

The FAA has determined that this proposed regulation only involves a body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated effect on these routine matters will be so minimal. Since this proposal will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
