DEPARTMENT OF EDUCATION

RIN 1840-ZA03

Upward Bound Program Participant Expansion Initiative

AGENCY: Office of Postsecondary Education, Department of Education

ACTION: Notice of proposed priority.

SUMMARY: Using fiscal year (FY) 2003 funds, the Secretary of Education proposes to establish an absolute priority to provide supplemental funds of up to \$100,000 to selected Upward Bound Program projects. Those eligible to receive funds under this absolute priority must have received supplemental funds in FY 2000 and serve at least one target high school in which at least 50 percent of the students were eligible for free lunch under the National School Lunch Act during the 2001-2002 school year. Applicants not eligible for the absolute priority are invited to apply and will be funded, subject to availability of funds, as described in the funding order below. The selected projects must use the supplemental funds to provide services to eligible project participants with the greatest need for those services.

The Secretary further proposes that projects that receive supplemental funds under this priority are required to select otherwise eligible participants who attend a target high school in which at least 50 percent of the students were eligible for free lunch under the National School Lunch Act during the 2001-2002 school year and who have the greatest need for Upward Bound services. Otherwise, eligible students

having the greatest need for Upward Bound services are those who:

1. Have not met the State academic achievement standard for grade eight in reading/language arts;

2. Have not met the State academic achievement standard for grade eight in math; or

3. Have a grade point average of 2.5 or less (on a 4.0 scale) for the most recent school year for which grade point averages are available.

By using State academic achievement assessments to determine student eligibility for services, schools can align this initiative with the requirements and activities supported by the No Child Left Behind Act of 2001.
