SUPPLEMENTARY INFORMATION: This is a summary of the Commission's public notice, CC Docket No. 92-237, DA 04-1041, released April 20, 2004. On April 15, 2004, NeuStar, Inc. (NeuStar), the current North American Numbering Plan Administrator (NANPA), national Pooling Administrator (PA) and Local Number Portability Administrator, filed a letter with the Federal **Communications Commission** (Commission) seeking a ruling that it need not seek prior Commission neutrality review and approval for certain types of transactions that it believes does not affect its ability to be a neutral administrator for the North American Numbering Plan (NANP). In addition, in anticipation of a potential IPO, NeuStar seeks Commission approval for a transfer of control of the company from the current majority shareholder, a voting trust, to a broad shareholder base.

Specifically, NeuStar contends that the types of changes that should not be subject to prior Commission approval fall into the following three general categories: (1) Corporate changes that do not increase the rights of any entity affiliated with a telecommunications service provider (TSP); (2) transactions that do not increase any interests of a TSP or a TSP affiliate in NeuStar; and (3) transactions that permit NeuStar to become a public company (including an IPO) and subsequent sales of NeuStar equity, subject to several limitations on TSP ownership. In addition, NeuStar notes that prior agency approval would continue to be required for all other changes within the existing scope of the prior approval requirement. NeuStar also notes that all other oversight mechanisms would remain in place.

Pursuant to applicable procedures set forth in §§ 1.415 and 1.419 of the Commission's rules, interested parties may file comments on or before May 12, 2004, and reply comments on or before May 24, 2004.
