Document Management & Control

Version	Issue Date	Approval	Description
1.0	23 Mar 01	Associate Directors	Initial Release
1.1	24 Sep 02	Associate Directors	Reissue
1.2	20 Aug 04	Configuration Mgr.	Updated Webpage url references.
1.3	14 Jan 05	Configuration Mgr.	Reformatted to comply with Census Bureau Identity Standard and Quality Program Document Management Plan
1.4	04 Apr 05	M&S Council	Name change for standard
1.5	09 Mar 06	Configuration Mgr.	Inserted hyperlink for main standard.

The most current version of this document is maintained on the Census Bureau Intranet and may be accessed from the Quality Management Repository.

Examples of Headnotes for Tables

The following examples are designed for Internet dissemination. Analogous notes for paper dissemination should reference the appropriate technical documentation in the second sentence. That technical documentation should contain the respective Intermediate Page Statement (see Attachment B for examples), and the relevant technical documentation statements (see Attachment C).

1. For 100 percent Census 2000 data

SOURCE: Census 2000. For information on confidentiality protection, nonsampling error, and definitions, see <http://www.census.gov/prod/cen2000/doc/sf1.pdf>
<http://www.census.gov/prod/cen2000/doc/sf2.pdf>.

2. For Census 2000 sample data

SOURCE: Census 2000 long form sample. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see <http://www.census.gov/prod/cen2000/doc/sf3.pdf> (Requires Adobe Acrobat Reader 6.0)
<http://www.census.gov/prod/cen2000/doc/sf4.pdf> (Requires Adobe Acrobat Reader 6.0)

3. For American Community Survey data

SOURCE: American Community Survey, data based on twelve monthly samples during 2000. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see <http://www.census.gov/acs/www/UseData/Accuracy/Accuracy1.htm>.

4. For Demographic Survey data (example – Survey of Income and Program Participation)

SOURCE: Survey of Income and Program Participation. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see <http://www.sipp.census.gov/sipp/methmain.htm>.

5. For Economic Census data

SOURCE: 2002 Economic Census. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see http://www.census.gov/econ/census02/pub_text/sector00/cmdesc.htm.

6. For Economic Survey data (example – Service Annual Survey)

SOURCE: 1998 Service Annual Survey. For information on confidentiality protection, sampling error, nonsampling error, and definitions, see <http://www.census.gov/svsd/www/cv.html>.

7. For Small Area Income and Poverty Estimates (SAIPE)

SOURCE: Estimates for income year X obtained from models applied to CPS data. Model inputs also include Census 2000 and administrative records data. For information on the data sources, measures of uncertainty, confidentiality protection, sources of error, and comparisons with decennial census income and poverty estimates, see <http://www.census.gov/hhes/www/saipe/documentation.html>.
