Pursuant to Environmental Protection
Agency Quality Guidelines (RFC #06004)

Dear Ms. Asmus:

I would like to provide you with a status update regarding your February 3, 2006, Request for Correction submitted under the Environmental Protection Agency's Information Quality Guidelines. These guidelines state that EPA's goal is to respond to each request within 90 days of receipt either by providing a decision on the request or, if the request will require more than 90 days to resolve, informing the requestor that more time is required.

EPA's final internal review of this response is being conducted. We anticipate that a response providing the Agency's decision will be forwarded to you within an additional 90 days. Thank you for your interest in environmental information quality.

Sincerely,
