Dear Mr. Price:

I want to provide you with a status update regarding February 28, 2005, Request for Reconsideration submitted under the U.S. Environmental Protection Agency's Information Quality Guidelines. The guidelines state that the Agency's goal is to respond within 90 days of receipt, either providing a decision on the request or, if response to the request will require more than 90 days, informing the requestor that more time is required.

The Agency is preparing a response to your request, but will require additional time to coordinate review of the response. We anticipate that a response, providing the Agency's decision, will be forwarded to you within an additional 90 days. Thank you for your interest in environmental information quality.

Sincerely,
