

commercially, should be granted a license or, if currently licensed, to determine the royalty fee the licensed entity must pay to the agency based on a percentage of the licensee's total sales and whether the licensed entity has met its stated objectives.

An individual or corporation may apply for a Woodsy Owl license by contacting Forest Service personnel by telephone, fax, e-mail, or by writing to the address listed in the address section of this notice. In the course of communicating with the potential applicant, the agency will learn how long the individual, corporation, or organization has been in business; the products the individual, corporation or organization sells or plans to sell; the geographical location from which the products will be sold; the projected sales volume; and how the individual, corporation, or organization plans to market the products.

If Forest Service personnel determine that granting a license to the individual, corporation, or organization for the purpose of using the Woodsy Owl symbol for commercial use would be in the best interest of the agency and would promote the Woodsy Owl messages, a license contract would be mailed to the individual, corporation or organization. The contract would have to be completed and returned to the Forest Service. Once the contract has been signed by an authorized Forest Service employee and by the individual or the corporate or organizational representative, the newly licensed entity will have to submit to the Forest Service the agreed upon advanced guaranteed royalty payment. The individual, corporation, or organization also will submit a quarterly report to the agency, using the Woodsy Owl Licensee Royalty Statement Form, along with any royalty fees garnered from sales that have exceeded the advanced guaranteed royalty payment.

When making the quarterly reports, individuals, corporations, or organizations will be asked to provide information that includes the following: a list of each item that will be sold with the Woodsy Owl symbol; the projected sales of each item; the price at which each item will be sold; the total sales amount subject to the agency royalty fee; the royalty fee due based on sales quantity and price; a description and itemization of any deductions, such as fees waived or previously paid as part of the advance royalty payment which is their sales quantity guarantee; the new total royalty fee the business or organization must pay after deductions; the running total amount of royalties accrued in that fiscal year; and the

typed name and signature of the business or organizational employee certifying the truth of the report.

Data gathered in this information collection are not available from other sources.
