

electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site (<http://www.ferc.gov>) under the "e-Filing" link. Please include the project number (P-2516-026) on any comments or motions filed.

l. This application has been accepted, but is not ready for environmental analysis at this time.

m. The existing Dam No. 4 Hydro Station Project consists of: (1) a 200-foot-long, 80-foot-wide headrace; (2) a stone and concrete powerhouse containing three generating units with a total installed capacity of 1,900 kilowatts; (3) a 350-foot-long, 90-foot-wide tailrace; (4) a substation; (5) a 4.5-mile-long, 34.5-kilovolt transmission line; and (6) appurtenant facilities. The applicant estimates that the total average annual generation would be 7,886 megawatthours. All generated power is sold to Allegheny Power for use in the existing electric grid system serving West Virginia and Maryland. The project dam and reservoir are owned by the United States and operated by the National Park Service.

n. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call 1-866-208-3676 or for TTY, (202) 502-8659. A copy is also available for inspection and reproduction at the address in item h above.

o. Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

All filings must (1) bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant.

A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

p. Procedural schedule and final amendments: The application will be processed according to the following Hydro Licensing Schedule. Revisions to the schedule will be made as appropriate.

Issue Scoping Document for comments—December 2002  
Notice of application is ready for environmental analysis—March 2003  
Notice of the availability of the EA—September 2003

Ready for Commission's decision on the application—November 2003

Unless substantial comments are received in response to the EA, staff intends to prepare a single EA in this case. If substantial comments are received in response to the EA, a final EA will be prepared with the following modifications to the schedule.

Notice of the availability of the final EA—December 2003  
Ready for Commission's decision on the application—December 2003

Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the notice of ready for environmental analysis.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Notice of Application Accepted for Filing and Soliciting Motions To Intervene and Protests

November 12, 2002.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* New License.  
b. *Project No.:* 2517-012-WV.  
c. Date filed: December 17, 2001.  
d. *Applicant:* Allegheny Energy Supply Company, LLC.

e. *Name of Project:* Dam No. 5 Hydro Station.

f. *Location:* On the Potomac River, near the Town of Hedgesville, in Berkeley County, West Virginia.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791 (a)-825(r).

h. *Applicant Contact:* Charles L. Simons, Allegheny Energy Supply

Company, LLC, 4350 Northern Pike, Monroeville, PA 15146, (412) 858-1675.

i. *FERC Contact:* Peter Leitzke, (202) 502-6059 or [peter.leitzke@ferc.gov](mailto:peter.leitzke@ferc.gov).

j. *Cooperating agencies:* We are asking Federal, state, local, and tribal agencies with jurisdiction and/or special expertise with respect to environmental issues to cooperate with us in the preparation of the environmental document. Agencies who would like to request cooperating status should follow the instructions for filing documents described in item k below. k. Deadline for filing motions to intervene and protests and requests for cooperating agency status: 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

Motions to intervene and protests and requests for cooperating agency status may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site (<http://www.ferc.gov>) under the "e-Filing" link. Please include the project number (P-2517-012) on any comments or motions filed.

l. This application has been accepted, but is not ready for environmental analysis at this time.

m. The existing Dam No. 5 Hydro Station Project consists of: (1) a 100-foot-long, 80-foot-wide headrace; (2) a brick and concrete powerhouse containing two generating units with a total installed capacity of 1,210 kilowatts; (3) a 250-foot-long, 90-foot-wide tailrace; (4) a substation; and (5) appurtenant facilities. The applicant estimates that the total average annual generation would be 5,945 megawatthours. All generated power is sold to Allegheny Power for use in the existing electric grid system serving West Virginia and Maryland. The project dam and reservoir are owned by the United States and operated by the National Park Service.

n. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call 1-866-208-3676 or for TTY, (202) 502-8659. A copy is also available for inspection and reproduction at the address in item h above.

o. Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

All filings must (1) bear in all capital letters the title "PROTEST" or "MOTION TO INTERVENE;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Agencies may obtain copies of the application directly from the applicant. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

p. *Procedural schedule and final amendments:* The application will be processed according to the following Hydro Licensing Schedule. Revisions to the schedule will be made as appropriate.

Issue Scoping Document for comments—December 2002

Notice of application is ready for environmental analysis—March 2003  
Notice of the availability of the EA—September 2003

Ready for Commission's decision on the application—November 2003

Unless substantial comments are received in response to the EA, staff intends to prepare a single EA in this case. If substantial comments are received in response to the EA, a final EA will be prepared with the following modifications to the schedule.

Notice of the availability of the final EA—December 2003

Ready for Commission's decision on the application—December 2003

Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the notice of ready for environmental analysis.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 12114-001]

#### Big Rock Power Partners; Notice of Surrender of Preliminary Permit

November 8, 2002.

Take notice that Big Rock Power Partners, permittee for the proposed Old Campbell Project, has requested that its preliminary permit be terminated. The permit was issued on February 12, 2002, and would have expired on January 31, 2005. The project would have been located on Old Campbell Creek in Humboldt County, California.

The permittee filed the request on September 24, 2002, and the preliminary permit for Project No. 12114 shall remain in effect through the thirtieth day after issuance of this notice unless that day is a Saturday, Sunday, or holiday as described in 18 CFR 385.2007, in which case the permit shall remain in effect through the first business day following that day. New applications involving this project site, to the extent provided for under 18 CFR part 4, may be filed on the next business day.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-7409-6]

#### Availability of FY 01 Grant Performance Reports for States of Alabama, Florida, Georgia, Mississippi, South Carolina, and Tennessee, and the Commonwealth of Kentucky

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability of grantee performance evaluation reports.

**SUMMARY:** EPA's grant regulations (40 CFR 35.150) require the Agency to evaluate the performance of agencies which receive grants. EPA's regulations for regional consistency (40 CFR 56.7) require that the Agency notify the public of the availability of the reports of such evaluations. EPA performed end-of-year evaluations of seven state air pollution control programs (Alabama Department of Environmental Management; Florida Department of Environmental Protection; Georgia Department of Natural Resources; Kentucky Department for Environmental Protection; Mississippi Department of Environmental Quality; South Carolina Department of Health and Environmental Control; and Tennessee Department of Environment & Conservation) and 15 local programs (Jefferson County Department of Health, AL; City of Huntsville Department of Natural Resources, AL; Broward County Environmental Quality Control Board, FL; Jacksonville Air Quality Division, FL; Hillsborough County Environmental Protection Commission, FL; Dade County Environmental Resources
