

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Name of Committee: Center for Scientific Review Emphasis Panel, Rehabilitative Neuroscience SBIR.

Date: July 28, 2004.

Time: 10:30 a.m. to 11:30 a.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (Telephone Conference Call).

Contact Person: Daniel F. McDonald, PhD, Scientific Review Administrator, Chief, Musculoskeletal, Oral and Skin Sciences IRG, Center for Scientific Review, NIH, 6701 Rockledge Drive, Room 4214, MSC 7814, Bethesda, MD 20892, (301) 435-1215, mcdonald@csr.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the

Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Understanding the Establishment and Maintenance of Pioneering Transition Programs—New—SAMHSA's Center for Mental Health Services will seek information about the establishment and maintenance of programs funded in part by state child mental health agencies that prepare youth from these agencies for adult functioning, and can provide these services continuously beyond the upper age limit of state child mental health eligibility. Many, if not most, of the youth served in state child mental health systems cannot access state adult mental health services; thus, the ability to provide continuing transition support services to this population throughout the period of transition, roughly to the age of 25, is critical to the likelihood of adult success.

The small number of pioneering programs in the country that have successfully negotiated the system to achieve this status have much to teach those trying to develop better transition support systems. In particular, the

history of how the program was established, what it takes to maintain the program, the challenges the programs have faced in providing transition supports and their solutions to these problems can help others, and prevent needless duplication of trial and error. This project will begin the development of guidelines for other attempting to bridge this important service gap through discovering shared and unique approaches to establishing and maintaining pioneering transition programs, and the challenges that they face in providing services to this grossly underserved population.

Nine such programs have been identified. Another four programs, that have not been maintained, will also be identified, yielding a total of 13 programs that will be examined. Examination will occur primarily through telephone interview of multiple stakeholders per program. Program information will also be requested electronically. Stakeholders from each program will consist of the following: 2 state-level child mental health administrators, 2 program-level administrators/staff, and up to an additional 3 key stakeholders that are identified during the process of interviewing the first 4 stakeholders. Stakeholders will be asked about 3 issues: (1) How the program was established; (2) efforts to keep the program open and funded; and (3) factors that facilitated or inhibited its opening or maintenance. Sufficient detail will be sought to determine the unique efforts needed for these kinds of programs, as opposed to common efforts made to establish any new program. Two questionnaires will be used to obtain this information, one for program administrators or staff and the other for other stakeholders.

The following table summarizes the estimated response burden for this project.

Respondent	Number of respondents	Responses/ respondents	Total responses	Hours per response	Total hour burden
Pioneering Programs: Staff/Administrators	26	1	26	1.5	39
Pioneering Programs: Stakeholders	52	1	52	1.0	52
Total	78	1	3978	91

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16–105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received by September 20, 2004.

Dated: July 14, 2004.

Anna Marsh,

Executive Officer, SAMHSA.

[USCG–2004–18474]

Pearl Crossing LNG Terminal LLC, Liquefied Natural Gas Deepwater Port License Application

AGENCY: Coast Guard, DHS; and Maritime Administration, DOT.

ACTION: Notice of application.

SUMMARY: The Coast Guard and the Maritime Administration (MARAD) give notice, as required by the Deepwater Port Act of 1974, as amended, that they have received an application for the licensing of a liquefied natural gas (LNG) deepwater port, and that the application appears to contain the required information. This notice summarizes the applicant's plans and the procedures that will be followed in considering the application.

DATES: Any public hearing held in connection with this application must be held no later than March 18, 2005, and it would be announced in the **Federal Register**. A decision on the application must be made within 90 days after the last public hearing held on the application.

ADDRESSES: You may submit comments identified by Coast Guard docket number USCG–2004–18474 to the Docket Management Facility at the U.S. Department of Transportation. To avoid duplication, please use only one of the following methods:

(1) *Web Site:* <http://dms.dot.gov>.

(2) *Mail:* Docket Management Facility, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590–0001.

(3) *Fax:* 202–493–2251.

(4) *Delivery:* Room PL–401 on the Plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday

through Friday, except Federal holidays. The telephone number is 202–366–9329.

(5) *Federal eRulemaking Portal:* <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call Lieutenant Ken Kusano at 202–267–1184, or e-mail at KKusano@comdt.uscg.mil. If you have questions on viewing or submitting material to the docket, call Andrea M. Jenkins, Program Manager, Docket Operations, telephone 202–366–0271.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

You may submit comments concerning this application. All comments received will be posted, without change, to <http://dms.dot.gov> and will include any personal information you have provided. We have an agreement with the Department of Transportation (DOT) to use their Docket Management Facility. Please see DOT's "Privacy Act" paragraph below.

Submitting comments: If you submit a comment, please include your name and address, identify the docket number for this rulemaking (USCG–2004–18474), indicate the specific section of this document to which each comment applies, and give the reason for each comment. You may submit your comments and material by electronic means, mail, fax, or delivery to the Docket Management Facility at the address under **ADDRESSES**; but please submit your comments and material by only one means. If you submit them by mail or delivery, submit them in an unbound format, no larger than 8 1/2 by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope.

Viewing comments and documents: To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://dms.dot.gov> at any time and conduct a simple search using the docket number. You may also visit the Docket Management Facility in room PL–401 on the Plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone can search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if

submitted on behalf of an association, business, labor union, etc.). You may review the Department of Transportation's Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477), or you may visit <http://dms.dot.gov>.

Receipt of application; determination. On May 25, 2004, the Coast Guard and MARAD received an application from Pearl Crossing LNG Terminal LLC, 800 Bell Street, Houston, TX 77002 for all federal authorizations required for a license to own, construct and operate a deepwater port off the coast of Louisiana with associated pipeline facilities. On July 8, 2004, we determined that the application contains all information required by the Deepwater Port Act of 1974, as amended, 33 U.S.C. 1501 *et seq.* (the Act). The application and related documentation supplied by the applicant (except for certain protected information specified in 33 U.S.C. 1513) will be available in the public docket (*see ADDRESSES*).

Background. According to the Act, a deepwater port is a fixed or floating manmade structure other than a vessel, or a group of structures, located beyond State seaward boundaries and used or intended for use as a port or terminal for the transportation, storage, and further handling of oil or natural gas for transportation to any State.

A deepwater port must be licensed, and the Act provides that a license applicant submit detailed plans for its facility to the Secretary of Transportation, along with its application. The Secretary has delegated the processing of deepwater port applications to the Coast Guard and MARAD. The Act allows 21 days following receipt of the application to determine if it appears to contain all required information. If it does, we must publish a notice of application in the **Federal Register** and summarize the plans. This notice is intended to meet those requirements of the Act and to provide general information about the procedure that will be followed in considering the application.

Application procedure. The application is considered on its merits. Under the Act, we must hold at least one public hearing within 240 days from the date this notice is published. A separate **Federal Register** notice will be published to notify interested parties of any public hearings that are held. At least one public hearing must be held in each adjacent coastal state. Pursuant to 33 U.S.C. 1508, we designate Louisiana as the adjacent coastal state for this application. Other states may apply for adjacent coastal state status in
