FOR FURTHER INFORMATION CONTACT:

Request for additional information or copies of the alumni questionnaire should be directed to: Erin Schumacher, SABIT, 1099 14th Street, Suite 4100W, Washington, DC 20005; Phone number: (202) 482-0073; E-mail: Erin_Schumacher@ita.doc.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Department of Commerce, International Trade Administration, SABIT Office supports technical assistance and training for professionals from Eurasia, while promoting information exchange and U.S.-Eurasian partnerships.

Since inception SABIT has trained over 2500 professionals from Eurasia. The purpose of this questionnaire is to assess the affect that the SABIT Program has had on its alumni, in order to make improvements to the program and report results.

II. Method of Collection

SABIT will outsource the process of contacting SABIT Program alumni. The selected contractor will use the submitted questionnaire for collecting the appropriate information, via phone, email, and in person.

III. Data

OMB Number: 0625-XXXX.

Form Number: ITA-XXXX.

Type of Review: Regular Submission.

Affected Public: Former participants of the SABIT Grant and Group Programs.

Estimated Number of Respondents: 1048.

Estimated Time Per Response: 1 hour.

Estimated Total Annual Burden

Hours: 1048 hours (including preparation time and wrap-up).

Estimated Total Annual Costs: \$0.

IV. Request for Comments

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have the practical utility; (b) the accuracy of the agency's estimate of the burden (including the hours and costs) of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 8, 2002.

Madeleine Clayton,

Management Analyst, Office of the Chief Information Officer.

Bulk Aspirin from the People's Republic of China; Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Antidumping Duty Review.

SUMMARY: On April 9, 2003, the Department of Commerce published the preliminary results of the administrative review of the antidumping duty order on bulk aspirin from the People's Republic of China. We gave interested parties an opportunity to comment on the preliminary results. Based upon our analysis of the comments received, we have made changes to the margin calculations presented in the final results of the review. We find that bulk aspirin from the People's Republic of China was not sold in the United States below normal value during the period of review.

EFFECTIVE DATE: August 13, 2003.

FOR FURTHER INFORMATION CONTACT: Julie Santoboni or Blanche Ziv, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-4194 or (202) 482-4207, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 9, 2003, the Department of Commerce ("the Department") published in the *Federal Register* the preliminary results of its administrative review of bulk acetylsalicylic acid, commonly referred to as bulk aspirin, from the People's Republic of China ("PRC") (*Bulk Aspirin from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative*

Review, 68 FR 17343 (April 9, 2003) ("Preliminary Results").

Since the *Preliminary Results*, the following events have occurred: We received case briefs from Rhodia, Inc. (the "petitioner") and Jilin Henghe Pharmaceutical Company, Ltd., ("Jilin"), on May 9, 2003. We received rebuttal briefs from Jilin and Shandong Xinhua Pharmaceutical Co., Ltd. ("Shandong") on May 16, 2003.

The Department has now completed this antidumping duty administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the "Act").

Scope of Order

The product covered by this review is bulk acetylsalicylic acid, commonly referred to as bulk aspirin, whether or not in pharmaceutical or compound form, not put up in dosage form (tablet, capsule, powders or similar form for direct human consumption). Bulk aspirin may be imported in two forms, as pure ortho-acetylsalicylic acid or as mixed ortho-acetylsalicylic acid. Pure ortho-acetylsalicylic acid can be either in crystal form or granulated into a fine powder (pharmaceutical form). This product has the chemical formula C₉H₈O₄. It is defined by the official monograph of the United States Pharmacopoeia ("USP") 23. It is classified under the *Harmonized Tariff Schedule of the United States* ("HTSUS") subheading 2918.22.1000.

Mixed ortho-acetylsalicylic acid consists of ortho-acetylsalicylic acid combined with other inactive substances such as starch, lactose, cellulose, or coloring materials and/or other active substances. The presence of other active substances must be in concentrations less than that specified for particular nonprescription drug combinations of bulk aspirin and active substances as published in the *Handbook of Nonprescription Drugs*, eighth edition, American Pharmaceutical Association. This product is classified under HTSUS subheading 3003.90.0000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.

Period of Review

The period of review ("POR") is July 1, 2001, through June 30, 2002.

Comparisons

We calculated export price, constructed export price and normal value based on the same methodology used in the *Preliminary Results* with the following exceptions:

- We corrected a ministerial error in the calculation of the surrogate overhead and SG&A ratios.
- We revised the surrogate value for inland truck transportation using the updated data available.
- We valued sulfuric acid using a surrogate value for sulfuric acid rather than a constructed value.

For a complete discussion of these changes see the August 7, 2003, "Issues and Decision Memorandum for the Final Results of the Antidumping Duty Administrative Review of Bulk Aspirin from the People's Republic of China" ("Decision Memorandum"), the August

7, 2003, company-specific calculation memorandum, and the August 7, 2003, Factors of Production Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Decision Memorandum which is hereby adopted by this notice. Attached to this notice as an appendix is a list of the issues which the parties have raised and to which we have responded in the Decision Memorandum. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this

public memorandum which is on file in the Central Records Unit, Room B-099 of the Department. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov/frn/summary/list.htm>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review

We determine that the following dumping margins exist for the period July 1, 2001, through June 30, 2002:

Exporter/manufacture	Weighted-average margin percentage
Shandong Xinhua Pharmaceutical Co., Ltd.	0.00
Jilin Henghe Pharmaceutical Company Ltd.	0.00

Assessment Rates

In accordance with 19 CFR 351.212(b)(1), we have calculated importer (or customer)-specific assessment rates for the merchandise subject to this review. To determine whether the duty assessment rates were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer (or customer)-specific ad valorem rates by aggregating the dumping margins calculated for all U.S. sales to that importer (or customer) and dividing this amount by the total value of the sales to that importer (or customer). Where an importer (or customer)-specific *ad valorem* rate was greater than *de minimis*, we calculated a per unit assessment rate by aggregating the dumping margins calculated for all U.S. sales to that importer (or customer) and dividing this amount by the total quantity sold to that importer (or customer). Where an importer (or customer)-specific *ad valorem* rate was *de minimis*, we will order the Customs Service to liquidate without regard to antidumping duties.

All other entries of the subject merchandise during the POR will be liquidated at the antidumping duty rate in place at the time of entry.

The Department will issue appropriate assessment instructions directly to the U.S. Bureau of Customs and Border Protection (CBBP) Service within 15 days of publication of these final results of review.

Cash Deposit Requirements

The following deposit rates will be effective upon publication of these final results for all shipments of bulk aspirin from the PRC entered, or withdrawn from warehouse, for consumption on or

after the publication date of this notice, as provided for by section 751(a)(1) of the Act: (1) for Shandong and Jilin, which have separate rates, no antidumping duty deposit will be required; (2) for a company previously found to be entitled to a separate rate and for which no review was requested, the cash deposit rate will be the rate established in the most recent review of that company; (3) for all other PRC exporters the cash deposit rate will be 144.02 percent, the PRC-wide rate established in the less than fair value investigation; and (4) for non-PRC exporters of subject merchandise from the PRC, the cash deposit rate will be the rate applicable to the PRC supplier of that exporter. These deposit rates shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues

to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: August 7, 2003.

James J. Jochum,
Assistant Secretary for Import Administration.

APPENDIX

List of Comments in the Issues and Decision Memorandum

- Comment 1:* Use of Import Prices v. Domestic Prices in India to Value Phenol
- Comment 2:* Adjustment of Overhead and SG&A Ratios to Account for Different Levels of Integration
- Comment 3:* Removal of Excise Tax from Alta's Reported Material Costs for the Calculation of Overhead and SG&A Ratios
- Comment 4:* Other Adjustment to the Overhead and SG&A Ratios
