## Recreation and Hospitality

### CHALLENGES OF THE NEW MILLENIUM

The Morale, Welfare, and Recreation (MWR) community and federal agencies that support their wellness programs are challenged with improving the morale and welfare of the military and federal workforce. Studies show that higher morale and welfare leads to improved worker productivity and better military preparedness. The mission is to provide quality support and recreational services that contribute to the retention, readiness, mental, physical, and emotional well-being of the military and federal workforce. Some of the programs provided to associates and their families are below:

- Recreation Centers
- Fitness Centers
- Lodging
- Outdoor Recreation
- Libraries
- Golf
- Arts and Crafts
- Dining Facilities
- Daycare Centers

Ordering Procedures	20

(b) The establishment of Federal Supply Schedule Blanket Purchase Agreements (BPAs) for recurring services is permitted when the procedures outlined herein are followed. All BPAs for services must define the services that may be ordered under the BPA, along with delivery or performance time frames, billing procedures, etc. The potential volume of orders under BPAs, regardless of the size of individual orders, may offer the ordering office the opportunity to secure volume discounts. When establishing BPAs ordering offices shall —

(1) Inform contractors in the request (based on the agency's requirement) if a single BPA or multiple BPAs will be established, and indicate the basis that will be used for selecting the contractors to be awarded the BPAs.

(i) **SINGLE BPA:** Generally, a single BPA should be established when the ordering office can define the tasks to be ordered under the BPA and establish a firm-fixed price or ceiling price for individual tasks or services to be ordered. When this occurs, authorized users may place the order directly under the established BPA when the need for service arises. The schedule contractor that represents the best value should be awarded the BPA. (See FAR 8.404)

(ii) **MULTIPLE BPAs:** When the ordering office determines multiple BPAs are needed to meet its requirements, the ordering office should determine which contractors can meet any technical qualifications before establishing the BPAs. When multiple BPAs are established, the authorized users must follow the procedures in (a)(2)(ii) above and then place the order with the Schedule contractor that represents the best value.

(2) **Review BPAs Periodically:** Such reviews shall be conducted at least annually. The purpose of the review is to determine whether the BPA still represents the best value. (See FAR 8.404)

(c) The ordering office should give preference to small business concerns when two or more contractors can provide the services at the same firm-fixed price or ceiling price.

(d) When the ordering office's requirement involves both products as well as executive, administrative and/or professional, services, the ordering office should total the prices for the products and the firm-fixed price for the services and select the contractor that represents the best value. (See FAR 8.404)

(e) The ordering office, at a minimum, should document orders by identifying the contractor from which the services were purchased, the services purchased, and the amount paid. If other than a firm-fixed price order is placed, such documentation should include the basis for the determination to use a labor-hour or time-and-materials order. For agency requirements in excess of the micro-purchase threshold, the order file should document the evaluation of Schedule contractors' quotes that formed the basis for the selection of the contractor that received the order and the rationale for any trade-offs made in making the selection.

(ii) The request should include the statement of work and request the contractors to submit either a firm-fixed price or a ceiling price to provide the services outlined in the statement of work. A firm-fixed price order shall be requested, unless the ordering office makes a determination that it is not possible at the time of placing the order to estimate accurately the extent or duration of the work or to anticipate cost with any reasonable degree of confidence. When such a determination is made, a labor hour or time-and-materials quote may be requested. The firm-fixed price shall be based on the prices in the schedule contract and shall consider the mix of labor categories and level of effort required to perform the services described in the statement of work. The firm-fixed price of the order should also include any travel costs or other direct charges related to performance of the services ordered, unless the order provides for reimbursement of travel costs at the rates provided in the Federal Travel or Joint Travel Regulations. A ceiling price must be established for labor-hour and time-and-materials orders.

(iii) The request may ask the contractors, if necessary or appropriate, to submit a project plan for performing the task, and information on the contractor's experience and/or past performance performing similar tasks.

(iv) The request shall notify the contractors what basis will be used for selecting the contractor to receive the order. The notice shall include the basis for determining whether the contractors are technically qualified and provide an explanation regarding the intended use of any experience and/or past performance information in determining technical qualification of responses.

### (2) Transmit the Request to Contractors:

Based upon an initial evaluation of catalogs and price lists, the ordering office should identify the contractors that appear to offer the best value (considering the scope of services offered, pricing and other factors such as contractors' locations, as appropriate).

The request should be provided to three (3) contractors if the proposed order is estimated to exceed the micro-purchase threshold, but not exceed the maximum order threshold.

For proposed orders exceeding the maximum order threshold, the request should be provided to additional contractors that offer services that will meet the agency's needs.

In addition, the request shall be provided to any contractor who specifically requests a copy of the request for the proposed order.

Ordering offices should strive to minimize the contractors' costs associated with responding to requests for quotes for specific orders. Requests should be tailored to the minimum level necessary for adequate evaluation and selection for order placement. Oral presentations should be considered, when possible.

### (3) Evaluate Responses and Select the Contractor to Receive the Order:

After responses have been evaluated against the factors identified in the request, the order should be placed with the schedule contractor that represents the best value. (See FAR 8.404)

Playground equipment/ATV  
Exercise equipment  
Trophies/Awards  
Signs/Exhibit Displays

# RECREATION

## Schedule 078

### SPORTS, PROMOTIONAL, OUTDOOR, RECREATIONAL, TROPHIES AND SIGNS (SPORTS)

Programs in this section include:

<u>Federal Supply Group</u>	<u>Program Sub-Title</u>
78 & 23	Fun in the Great Outdoors, including Park and Outdoor Recreational Equipment and Wheel and Track Vehicles
78	Sports and More
99	Signs and Safety Zone Products, Flags, Identification Products, Traffic Control Devices, Exhibit Systems and Related Products
99	Promotional Products, Presentations, Briefcases and Carrying Cases, Tradeshow Displays & Exhibit Systems, Flags and All Related Products

In addition to following the ordering procedures for orders above the micro-purchase threshold, ordering offices shall –

- i. Review additional schedule contractors' catalogs/pricelists or use the GSA *Advantage!* online shopping service.
- ii. Based upon the initial evaluation, seek price reductions from the schedule contractor(s) appearing to provide the best value (considering price and other factors); and
- iii. After price reductions have been sought, place the order with the schedule contractor that provides the best value and results in the lowest overall cost alternative (see 8.404(a)). If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.

**REMEMBER!** If you are placing an order with a Multiple Award Schedule contractor (*especially if you are using the governmentwide commercial purchase card*), please-

Let the contractor know that you are a federal customer - ask the contractor for the GSA Contract number and contract price. Be sure to cite the contract number on your purchasing documents.

#### **ORDERING PROCEDURES FOR SERVICES (Requiring A Statement Of Work)**

FAR 8.402 contemplates that GSA may occasionally find it necessary to establish special ordering procedures for individual Federal Supply Schedules or for some Special Item Numbers (SINs) within a Schedule. GSA has established special ordering procedures for services that require a Statement of Work. These special ordering procedures take precedence over the procedures in FAR 8.404 (b)(2) through (b)(3).

When ordering services over \$100,000, Department of Defense (DoD) ordering offices and non-DoD agencies placing orders on behalf of DoD must follow the policies and procedures in the Defense Federal Acquisition Regulation Supplement (DFARS) 208.404-70 – Additional ordering procedures for services. When DFARS 208.404-70 is applicable and there is a conflict between the ordering procedures contained in this clause and the additional ordering procedures for services in DFARS 208.404-70, the DFARS procedures take precedence.

GSA has determined that the prices for services contained in the contractor's price list applicable to this Schedule are fair and reasonable. However, the ordering office using this contract is responsible for considering the level of effort and mixes of labor proposed to perform a specific task being ordered and for making a determination that the total firm-fixed price or ceiling price is fair and reasonable.

(a) When ordering services, ordering offices shall -

(1) Prepare a Request (Request for Quote or other communication tool):

- (i) A statement of work (a performance-based statement of work is preferred) that outlines, at a minimum, the work to be performed, location of work, period of performance, deliverable schedule, applicable standards, acceptance criteria, and any special requirements (i.e., security clearances, travel, special knowledge, etc.) should be prepared.

**FSG 78 and 23:**

**Fun in the Great Outdoors, including Park and Outdoor Recreational Equipment and Wheel and Track Vehicles**

**ORDERING PROCEDURES FOR SERVICES (Not Requiring A Statement Of Work)**

*Orders up to the micro-purchase threshold (\$2,500):*

- Place order directly with contractor for the item that best meets your needs

*Orders over the micro-purchase threshold (\$2,500):*

- To ensure a "Best Value" determination is made, as required by [FAR 8.404](#):

- Review the GSA *Advantage!*® online electronic ordering system
- **or**
- Review at least 3 schedule pricelists
- Select the Best Value (consider price, administrative costs, etc.)
- Place order directly with contractor

*When determining what is a "best value," you may consider the following:*

- Special features of the supply or service required for effective program performance
- Trade-in considerations
- Probable life of the item selected compared to that of a comparable item
- Warranty considerations
- Maintenance availability
- Past performance
- Environmental and energy efficiency considerations

*Documentation:*

Minimum documentation is generally all that is required. Additional documentation is necessary when requirement is defined to a particular brand name and only for orders exceeding the micro-purchase threshold.

*Orders exceeding the maximum order threshold:*

**(Note:** This dollar figure will vary from contract to contract.)

[FAR 8.404\(b\)\(3\)](#) provides guidelines for orders exceeding the maximum order threshold:

<i>SIN</i>	<i>SIN Description</i>
192-33a	Camping and Hiking Equipment - to include, but not limited to, recreational tents, tents for decontamination and triage, yurts, tent flies, poles, stakes, tent ropes, and repair kits; Tarps; Sleeping Bags, Bed Rolls, Cots & Camping Furniture; Pack Boards and Backpacks; Heaters, Stoves, Lanterns; Jugs, Coolers, Canteens, & Personal Hydration Units; Climbing Equipment & Snowshoes; Field Toilets & Field Bathing; Outdoor Planters, Tree Grates & Anti-Vegetation Material; Bear-Proof Food Lockers; and Replacement Parts with Ancillary Services

**Schedules E-Library**

Schedules e-Library is the online source for GSA and VA Federal Supply Schedule contract award information. You can find out which suppliers have a contract, and what's available by using various search options; e.g., Schedule contractor's name, contract number, Special Item Number (SIN), Schedule Number, or keyword. This program utilizes the advances of electronic commerce while providing you access 24 hours a day, 7 days a week.

- Other features include:
- Access to information on millions of services and products
- The latest information on Schedule program changes
- Direct link to the GSA *Advantage!*<sup>®</sup> Online Shopping for e-Business
- New and improved look for easier browsing and navigation
- Ability to download Schedule information by Schedule or SIN
- More contractor Web sites and e-mail addresses

**GSA *Advantage!*<sup>®</sup>**

GSA *Advantage!*<sup>®</sup> is our electronic online shopping and ordering system. GSA *Advantage!*<sup>®</sup> provides online access to several thousand contractors and millions of services and products. To shop GSA *Advantage!*<sup>®</sup> you must be a federal government employee with a governmentwide SmartPay purchase card or a GSA Activity Address Code (AAC).

By using GSA *Advantage!*<sup>®</sup> you can:

- Search for items using keywords, part numbers, National Stock Numbers, supplier names, contract numbers, etc.;
- Compare features, prices, and delivery options;
- Configure products and add accessories;
- Place orders directly online;
- Review delivery options;
- Select a convenient payment method;
- View order history to track status, reorder, or cancel.

**e-Buy**

E-Buy, a component of GSA *Advantage!*<sup>®</sup> is an online Request for Quote (RFQ) tool designed to facilitate the request for submission of quotes for a wide range of commercial services and products that are offered by GSA Federal Supply Schedule contractors who are on GSA *Advantage!*<sup>®</sup>.

E-Buy allows federal agencies (buyers) to maximize their buying power by leveraging the power of the Internet to increase Schedule contractor participation in order to obtain quotes which will result in a best value purchase decision. E-Buy provides agencies with a tool that will result in savings in both time and money.

Through e-Buy, Schedule contractors (sellers) have greater opportunities to offer quotes and increase business volume for services and products provided under their Schedule contracts. E-Buy provides contractors with a tool that will result in savings in both time and money.

# FSS Business Units

**N**eed help with a specific product or service category? FSS's nine Business Units offer commodity-specific support to customers. The Business Units' role is to provide products and service expertise while also assuring the best selection and value to our customers. Below is a chart with contact information for each of the eight Business Units.

FSS BUSINESS UNITS	TELEPHONE/WEB ADDRESS
<b>Automotive Division</b> Provides light trucks, medium/heavy trucks, Ambulances, buses, trailers, tankers, wreckers and rollbacks, construction and highway maintenance equipment and attachments, aerial lifts, tires and vehicle accessories.
