of heading 6406 of the HTS for goods of Jordan; (5) note 3(b) to subchapter XIX of chapter 98 for textile and apparel goods eligible for special tariff benefits under the African Growth and Opportunity Act; (6) note 3(b) to subchapter XX of chapter 98 for goods eligible for special tariff benefits under the United States-Caribbean Basin Trade Partnership Act; and (7) chapter 99 for certain steel products.

EFFECTIVE DATE: The corrections made in this notice are effective with respect to articles entered, or withdrawn from warehouse for consumption, on or after the dates provided in the annex sections.

FOR FURTHER INFORMATION CONTACT:

Katharine J. Mueller, Office of the United States Trade Representative, Room 223, 600 17th St., NW., Washington, DC 20508. The telephone number is (202) 395-3581.

SUPPLEMENTARY INFORMATION:

Presidential Proclamation 7515 (December 18, 2001) modified the HTS, pursuant to section 1206(a) of the Omnibus Trade and Competitiveness Act of 1988 (19 U.S.C. 3006(a)), to reflect in the HTS the amendments made to the International Convention on the Harmonized Commodity Description and Coding System. Conforming modifications in the heading-specific rules of origin under the NAFTA were proclaimed in order to continue to accord the previously agreed tariff treatment to originating goods of Canada and of Mexico. In modifying these rules, which are enumerated in HTS general note 12(t), a tariff classification rule applicable to goods falling in certain subheadings of heading 3401 was inadvertently deleted.

Presidential Proclamation 6763 (December 23, 1994) implemented the trade agreements resulting from the Uruguay Round of Multilateral Trade Negotiations (60 FR 1007), including the tariff treatment that was necessary or appropriate to carry out Schedule XX-United States of America, annexed to the Marrakesh Protocol to the General Agreement on Tariffs and Trade. Among the provisions created in Section A of

the Annex to that proclamation was subheading 2916.31.05, covering p-Sulfobenzoic acid, potassium salt. Because that chemical does not properly fall under the immediately superior text "benzoic acid and its salts," it cannot receive the previously agreed tariff treatment contained in Schedule XX, and the product is being added to an appropriate subheading under heading 2916 so that such tariff treatment can be accorded.

On December 31, 2002, the USTR published a **Federal Register** notice (67 FR 79954) making several technical corrections, including changes to (1) subheadings in chapters 42, 46, 61, 62 of the HTS with respect to goods of beneficiary countries of the Andean Trade Preference Act to remedy technical errors introduced in Presidential Proclamation 7616 of October 31, 2002, implementing the preferential tariff treatment authorized by the Andean Trade Promotion and Drug Eradication Act; (2) subheadings in chapter 64 of the HTS with respect to goods of Jordan to remedy technical errors introduced in Presidential Proclamation 7512 of December 7, 2001, implementing the Agreement between the United States of America and the Hashemite Kingdom of Jordan on the Establishment of a Free Trade Area. These corrections were intended to ensure that the intended tariff treatment was provided.

Since the publication of this **Federal Register** notice, it has come to the attention of USTR that the technical correction made with respect to the one of the chapter 42 subheadings was incorrectly stated, so that the intended modification to the tariff schedule was not made. Further, two of the chapter 64 subheadings were incorrectly stated; HTS subheadings 6404.10.30 and 6404.10.35, which do not exist, were listed, rather than the correct HTS subheadings 6406.10.30 and 6406.10.35.

Presidential Proclamation 7626 (November 13, 2002) implemented modifications in the preferential tariff treatment provided under provisions of the Caribbean Basin Economic Recovery Act, pursuant to the United States-Caribbean Basin Trade Partnership Act, and of the African Growth and Opportunity Act. For each program, a conforming change to note 3(b) of the subchapter notes was inadvertently omitted.

Presidential Proclamation 7529 (March 5, 2002) implemented additional tariffs and tariff-rate quotas on certain steel products, and provided exemptions for products of certain countries and exclusions for particular products of a type otherwise covered by the tariffs or TRQs.

Additional product exclusions were established in a notice issued by the USTR and published in the **Federal Register** on March 31, 2003 (68 FR 15494). A conforming change included in that notice inadvertently contained errors in adding reference to new HTS provisions established to implement certain product exclusions.

Proclamation 6969 authorized the USTR to exercise the authority provided to the President under section 604 of the Trade Act of 1974 (19 U.S.C. 2483) to embody rectifications, technical or conforming changes, or similar modifications in the HTS. Under authority vested in the USTR by Proclamation 6969, the rectifications, technical and conforming changes, and similar modifications set forth below shall be embodied in the HTS with respect to goods entered, or withdrawn from warehouse for consumption, on or after the date noted.

Accordingly, the HTS is modified as provided in the annex to this notice, effective with respect to goods entered, or withdrawn from warehouse for

consumption, on or after the dates provided therein.

Robert B. Zoellick,
United States Trade Representative.

Discussion

The guidelines incorporated in the AC are intended to address the adequacy of new designs and are not intended to require that in-service airplanes be modified solely for the purpose of meeting them. Voluntary modifications to existing cabins are not required to meet the new criteria but modifiers should incorporate them to the extent practical considering the scope and intent of the voluntary modification.

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service, ANM-100.
