Memorandum

TO: House Committee on Oversight and Government Reform
[REDACTED]

FROM: [REDACTED]
Specialist in American National Government
Government and Finance Division

SUBJECT: White House Office of Political Affairs

This memorandum responds to your request for background information on the White House Office of Political Affairs (WHOPA), including when it was created, who has led it, efforts to restrict the activities of this entity, and efforts to govern interaction between it and other federal agencies.

While the WHOPA is a recent creation, it is generally recognized that Presidents have had White House staff who have had various political responsibilities going back, by one estimate, "at least forty years."¹ Established by the newly elected Reagan Administration in 1981, the WHOPA represents a consolidation and institutionalization of staff political responsibilities within the White House Office, which is located within the Executive Office of the President.² At the outset of the Reagan Administration, Lyn Nofziger was appointed the first Assistant to the President for Political Affairs, a position, by his own account, created "especially for me."³ In this position, Nofziger would head the new WHOPA. When asked what he considered to be political, Nofziger reportedly replied: "everything." One commentator explained this remark in the following way.

Every presidential issue is political in the broad sense that the decisions the president makes test the limits of consensus in the country. Partisanship in its narrower meaning colors each presidential action as well. If it succeeds, there is political hay to be made;

² Concerning the Executive Office of the President and its components, see CRS Report 98-606, *The Executive Office of the President: An Historical Overview*, by Harold C. Relyea.

³ Lyn Nofziger, *Nofziger* (Washington: Regnery Gateway, 1992), p. 271.

if even a “nonpartisan” national security initiative crashes, the president’s electoral standing plunges with it.⁴

Nofziger, who had been an important figure in the campaign of California Governor Ronald Reagan to become President, left the WHOPA in early 1982, and was succeeded by his deputy, Edward Rollins.⁵ Subsequent heads of the WHOPA, which has had an evolving mandate during the past years, are identified in Table 1 below. The WHOPA was closed down during the campaign year of 1984, and returned as the Office of Political and Governmental Affairs.⁶ For three years thereafter, it was known as the Office of Political and Intergovernmental Affairs.

Congress has long been deferential to the President regarding the internal organization of the White House Office. It does not appear that any legislative attempt has been made to restrict explicitly the activities of the WHOPA or any other entity within the White House Office (see, however, the discussion below of two bills). In 1978, Congress enacted legislation setting ceilings on categories of senior personnel who could be hired to assist the President in the White House Office and two other agencies within the Executive Office of the President, as well as the Office of the Vice President.⁷ This statute did not restrict the activities of these hires or provide for their distribution within the organization of the White House Office.

Recent revelations about the dismissal of certain United States Attorneys and frequent communications between White House Office personnel and Department of Justice personnel concerning civil and criminal investigations and ongoing litigation have prompted the introduction of bills to restrict such communications. Senator Sheldon Whitehouse introduced S. 1845 on July 23, 2007. It was referred to the Committee on the Judiciary, which considered the legislation on September 20, when it was amended and reported favorably on a 14-2 recorded vote.⁸ The bill was placed on the Senate legislative calendar on October 23. Representative Steve Cohen introduced H.R. 3848, a bill very similar to S. 1845, on October 16, 2007. It was referred to the Committee on the Judiciary, where it awaits further action.

I trust this information is responsive to your request. Please do not hesitate to call me at [REDACTED] if I may be of additional assistance regarding this, or any other, matter.

Subject: Events with Members of House & Senate

TO: WHITE HOUSE LIAISONS

Tomorrow morning, Ken and Karl are meeting with the House and Senate leadership. As part of that meeting, they will need to be armed with a list of every public event that administration officials (Cabinet, Sub-Cabinet & White House Senior Staff) have done with members of the House & Senate - or candidates for House & Senate. So I have been asked to come up with such list by COB today (welcome to my life...). So, I really need your all's help on this.

I hate to ask in such a short time crunch, but could you shoot me a list of all known cabinet & sub-cabinet events that (1) have occurred since January 1, 2002; (2) have been with House & Senate candidates and members; (3) occurred outside of DC and (4) were public - or open press events. All the info we need at this point would be the date of the event, and who was involved.

For example:

Interior: Secretary Norton
March 28 - Rep. Gallegly FR
March 29 - Gordon Smith message event
April 18 - AG Ryan FR
May 3 - Todd Tiahrt FR

Interior: DAS Paul Hoffman
March 22 - Saxby Chambliss message event

And so on....

Thanks for your help - and sorry for requesting such at the late hour...

The following information pertains to the Conference Call that will take place every Monday at 5:00pm. The first conference will take place on June 24, 2002. Because the number of participants in this call is so large, several call in numbers have been given out. Each number supports a limited number, so if the number you call is busy try another one until you access the conference. The security pin code for this particular conference is [REDACTED]. This code will change weekly for security purposes. I will email the code out toward the end of each week. Please RSVP to the conference call so we can have a rough number of participants. Also, please turn in your departments internal audits if you haven't already.

Subject: Asset Deployment Meeting

Asset Deployment Team,
Today (Monday July 8th) we have decided to have a Meeting in place of the
normal
conference call. It is imperative that everyone attend or send someone in
their
place as each AD will give an overview of the Top Senate and House races and
discuss the key niche issues for 2002. The meeting will be at 5:00pm in RM.
450
of the OEOB. Please RSVP to Cabell Hobbs with your social security number and
DOB of all who may be attending. Thanks and we look forward to a very
productive meeting.

Folks - We will have an Asset deployment meeting at the White House next Wednesday (October 1st) at 3pm. It will be held in room 450 of the Eisenhower Executive Office building. A number of people from the White House will speak (Karl Rove, Matt Schlapp, maybe others). It should be rather informative. Please let me know if you will be able to attend - and send your (or your replacement's) WAVES info (date of birth, social security number) if you are coming. Let me know if you have any questions. Thanks - look forward to seeing you then.

AG

PS - this will be my last mtg as I am leaving the White House soon. My replacement will be announced shortly.

Looking at this list poses one question: will she go West?

1. Steve Pearce (NM-02): He is running in Rep. Skeen's seat. Latest polling has him up about 7 points, but still below 50% with a large undecided remaining.

He represents the southern NM district (Las Cruces, Roswell). The contact for Steve Pearce is Brian Donahue at 973-819-██████.

2. Dick Monteith (CA-18): He is running for the seat vacated by Gary Condit's

primary defeat. The district is in the Modesto area of California. Latest internal polling has him down, but well within the margin of error (he has narrowed the gap considerably). The contact for Dick Monteith is Bob Rucker at 209-631-██████.

3. Tom Latham (IA-04): He is running as an incumbent in his newly drawn district. Ames is the biggest city, in case they wanted a FR. Latham is up, but remains under 45%. The contact for Latham is Chris Dudley at 312-218-██████.

4. Rick Renzi (AZ-01): I know she did something for Renzi in Phoenix a few weeks ago, but they would like her to visit their district in Flagstaff/Prescott

area. Recent polling has Renzi down 1% - well within the margin of error. The

contact for Renzi is Joe Galli at 928-220-██████ or Jimmy Jayne at 928-521-██████.

5. Bob Breaprez (CO-07): I know she's been there before, but he may want her back to help with Get-out-the-vote in his district. He is currently down, but will win if he turns out his base. This is still a "maybe." The contact would

be Sean Murphy at 303-905-██████.

Just an FYI....Marrilyn Musgrave (a race I know the Secretary is following) has expanded her lead and is now above 50%. Looking very good there (thanks in part to the Secretary's help!).

Another FYI.....Pearce, Beauprez and Renzi will be getting stops along the Forest Health Tour next week (Rebecca Watson, Lynn Scarlet and/or Kathleen Clarke will be participating on behalf on DOI - as will representatives from DOC and USDA. Doug Domenech has been very helpful in setting these up.)

Yes . . .but are you aware that we have already devoted more than a full day in South Dakota with Rep. Thune, and helped convince him to run for a Senate and attended several events with him (in fact his staff fashioned the agenda spent with him) and we also have done a number of things for Senator Allard, and will do more, which reminds me I need to write a personal check to his campaign.

If you want us to go back to South Dakota, we should probably do it soon because weather will be a factor . . .thought I also think that the regrettable incident with Daschle's staff will dominate news in the state for some time. Monica . . .would you please come up with a list of dates.

With respect to Sen. Allard, I would suggest that one possibility is that he is working on getting the rocky mountain arsenal, which once was a plutonium factory, cleaned up so it can be converted into a wildlife refuge . . . a swords into ploughshares concept. If he can get it passed into law, perhaps we could present him with a commemorative pen on the President signing it into law (it may become part of the DOD authorization bill). o South Dakota as early as we can

Brian - throughout the year, we have sent you all a number (more like a ton) of political requests. Anyway, we have worked to widdle down the remaining requests and come up with a couple priority events the White House would still like to see you all do before December 31, 2001. Ken and Karl are completely behind these and they agree that all the others can wait until next year. Here are the events for the rest of 2001:

1. Senator Wayne Allard (CO) - I know you had once indicated that you may be willing to do one for him.
2. Rep. John Thune (SD) - huge target! huge priority!

Does this work? If so, let me know which dates could work for the secretary. And if you have events to add to your 2001 schedule, pls feel free and keep us informed. We can also get you more information on each request, if needed. Thanks.

Hi Doug,

If we get a political assignment from the WH we will go wherever that is plus the official visit in Fairbanks. GAN feels she can be uniquely helpful in AK b/c of DOI's profile there, but if no political assignment comes our way, we will surrogate the official to someone else and likely skip AK this round.

Subject: Conference Call Follow -- Up

Hello Doug --

As promised, enclosed is a (ROUGH) memo of events that the Secretary has completed and those events that we are asking for your assistance in filling. A couple of things to keep in mind:

- 1.) This version is only as good as the information I have, so I have planned to speak with you on the phone next week to walk through the details of the memo. (TBD date and time)
- 2.) Please do not pass these along to other folks, less we have finished adding what needs to be added, deleting that which is no longer necessary and making general ameliorations
- 3.) You may have some questions on method, so I have provided at least an initial legend to help you make sense of each designation

"Requesting" – This means that the event has been presented to ME to fill with a surrogate
"Requested" – This means that the event has been submitted to YOU for consideration
"Need S.P./Paper" – This means that in order for consideration, you have asked that either a scheduling proposal or official invite be submitted so that a decision can be made
"Confirmed" – This means that you have informed me that your Secretary (or alternative) will attend the event and we are waiting for the event to occur
"Completed" – This should be self-explanatory

- 4.) As I mentioned on the call, we are asking that you do a certain number of things per month – those are included on the memo in italics and are there as a reminder. They will be removed as actual events are scheduled
- 5.) RELAX – if there are questions, concerns, etc (which I am sure there will be), we will walk through it next week

Thanks again for your attention to this process – Have a great weekend!

As promised, I am following up on the e-mail that I sent on Friday. If you have not yet had a chance to look at either the e-mail or the attachment, please do so over the course of the next two days. It is important that you have reviewed the document for the following items before our call so that we can get through the document in the designated timeframe.

- 1.) Please check and make sure that we have included AND listed all relevant previously attended events
- 2.) You can be assured that we would not ask for these events unless they were priorities, but in order to ensure that these requests will not be hampered by blanket restricted scheduling blocks, I am asking that you check and see if these requests are at least feasible. We will discuss next steps on the calls, i.e. official requests or S.P.s (if needed)
- 3.) Please come prepared to discuss anything NOT listed on this memo that you think we should (1) know about and/or (2) add to the current memo.

Please note that we will have these calls (at least) once a month. **You are currently scheduled to have a call with me this Thursday from 3:30-3:45PM.** If you are UNABLE to make this call, please c-mail Erin (cc'd above) and let her know so that we may secure another time. Subject: Housekeeping Items

Dear White House Liaisons,

First, let me thank you very much for all you've been doing for the surrogate scheduling process this cycle. It is appreciated and has been noticed. I have a few housekeeping items I wanted you to be aware of.

- 1) If your Secretary would like a state political briefing, please let me know directly. One week's notice would be appreciated. I am coordinating all the requests on behalf of the regional ADs and it's easier if they all go to one place. Feel free to cc the regional AD if you would like – we all work together.
- 2) With only 4 months left before the end of the 05-06 cycle, I am interested to speaking with each of you regarding what is and what is not possible in terms of your current (and future) OPA surrogate requests. For those of you who reside in more political agencies, this will take the form of a conference call with myself, Sara Taylor, your Chief of Staff, and Scheduler (if they so wish). We'd like to map out a plan in order to manage the workload and expectations.
- 3) On that note, we are now asking each agency to do at least 5 OPA recommended event per month from now until November. While some will do far more or far less than that, we feel it's a reachable goal, especially if you are able to couple events into multi-event days or regional swings.
- 4) Please continue to send me your agency press clips as they come in. This is a popular document to show around the office.

Please let me know if you have any questions or concerns.

☺

Mindy

Mindy-

Per our conversation, here are the dates/locations that we can offer:

Florida (Buchanan & Shaw): 10/9

Pennsylvania (Sherwood & Fitzpatrick): 10/14

Minnesota (Pawlenty & Kennedy): 10/19

Arizona (Renzi): 10/27 (CMS bus)

The groups should contact Allyson Bell at 202-690-██████████

Thanks,
Brynna

Thanks Jamie. You were on my list to call today.

Attached is a memo detailing the 7 events we believe the Secretary personally needs to attend. I have swapped out some of the old ones in lieu of the new ones (listed in red). They represent our top priorities going into November.

I know it's hard to get him on the road for these really need to happen.

I can come up with some options for Azar if you'd like. Usually agencies reach out on their own (using the list) and offer help. If his office can do that, it would be the most efficient.

Thanks so much.

JT, Debi, do you need the full list?

No victory component.

Amount is \$694.73.

Thanks.

Hey -

We put in a request to get Sec. Nicholson into Appleton to help us name the Bradley Vets Clinic right before the Appleton Flag Day parade (the Bradley family will be there too). So far, we've heard nothing from VA and Kloiber (who is still working there) says that in order to get our request improved consideration we should have the WH call over to recommend the event. So, can you talk to Felts to see if he can make a call? Green is fixated on this and will be very disappointed if Nicholson isn't there.

The invitation letter we sent over asks if Nicholson will attend an event the morning of Saturday, June 10.

OK our invitations guy just found it. It literally was in a stack that arrived yesterday that had not been logged yet.

The letter is also signed by Herb Kohl so I don't know how much sunshine can be singled out onto Green.

I'm putting it into him to consider because he does have a conflict on that day and will need to see if he wants to cancel the other speaking engagement he has in Pennsylvania that day - which I believe has already been advertised...of which I'm trying to also figure out where that is so we can maybe help out someone up there before he does his official event.

I know there is a site - just wondered if it was a "problem" site. Collins office brought it up to us.

Later this summer is okay - Collins is a pick up opportunity so it's the incumbent who is in trouble.

I will check with Seaton on Burns. We definitely did not say that about the Legion thing. I remember asking, but I'm pretty sure we said it wasn't possible.

I think the process issue will be mostly fixed by how you are getting answers so much quicker than before. Part of this is that folks feel they need to go to the VA Leg shop to get some movement since there wasn't a lot before you came. We will tell our folks to go through you though. The thing about invites is that we ask our campaigns to send us the invite directly so we can get it to the right person rather than take a chance on the mail. We can also filter it from our end over here.

Are you asking them if we have a site or are you working off the spreadsheet I did for you all? ; -)

I need to check on the issues...that one has not come up but I do have a meeting next week about "Georgia Issues"

The Secretary was just down there recently. Is it something I can work into later this summer? Also is he in trouble?

Also 2 other items:

1) Senator Burns staff says they were promised the Secretary by the White House on June 22 - 24. I remember you asking if the Secretary was going to a State American Legion event and the answer was no because he doesn't do those...but why does his Veterans LA staffer think we are going in for them. I had a 20 minute conversation with his State Director [who Seaton gave me to call] yesterday about scheduling things and he is getting back to me. [and btw it took 4 phone calls from me for him to call me back].

555

MS

189

But the June stuff never came up.

2) And MORE IMPORTANT: Process Issues. The Secretary is curious about how contact is made, why they go to you with a request in some form but then do things like the above and follow-up with a career person in our Leg. Affairs shop. He is asking more in the context of wanting to be responsive. I have told him now that I am on board we are being more responsive. For example: Shays gives your office a copy of an official invite letter and asks you all to lean on us long before we even receive the original...you know what I mean?

Part 2 of this is that we have a huge leg affairs shop and only 4 of the people are political...but because in other departments where leg shops are dominated by politicals there is the assumption that staff are talking to a political on the phone or in our Hill offices. Is there a way to put the word out for people to contact me? The careers then start forwarding around e-mails asking if the Secretary is doing a FR for someone and deliberately include the entire planet in an effort to embarrass him etc.

Right -

The deal with that one is the 1st Roulstone event was a tier prior to a LDD in February. Since he didn't get confirmed in time, his name wasn't on the invite. They would like something with him that is publicized in Washington State. It's really worth it to us to have him do more than 1 thing. DC FRs are completely different birds, as you know, it helps get that PAC money, but doesn't yield a lot of publicity back home.

Attached is a memo detailing the 7 events we believe the Secretary personally needs to attend. I have swapped out some of the old ones in lieu of the new ones (listed in red). They represent our top priorities going into November.

I know it's hard to get him on the road for these really need to happen.

I can come up with some options for Azar if you'd like. Usually agencies reach out on their own (using the list) and offer help. If his office can do that, it would be the most efficient.

Thanks so much.

2. Vito Fossella - was unable to fit S2 in - Retracted
3. Weldon was done by Nicole Nason in S2's place
4. Deborah Pryce - We need to find a new date. Oct. 23rd no longer works for S2 b/c of trip to Russia. (Simon please call Marcie in Pryce's district office. I left messages with her on Thursday and Friday and have not heard back. Dates available for S2 are Nov. 2nd and Nov. 3rd but she must be back on the 3rd by 3 pm.
5. Tom Kean - scheduled (Simon get date from Amy Grangeia; I don't remember it right now)
6. Ken Blackwell - they don't want us - Retracted
7. St. Louis request - (Mindy, y'all wanted us to do this event only if we are going to St. Louis and as of right now it doesn't appear to be the case)

Simon,
S2 has the following dates open for travel, so we can try and fit in Pryce, Sue Kelly, Fitzpatrick, Shays and Nancy Johnson:

Oct. 13th - needs to be home by 5 pm

Nov. 2nd - all day

Nov. 3rd - home by 3 pm

Julie -

Can you add Senator Burns (R - MT) to the list of places the DepSec could visit for an official event? The Senator is in need of some surrogates prior to his June 6th primary, but I'm sure would take Law when he's available. Burns is an important seat for us to hold this year.

Thanks.

Michele:

Congressman Weldon's comment is very telling – he wants a viable candidate putting up a good fight in the 13th District so that it will take some of the pressure off of other incumbents. That is not a winning plan and not a plan that will put you in DC as a Congresswoman. You have to be careful that you are not "used" by the party to make it look like it is competitive in the 13th District.

Because redistricting is so recent, you need to have someone sit down and analyze the precincts that now constitute the 13th Congressional District. Take the best races run by Republicans in Pennsylvania over the last 5 or 6 years. For example, in 2000, Bush received 46% of the vote in your state – how did he do in the precincts that now constitute the 13th District? In the 1998 race, Governor Ridge received 57% of the vote, while Senator Specter received 61% of the vote– how did they do in the new 13th? In 2002, Mike Fisher received only 44% of the vote – not a good race, but you need to know if he did better or worse in the 13th. In 2000, Santorum received 52% of the vote – how did he do in the 13th? Basically, you need to know whether Ridge (57%), Specter (61%) or Santorum (52%) carried a majority in the new 13th – if all three did, you can win if you run a good race. If none of the 3 won in the precincts that now constitute the 13th, you have no chance!

The NRCC or the Pennsylvania Republic Party may have a software program that would help you do these calculations. I arrived in Seattle in 1975, having never lived in the town, however, in 1976, the party asked me to run – same thing, they wanted a candidate that wouldn't embarrass them. However, I sat down with a calculator, a bottle of Amaretto, and analyzed the best races in the state in the 150 precincts that constituted my legislative district. I found out that a good Republican campaign carried those 150 precincts, even though the Democrat incumbent had held the seat for 32 years (16 campaigns). I knew he could be beaten if we did everything right. Six months later, (1 3/4 years after moving to the state) I received 49.5% of the vote against his 50.5%. Two years later, I did it again and received 59% to his 41% and took him out. I ran unopposed in three primaries and three general elections and my percentages of the total, not just Republican, votes in those races were 37%(primary), 49.5% (general); 54% (primary), 59% (general); 61% (primary) and 63% (general). That was in a district with a 60% Democrat/40% Republican registration.

The point is, you can win against an incumbent if 1) you run a close-to-perfect campaign, and 2) other good Republican campaigns are winning in that district. We didn't run a close-to-perfect campaign in my first race because I was a new, unknown candidate. We made NO mistakes in the second and third race and I was out-polling state-wide and Congressional Republican candidates in my legislative district.

To All:

Regarding Michele's interest in running for Congress in Pennsylvania's 13th District, I checked with USAID's most recent copy of "The Almanac of American Politics" by Michael Barone which is published by the National Journal. Unfortunately, our copy is 2004, so we don't have the results from last fall's Congressional campaign, but there were some gems in the narrative that I should share with you all:

In the 2000 general, the Republican Greenleaf, after developing a "reputation for leisurely campaigning" received 46%.

In that same 2000 general, Bush received only 42% of the vote.

In the 2002 general, Republican Melissa Brown received 47%.

District is 19% blue collar; 68% white collar; 12% gray collar (farming, fishing, health care, protective service, food prep).

"This is a seat that could be seriously contested again, for the seventh election in a row."

It was terrific to see all of you last night. I appreciate all of your encouragement. Deep inside, I think I would like to run for Congress some day. I just need to get through some "minor" hurdles as I mentioned. Hopefully you do not mind me dropping a line from time to time seeking advice.

I've been walking around DC since 6:30 this morning. Better than the rain yesterday. I'm soaking it all in. I love it here. Ideally, if there could be some task force, committee or another venue, I could get appointed that would require monthly travel - I would be here in a heartbeat.

Until next time, take care.

Cheers, Michele

Subject: Housekeeping Items

Dear White House Liaisons,

First, let me thank you very much for all you've been doing for the surrogate scheduling process this cycle. It is appreciated and has been noticed. I have a few housekeeping items I wanted you to be aware of.

- 1) If your Secretary would like a state political briefing, please let me know directly. One week's notice would be appreciated. I am coordinating all the requests on behalf of the regional ADs and it's easier if they all go to one place. Feel free to cc the regional AD if you would like - we all work together.
- 2) With only 4 months left before the end of the 05-06 cycle, I am interested to speaking with each of you regarding what is and what is not possible in terms of your current (and future) OPA surrogate requests. For those of you who reside in more political agencies, this will take the form of a conference call with myself, Sara Taylor, your Chief of Staff, and Scheduler (if they so wish). We'd like to map out a plan in order to manage the workload and expectations.
- 3) On that note, we are now asking each agency to do at least 5 OPA recommended event per month from now until November. While some will do far more or far less than that, we feel it's a reachable goal, especially if you are able to couple events into multi-event days or regional swings.
- 4) Please continue to send me your agency press clips as they come in. This is a popular document to show around the office.

Please let me know if you have any questions or concerns.

☺

Hey Christy -

Can you find out why Sandy Baruah is doing his event in San Diego with Rep. Susan Davis (D, CA-53) instead of the folks we had recommended? (Issa, Hunter). I didn't know she was being included until I saw it on the press release.

The transparency events are a series of meetings with 3 or 4 people. Not really events. We will try to do one public event on a non-transparency topic each day. This is the press hit. That's where we could include them.

I will still call each Members office to:

1. Determine if they really do want an event
2. Explain the restrictions on f/r (doctors/ health care providers can not make up more than 50% of the attendees)
3. Let them know if we can't do a separate event specifically for THEM- that we will include them in the transparency event???? (Or will we????)

Yes, I am hopeful that visit with Ken and Sarah will help. But after the meeting Rich and I had at folks at the WH yesterday afternoon sadly, I suspect we will be pounded on to do this events. We are working with staffer that have "check lists" that they are keen to complete - sometimes without understanding of the time challenges.

Jamie, we can't do all of these. They are under a misunderstanding that every day we travel we can do 1 or 2 events, it just won't work. We can maybe do 1 or 2 a trip. They need to not be setting high expectations with these candidates/congressional folks. How this will most likely work is we will invite Congressmen to our existing events. And because we will be traveling commercially, we won't have many nights to do events.

I know we are hoping the meeting with Chairman Melman will help with all of this, but I can see a big problem looming for us.

Jaime –

On this week's cabinet report, I noticed that you'll be doing a lot of Health Care transparency events. It looks like they are all situated in places that are of interest to us. Here is what I would ask for if there is time on his schedule:

June 26th: TBD Event w/ Gerlach, Weldon, Fitzpatrick or Santorum
June 26th : TBD Event w/ Hart or Murphy
June 27th: TBD Event w/ Sweeney
June 28th: TBD Event w/ Michigan GOP
July 5th : TBD Event w/ Kyl, Hayworth or Renzi
July 20th: TBD Event w/ Chocola or Sodrel (their districts are not exactly close to Indy, but if he has time would be worth it)
July 21st: TBD Event w/ Gov. Candidate Kerry Healey (she's currently Lt. Gov)
Aug 6-8th: FR w/ candidate Ralph Norman (if this can happen in July it would be better for them, but I'm sure they would host you in August)
Aug 8th: TBD Event w/ Keller
August 9th: TBD Events w/ candidate Ken Blackwell, DeWine, candidate Craig Foltin (if you could go outside of Cleveland they'd be more options)

Let me know what you think. These would be good ways to knock out a lot of outstanding requests from the list. Event if he only has an hour, I think it can be made good use of.

Thanks!

Subject: November 7th Recap

Folks,

I just wanted to give you all a summary of a post November 7th update I received the other night. Presidential Personnel pulled together a meeting of all of the Administration's White House Liaison's and the WH Political Affairs office. Karl Rove opened the meeting with a thank you for all of the work that went into the surrogate appearances by Cabinet members and for the 72 Hour deployment. He specifically thanked, for going above and beyond the call of duty, the Dept. of Commerce, Transportation, Agriculture, **AND the WH Drug Policy Office.** This recognition is not something we hear everyday and we should feel confident that our hard work is noticed. All of this is due to our efforts preparing the Director and the Deputies for their trips and events. Director Walters and the Deputies covered thousands of miles to attend numerous official events all across the country. The Director and the Deputies deserve the most recognition because they actually had to give up time with their families for the god awful places we sent them. I attached the final list of all of the official events that the Director and Deputies attended.

Karl also launched into a feisty discussion about the plans for the final two years of this administration. In no uncertain terms, he said he is not going to let the last quarter of this presidency be dictated to by the Capitol Hill. There are a number of things this administration and more specifically ONDCP have to accomplish before the time is up. It is time to regroup and move forward.

In the next 2-3 weeks I am going to set up one on one meetings with all political appointees to get a sense your plans for the next two years. It will just be informational for planning purposes.

Thanks again,

Doug Simon

We had heard that the Secretary had done a grant announcement a \$5 million project in Northern CA from DC this week. I believe this grant affects the constituents of Cong. Pombo and Cong. Doolittle, 2 of our targeted folks. Do you think we can send a DoL surrogate out there to physically hand out a check? I think it would be helpful in terms of good press in a much needed area.

Thanks.

Good question. I do not believe any of these events have grant announcements involved. However, I am double checking with each of our Surrogate's offices. I am also adding columns titled "Purpose of Trip" and "Grand Announced" you will have a updated spreadsheet this afternoon.

Please let me know if you need any additional information.

(Special Assistant to the Assistant Secretary (Wade Horn)) At 2 Schedule C

briefings I attended, you said that each of us should get involved to help Republicans win/hold onto seats in the 2002 elections. Taking your advice, I contacted the RNC and asked if any positions on any committees, boards, etc., were available on which I could volunteer my time. I was told that none exist but I could help "lick stamps" if I wanted. While I have attended/organized many lick'em and stick'em parties, and no doubt will attend/organize them in the future, I was hoping for a more involved role. Any ideas on how I could become more involved and help you in your goal of achieving Republican wins?

Thank you.

THE WHITE HOUSE

WASHINGTON

May 14, 2007

The Honorable Henry A. Waxman
United States House of Representatives
Committee on Oversight and Government Reform
2157 Rayburn House Office Building
Washington, D.C. 20515-6143

Dear Chairman Waxman:

This letter supplements my letter of April 9, 2007, submitted in response to your March 29, 2007 letter to Karl Rove requesting certain information relating to J. Scott Jennings's January 26, 2007 briefing to the General Services Administration ("GSA briefing"). As I have discussed with your staff on several occasions, we are committed to assisting you and the Committee in your requests for information in a manner that accommodates both the Committee's legitimate oversight interests and the interests of the Executive Branch. In that spirit, I have met with your staff several times, beginning on April 16, 2007, to answer questions, provide information, and discuss ways to satisfy the Committee's interest in obtaining information relating both to the GSA briefing and to similar briefings.

On May 3, 2007, your staff and I met to discuss a number of your Committee's requests, and on that occasion agreed that our office would provide a briefing in response to the questions posed in your March 29 letter. Per that agreement, I met with your staff on Friday, May 11 for nearly two hours and provided an extensive briefing in response to the Committee's questions, which related both to the GSA briefing and to other agency briefings that may have been similar to it. As I discussed with Committee staff on that and other occasions, we believe that it is appropriate for White House officials to provide informational briefings about the political landscape to federal agency appointees whose job it is to implement the President's policies. As Elaine Kaplan, former head of the Office of Special Counsel, told the *New York Times* last month, "[m]erely holding a briefing on government property that discusses election results or upcoming elections would not, in and of itself, be considered 'political activity' and so would not violate the Hatch Act." *New York Times*, 4/27/07 at A25.

In response to your staff's May 11 request, this letter provides a list of briefings that may have mentioned future elections or candidates, and that may have been presented to federal agency appointees by Office of Political Affairs ("OPA") personnel in 2006 and 2007. As we understand the matter at this stage in our review, it appears that Sara Taylor and/or Scott Jennings participated in approximately 20 briefings to federal agency appointees that may have mentioned the political environment in which agency employees implement the President's policies. As I emphasized to Committee staff this past Friday, this list is tentative in nature and is based upon what we have learned to date in the course of our still ongoing review. The information on that list is likewise tentative, and represents the best information available to us at this time. Our office has not been able to confirm all details associated with the listed events.

(For example, as to the briefings conducted at locations other than in government buildings, we do not know whether they were purely informational briefings or whether they involved "political activity" as defined by the Hatch Act and were located in a non-government building for that reason.).

As I discussed with your staff in our April 16, 2007 meeting, your March 29 letter appears to seek documents and information dating back to January 20, 2001, and involving a potentially very large universe of individuals. Because Committee staff sought information from us before we have been able to complete the review necessitated by the March 29 letter, we have elected to provide you with information we have gathered at this point. As we review more documents or learn additional details, we may modify or supplement the information relating to the agency briefings set forth below. The information is organized by date, Department, category of person(s) believed to have been invited, and participating OPA employee. Unless otherwise noted, these informational briefings appear to have occurred at the Eisenhower Executive Office Building ("EEOB").

- 1/10/06: Interior Department senior staff and White House liaison. Scott Jennings ("SJ") participated.
- 1/20/06: Treasury Department senior staff at an off-site location. Sara Taylor ("ST") participated.
- 3/14/06: White House liaison, senior legislative affairs, and intergovernmental affairs officials at various departments, including Transportation, Justice, Homeland Security, Labor, Health and Human Services, and Treasury. ST.
- 3/21/06: Secretary of Labor and senior staff. ST, SJ.
- 4/20/06: Commerce Department senior staff and Schedule C appointees at the Commerce building. ST, SJ.
- 5/22/06: Secretary of Housing and Urban Development and senior staff at the HUD building. ST.
- 6/28/06: Treasury Department senior staff and Schedule C appointees. ST, SJ.
- 7/17/06: EPA senior staff. SJ.
- 8/1/06: Secretary of Education and senior staff at the Capital Hill Club. ST, Ken Mehlman.
- 8/15/06: EPA senior staff and Schedule C appointees. ST.
- 8/16/06: Secretary of Agriculture and senior staff at the USDA building. SJ.
- 9/12/06: Energy Department senior staff and Schedule C appointees at the Energy building. ST.
- 9/19/06: Education Department Schedule C appointees at the Capital Hill Club. ST.
- 9/20/06: GSA, NASA, ONDCP, SBA, and OSTP senior staff and Schedule C appointees. ST.
- 9/25/06: Agriculture Department Schedule C appointees at the USDA building. ST.
- 9/26/06: USAID senior staff and Schedule C appointees at the USAID building. SJ.
- 10/5/06: Health and Human Services legislative affairs staffers. SJ.
- 10/10/06: Defense Department Schedule C appointees. ST.
- 1/26/07: GSA administrator, senior staff, and Schedule C appointees at the GSA building. SJ.
- 2/6/07: USAID senior staff and Schedule C appointees. SJ.

In addition to the foregoing, we also understand based upon our preliminary review that in 2006 and 2007 Karl Rove may have given informal talks to agency political appointees on several occasions. We understand that the focus of these talks was not future elections and that no PowerPoint slides were used, but we cannot rule out the possibility that future elections or candidates may have been mentioned in course of these talks. For that reason, and in the spirit of accommodation, we are providing additional information relating to those talks. As with the information set forth above, this information is tentative and is provided to the Committee on that understanding.

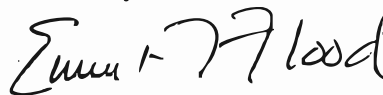

- 3/2/06: Department of Health and Human Services political appointees at the EEOB.
- 4/27/06: Department of Homeland Security Schedule C appointees at the EEOB.
- 8/8/06: Public liaison and intergovernmental affairs heads of various agencies at the EEOB.
- 9/5/06: Chiefs-of-staff and White House liaisons of various agencies at the EEOB.
- 2/7/07: New Schedule C appointees of various agencies at the Reagan Building.

As your staff is aware, this past Friday we also produced copies of certain presentations responsive to the March 29, 2007 request. The Bates-range of the produced documents is HOGRO02-0001 to HOGRO02-0051. Please note that we redacted from the produced documents certain notations that we do not believe were contained in the final version of the presentations. We would be pleased to discuss an arrangement for Committee staff to review the relevant pages in unredacted form.

As I explained in Friday's briefing, we are continuing our efforts to identify additional responsive documents. As I have also noted to Committee staff, it appears that OPA did not maintain a master schedule of all agency briefings and for that reason the review process is more laborious than it might otherwise have been. Our review is ongoing and we anticipate producing additional responsive documents to your Committee or, in the event any such documents implicate significant Executive Branch interests, we will notify you of their existence as a prelude to further discussion.

Thank you for your consideration. If there is a need to discuss this matter, I can be reached at (202) 456- [REDACTED]

Sincerely,

Emmet T. Flood

Subject: RE: Politicals List (Virus checked)

Doug,

I left you a voicemail earlier today, but I just wanted to follow up with an email, as well. WH counsel is uncomfortable with Sara giving a political briefing during normal business hours. Please give me a call on Monday (456) and we will find a time that works after 5 pm.

Thanks and sorry for the last minute change of plans.

Meredith,

Here is the promised list of political appointees at DOI. We are excited about Sara Taylor joining us at our meeting on Monday.

As I said before, we meet at 11 and adjourn at 11:30 or 11:45 depending on the program. I would suggest she arrive at 10:55. We'll start at 11. The Secretary usually has a few opening comments. Sara could speak for 15-20 minutes and then some Q&A. I am sure we can get her out the door by 11:40 or so.

Obviously I will meet her at the door and escort her back out. Let me know if she needs anything (powerpoint) and who might be coming with her. (Tim? Jason?)

Finally, can you send me a bio of Sara (and others who might attend)?

Guys -

Thanks for today - good info to have.

I realized I had been negligent in setting up another briefing for all our politicals (after the other one was cancelled) and want to do that asap. Would love for both of you to address this group if possible.

We are so close to the WH ... do you think it might be possible to schedule it there (maybe in the auditorium on the upper floor) around 6:00? Think we would have a good turnout and we really need to rally our group.

We are ok legally, but want to be sure about perception, etc.

Thoughts?

Dear Mr. Chairman:

We are responding to your April 26, 2007 request for information about political briefings given by White House officials to federal agency officials. EPA respects your role as Chairman and is committed to providing the Committee with the information necessary to satisfy its oversight activities to the extent possible, consistent with Constitutional and statutory obligations.

The attached table summarizes the information you request: the date, time, location, and attendees at briefings mentioning elections or candidates provided to agency employees by officials in the White House. Please note that EPA employees also may have attended additional events in their private capacities. That information is not included. We have conducted an extensive search for the information you have requested; nevertheless, in the event that any additional relevant information is located, we will make sure to supplement this response promptly.

Again, thank you for your letter. If you have further questions, please contact me or your staff may call Tom Dickerson, in EPA's Office of Congressional and Intergovernmental Relations, at (202) 564-6792.

Sincerely,

United States Department of the Interior

OFFICE OF THE SECRETARY
WASHINGTON, D.C. 20240

JUN 08 2007

Honorable Henry A. Waxman
Chairman, Committee on Oversight and
Government Reform
House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

This responds to your April 26, 2007, letter to Secretary Kempthorne in which you requested information concerning briefings with Department of the Interior staff in which elections or candidates were mentioned.

We have enclosed information concerning the following list of meetings and briefings that we believe might fall within your request:

1. Senior Noncareer Employees Retreat: 1/6/2002
2. Regular Noncareer employees staff meeting: 3/8/2004
3. Off-site PAS Political Briefing: Spring 2004
4. Special Noncareer Employees Meeting: 5/4/2005
5. Senior Staff Briefing at EEOB: 1/10/2006
6. Senior Staff Briefing at EEOB: 3/14/2006
7. White House Briefing for Governor Kempthorne: 4/19/2006
8. Briefing for the Chief of Staff and White House Liaison: 9/5/2006

We have also included a number of appointments from the calendar of the Department's White House Liaison. We have no backup material to suggest that these appointments involved any discussion of elections or candidates, but we are including them because we can not say with certainty that any such discussions did not occur.

As you will note from the enclosed materials, many of the meetings listed above did not have as their primary purpose upcoming elections or candidates. We understand that the Committee is particularly interested in the January 6, 2002, retreat at the National Conservation Training Center at which Karl Rove spoke. Mr. Rove had been in Oregon the day before with President Bush visiting the Klamath River Basin. I am told he very briefly spoke of the situation in the Northwest related to the Klamath River Basin and did not mention any specific candidate or any political race.

Because of press reports about that meeting, the Inspector General for the Department, Earl Devaney, was asked to investigate, among other things, whether Mr. Rove's remarks had any bearing on Interior's decision making with respect to the Klamath Basin. In a March 1, 2004, letter to Senator Kerry, the Inspector General said his investigators interviewed all the officials and reviewed all the documents involved in the decision. He found that the "the administrative process followed in this matter did not deviate from the norm." He also found no evidence of political influence affecting the decisions pertaining to the water in the Klamath Project." The letter stated: "While we confirmed a passing reference to the Klamath River Basin Project during an otherwise-unrelated presentation to senior Interior officials, we found nothing to tie Karl Rove's comments or presentation to the Klamath decision-making process."

We hope this information is helpful to the Committee. If you have any questions concerning it, please feel free to contact the Department's Legislative Counsel, Jane Lyder, at 202 208-7693 or jane_lyder@ios.doi.gov.

Sincerely,

Matt Eames
Director, Office of Congressional and

HUD would like this to happen early next week, either Tuesday (9/12) or Wednesday (9/13). Since it isn't a "political briefing" I don't think it has to be after 5:30pm. It would be similar to the meeting with the agency CoS and WH Liaisons on Tuesday morning.

I asked Sara about this and she is okay with the idea if Karl wants to.

Dave Hazelton called to ask if Karl (or you) could do a morale boosting meeting with the HUD Schedule Cs sometime early next week. He was really impressed with the impact Karl's meeting on Tuesday had on his CoS and thinks it will be helpful to the political appointees.

He wants the meeting to "put the fear of God" in them about continuing to work hard and sign up for 72 hour.

What do you think?

The Honorable Allen Weinstein
Archivist of the United States
National Archives and Records Administration

Washington, DC 20408

Dear Dr. Weinstein:

The Committee on Oversight and Government Reform is investigating the political presentations that White House officials under the current administration gave to federal agencies across government. The Committee initiated this investigation based on allegations that the head of the General Services Administration, Lurita Doan, committed a Hatch Act violation on January 26, 2007, when she made inappropriate comments following a 28-page PowerPoint presentation by J. Scott Jennings, Special Assistant to the President and the Deputy Director of Political Affairs in the White House. Given to a group of more than 30 political appointees at GSA, Mr. Jennings's PowerPoint presentation reviewed the 2006 election results and outlined the Republican Party's top electoral targets in upcoming federal and state elections.

During the Committee's investigation, we have learned that over the past six years White House officials have provided similar presentations discussing future elections and candidates to federal agency officials throughout the government.

To provide historical context, we request that you provide the Committee with copies of any political presentations or briefings provided by the Clinton White House Office of Political Affairs to federal agency employees that mentioned future elections or candidates. We also request that you provide the Committee with any legal guidance that the Clinton White House Counsel may have provided to the Office of Political Affairs about the political presentations.

The Honorable Allen Weinstein

This letter is in response to the September 13, 2007 letter from you and Congressman Tom Davis to Allen Weinstein, Archivist of the United States, requesting copies of Clinton Presidential records concerning political presentations or briefings provided by the Clinton White House Office of Political Affairs to federal agency employees as well as records containing legal guidance provided by the Clinton Administration to the Office of Political Affairs about the political presentations.

Enclosed are 117 pages that relate to the general topic of your request. The archivists at the Clinton Library were unable to locate any other Clinton Presidential records specifically responsive to your request.

These records are being produced in accordance with the Presidential Records Act (PRA), 44 U.S.C. §2205(2)(C), which provides for an exception to restricted access for records requested by a committee or subcommittee in the conduct of the business of Congress. In accordance with the PRA and section 6 of Executive Order 13233, NARA notified the White House Counsel and the designated representative of former President Clinton of your request for these records. We have been advised that the former President and the incumbent President agree to authorize access to the records enclosed.

Please note that these documents retain their status as Presidential records. Further, these records are being provided on condition of confidentiality and without prejudice to applicable legal authorities and privileges. Finally, the representative of former President Clinton has requested that we inform you that, while most of the documents being transmitted are subject to the attorney/client privilege, President Clinton's representative is not asserting that privilege for the purpose of the Committee's investigation.

If you have any questions concerning this issue, please contact me at [REDACTED] or NARA
General Counsel Gary M. Stern at [REDACTED]

Sincerely,

for
