**RE: Information Quality Guidelines Request for Correction concerning
correction of Enforcement and Compliance History Online (ECHO)
Information with respect to Sterling Chemicals, Inc. (RFC #06003)**

Dear Mr. Van Voorhees:

I want to provide you with another status update regarding your November 3, 2005, Request for Correction (RFC #06003) submitted under the Environmental Protection Agency's Information Quality Guidelines. These guidelines state that EPA's goal is to respond to each request within 90 days of receipt, either by providing a decision on the RFC or, if the request will require more than 90 days to resolve, informing the requestor that more time is needed.

EPA's response continues undergoing review. Additional time is needed to finalize this response. We anticipate that a response will be forwarded to you within 90 days, although we continue to expect that it will be sooner. Thank you for your interest in environmental information quality.

Sincerely,
