b. *Project No:* 2246-046.

c. *Date Filed:* June 11, 2003, and supplemented November 12, 2003.

d. *Applicant:* Yuba County Water Agency.

e. *Name of Project:* Yuba River Project.

f. *Location:* Moran Road on west side of New Bullards Bar Reservoir near Little Oregon Creek in Yuba County, California (about 25 miles northeast of Marysville, CA).

g. *Filed Pursuant to:* 18 CFR 4.200.

h. *Applicant Contact:* Curt Aikens, General Manager, YCWA, 1402 D St., Marysville, CA 95901-4226.

i. *FERC Contact:* Antonia Lattin, antonia.lattin@ferc.gov, (415)-369-3334

j. *Deadline for Filing Comments, Motions to Intervene and Protest:* January 9, 2004.

The Commission’s rules of practice and procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Application:* The licensee is requesting a modification of the approved project recreation plan to allow seasonal access at the Moran Road area of New Bullards Bar Reservoir. The existing recreation plan filed February 26, 1993, approved August 19, 1993, and amended July 18, 2003, and September 30, 2003, specifies reconstruction of ½ mile of the unpaved Moran Road, enlarging a turnaround area to accommodate about six cars, and closing Moran Road beyond the turnaround. The proposed modification as supplemented in the November 12, 2003, filing proposes that the Moran Road gate be closed from October 15 to May 1 to protect the federally threatened California red-legged frog (*Rana aurora draytonii*), the federally threatened bald eagle (*Haliaeetus leucocephalus*), and to assure public safety. The gate would remain open for the summer recreation season from May 2 to October 14.

The licensee consulted with the Tahoe National Forest and the U.S. Fish and Wildlife Service. The U.S. Fish and Wildlife Service concurred with the Forest Service finding that the action is not likely to adversely affect the threatened species as long as the mitigation measures listed in the Forest Service Decision Memo dated August 26, 2003, are implemented. The licensee has also held meetings with members of the public and tried to accommodate the

request for as much public access as possible at the Moran Road site.
