BILLING CODE 6712-01-P**DEPARTMENT OF TRANSPORTATION****Surface Transportation Board****49 CFR Part 1011**

[STB Ex Parte No. 642]

Revision of Delegation of Authority Regulations**AGENCY:** Surface Transportation Board, DOT.**ACTION:** Final rules.

SUMMARY: The Surface Transportation Board (Board) is revising its delegations of authority to authorize the Chairman to take necessary actions in emergency situations when the Chairman is the only Board member reasonably available, and, if no Board Member is available, delegates authority to take such actions to the Director of the Board's Office of Compliance and Enforcement (OCE).

EFFECTIVE DATE: These rules are effective on February 14, 2003.

FOR FURTHER INFORMATION CONTACT:

Melvin F. Clemens, Jr., (202) 565-1573. [Federal Information Relay Service (FIRS) for the hearing impaired: 1-800-877-8339.]

SUPPLEMENTARY INFORMATION: The Board is revising its delegations of authority at 49 CFR 1011.4 to authorize the Chairman to take necessary actions in emergency situations when the Chairman is the only Board member reasonably available. The delegations of authority, which were most recently revised in *Revision of Delegation of Authority Regulations*, STB Ex Parte No.

588 (STB served Sept. 25, 2002), set out the organization of the Board and procedures in processing cases, certain litigation, and informal opinions. Among other things, they authorize the Chairman, Vice Chairman, and designated staff to perform certain functions that would otherwise be performed by the entire Board.

The Board has broad economic regulatory responsibility over the railroad industry. Railroads play a vital role in the Nation's security and economic health. But the operations of rail carriers could be threatened or disrupted by terrorist activities or other public health or safety emergencies. Therefore, it is crucial that the Board develop procedures to ensure that the agency will be able to take necessary actions, within the scope of its authority, to address problems in the railroad industry in the event of emergencies.

Among the statutory responsibilities vested with the Board is the ability to direct preference or priority to certain traffic during time of war or threatened war (49 U.S.C. 11124) and, more generally, to direct the handling, routing, and movement of rail traffic in emergency situations (49 U.S.C. 11123). In the event of a terrorist attack or other emergency, however, it is possible that only one agency member would be available to act on a matter at any given time. To address this contingency, the Board is amending its delegations of authority by adding two new provisions. Under the new regulations, the Board is delegating to the Chairman the authority to take necessary actions if the other members are unavailable in the event of an emergency. Pursuant to the existing regulation at 49 CFR 1011.3(a)(3), that authority passes to the Vice Chairman if the Chairman is unavailable, and to the remaining Member if both the Chairman and the Vice Chairman are unavailable. The Board is also revising its delegations of authority at 49 CFR 1011.7, so that the Director of OCE would have the authority to issue orders under 49 U.S.C. 11123 and 11124 if no Board Member is available.

Because these changes relate primarily to rules of agency organization, procedure, or practice, and because advance notice and opportunity for public comment on the matter would be impracticable given the circumstances prevailing today, we find good cause to dispense with such notice and comment. See 5 U.S.C. 553(b)(B). Moreover, we find good cause for making these rules effective on less than 30 days' notice under 5 U.S.C. 553(d), so that these changes will become effective on February 14, 2003.
