

determined to be incomplete, the applicant will be notified in writing and the application will be returned with no further action.

3. Applications conforming with this part will be evaluated competitively by a panel of USDA Rural Development employees selected by the Utilities Programs Administrator, and will be awarded points as described in the scoring criteria in 7 CFR 1740.8. Applications will be ranked and grants awarded in rank order until all grant funds are expended.

4. Regardless of the score an application receives, if USDA Rural Development determines that the Project is technically or financially infeasible, USDA Rural Development will notify the applicant, in writing, and the application will be returned with no further action.

C. Scoring Guidelines

1. The applicant's self scores in Rurality and Economic Need will be verified and, if necessary, corrected by USDA Rural Development.

2. The Critical Need score will be determined by USDA Rural Development based on information presented in the application. This score is intended to capture from the rural public's standpoint the necessity and usefulness of the proposed project. This scoring category will also recognize that some transition purchases are more essential than others, so that first time transmitter transitions and power upgrades of previously installed transmitters will receive scoring advantages. Master control equipment is very important to a station's operation and first time master control equipment will also get a high priority. Local production equipment can be a high priority especially if it produces an area's only local news or if the station has been historically active in producing local programming. Translators always deliver a great deal of rural benefit and a full digital conversion of a translator will receive recognition in the project's critical need score.

VI. Award Administration Information

A. Award Notices

USDA Rural Development recognizes that each funded project is unique, and therefore may attach conditions to different projects' award documents. The Agency generally notifies applicants whose projects are selected for awards by faxing an award letter. USDA Rural Development follows the award letter with a grant agreement that contains all the terms and conditions for

the grant. An applicant must execute and return the grant agreement, accompanied by any additional items required by the grant agreement.

B. Administrative and National Policy Requirements

The items listed in the program regulation at 7 CFR 1740.9(j) implement the appropriate administrative and national policy requirements.

C. Performance Reporting

All recipients of Public Television Station Digital Transition Grant Program financial assistance must provide annual performance activity reports to USDA Rural Development until the project is complete and the funds are expended. A final performance report is also required; the final report may serve as the last annual report. The final report must include an evaluation of the success of the project.

Household Water Well System Grant Program Announcement of Application Deadlines and Funding

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of funding availability and solicitation of applications.

SUMMARY: USDA Rural Development administers rural utilities programs through the Rural Utilities Service. USDA Rural Development announces the availability of grants from the Household Water Well System (HWWS) Grant Program for fiscal year (FY) 2009, to be competitively awarded. This notice is being issued prior to passage of a final appropriations bill, which may or may not provide for funding this

program, to allow applicants sufficient time to leverage financing and submit applications. USDA Rural Development will publish a subsequent notice identifying the amount received in the appropriations, if any. The HWWS Grant Program is authorized under Section 6010 of the Food Conservation and Energy Act of 2008 (The Act), Public Law 110-234. The CONACT authorizes USDA Rural Development to make grants to qualified private non-profit organizations to establish lending programs for household water wells. The non-profit organizations will use the grants to make loans to individual homeowners to construct or upgrade a household water well system for an existing home. The organizations must contribute an amount equal to at least 10 percent of the grant request to capitalize the loan fund. Applications may be submitted in paper or electronic format. The HWWS Grant Program regulations are contained in 7 CFR part 1776.

DATES: The deadline for completed applications for a HWWS grant is May 31, 2009. Applications in either paper or electronic format must be postmarked or time-stamped electronically on or before the deadline. Late applications will be ineligible for grant consideration.

ADDRESSES: Submit electronic grant applications through <http://www.grants.gov> (Grants.gov), following the instructions on that Web site. Submit completed paper applications to the U.S. Department of Agriculture, USDA Rural Development Utilities Programs, Mail Stop #1570, Room 2233-S, 1400 Independence Ave., SW., Washington, DC 20250-1570. Applications should be marked "Attention: Water and Environmental Programs."

Application guides and materials for the HWWS Grant Program may be obtained electronically through <http://www.usda.gov/rus/water/well.htm>. Call (202) 720-9589 to request paper copies of application guides and materials from the Water and Environmental Programs staff.

I. Funding Opportunity

A. Program Description

The Household Water Well System (HWWS) Grant Program has been established to help individuals with low to moderate incomes finance the costs of household water wells that they own or will own. The HWWS Grant Program is authorized under Section 306E of the Consolidated Farm and Rural Development Act (CONACT), 7 U.S.C. 1926e, as amended by Section 6010 of the Food, Conservation and Energy Act of 2008 (2008 Farm Bill, Pub. L. 110-234). The CONACT authorizes the USDA Rural Development through the Rural Utilities Service to make grants to qualified private non-profit organizations to establish lending programs for household water wells.

As the grant recipients, non-profit organizations will receive HWWS grants to establish lending programs that will provide water well loans to individuals. The individuals, as loan recipients, may use the loans to construct, refurbish, and service their household well systems. A loan may not exceed \$11,000 and will have a term up to 20 years at a one percent annual interest rate.

B. Background

The USDA Rural Development supports the sound development of

rural communities and the growth of our economy without endangering the environment. The USDA Rural Development provides financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans in greatest need.

Central water systems may not be the only or best solution to drinking water problems. Distance or physical barriers make public central water systems expensive in remote areas. A significant number of geographically isolated households without water service might require individual wells rather than connections to new or existing community systems. The goal of the USDA Rural Development is not only to make funds available to those communities most in need of potable water but also to ensure that facilities used to deliver drinking water are safe and affordable. There is a role for private wells in reaching this goal.

C. Purpose

The purpose of the HWWS Grant Program is to provide funds to non-profit organizations to assist them in establishing loan programs from which individuals may borrow money for household water well systems. Applicants must show that the project will provide technical and financial assistance to eligible individuals to remedy household well problems. Priority will be given to the non-profit organizations that:

1. Demonstrate experience in promoting safe, productive uses of household water wells and ground water.
2. Demonstrate significant management experience in making and servicing loans to individuals.
3. Contribute more than 50 percent of the grant amount in cash or other liquid assets in order to capitalize the revolving loan fund.
4. Propose to serve rural areas containing the smallest communities with a high percentage of low-income individuals eligible for loans.
5. Target areas which lack running water, flush toilets, and modern sewage disposal systems.

Due to the limited amount of funds available under the HWWS Program, three or four applications may be funded from FY 2009 funds. Previously funded grant recipients must apply for a different target area to be considered for funding under this announcement.

II. Award Information

Funding Instrument Type: Grant.

Anticipated Total Priority Area Funding: Undetermined at this time.

Anticipated Number of Awards: 3 or 4.

Length of Project Periods: 12-month project.

Assistance Instrument: Grant Agreement with successful applicants before any grant funds are disbursed.

a. DUNS Number. An organization must have a Dun and Bradstreet Data Universal Numbering System (DUNS) number. A DUNS number will be required whether an applicant is submitting a paper application or an electronic application through <http://www.grants.gov>. It does not include income earned or received by dependent children under 18 years old or other benefits that are excluded by Federal law. The non-metropolitan household income must be based on the most recent decennial census of the United States.

USDA Rural Development publishes a list of income exclusions in 7 CFR 3550.54(b). Also, a list of federally Mandated Exclusions from Income, published by the Department of Housing and Urban Development may be found in the **Federal Register**, April 20, 2001 at 66 FR 20318.

c. Grant funds may be used to pay administrative expenses associated with providing Household Water Well loans.

2. Ineligible Grant Purposes

a. Administrative expenses incurred in any calendar year that exceed 10 percent of the HWWS loans made during the same period do not qualify for reimbursement.

b. Administrative expenses incurred before USDA Rural Development executes a grant agreement with the recipient do not qualify for reimbursement.

c. Delinquent debt owed to the Federal Government.

d. Grant funds may not be used to provide loans for household sewer or septic systems.

e. Household Water Well loans may not be used to pay the costs of water well systems for the construction of a new house.

f. Household Water Well loans may not be used to pay the costs of a home plumbing system.

V. Application Review Information

A. Criteria

This section contains instructions and guidelines on preparing the project proposal, work plan, and budget sections of the application. Also, guidelines are provided on the additional information required for USDA Rural Development to determine eligibility and financial feasibility.

1. *Project Proposal.* The project proposal should outline the project in sufficient detail to provide a reader with a complete understanding of the loan program. Explain what will be accomplished by lending funds to individual well owners. Demonstrate the feasibility of the proposed loan program in meeting the objectives of this grant program. The proposal should include the following elements:

a. *Project Summary.* Present a brief project overview. Explain the purpose of

the project, how it relates to USDA Rural Development's purposes, how the project will be executed, what the project will produce, and who will direct it.

b. Needs Assessment. To show why the project is necessary, clearly identify the economic, social, financial, or other problems that require solutions. Demonstrate the well owners' need for financial and technical assistance. Quantify the number of prospective borrowers or provide statistical or narrative evidence that a sufficient number of borrowers will exist to justify the grant award. Describe the service area. Provide information on the household income of the area and other demographical information. Address community needs.

c. Project Goals and Objectives. Clearly state the project goals. The objectives should clearly describe the goals and be concrete and specific enough to be quantitative or observable. They should also be feasible and relate to the purpose of the grant and loan program.

d. Project Narrative. The narrative should cover in more detail the items briefly described in the Project Summary. Demonstrate the grant applicant's experience and expertise in promoting the safe and productive use of individually-owned household water well systems. The narrative should address the following points:

(1) Document the grant applicant's ability to manage and service a revolving fund. The narrative may describe the systems that are in place for the full life cycle of a loan from loan origination through servicing. If a servicing contractor will service the loan portfolio, the arrangement and services provided must be discussed.

(2) Show evidence that the organization can commit financial resources the organization controls. This documentation should describe the sources of funds other than the HWWS grant that will be used to pay your operational costs and provide financial assistance for projects.

(3) Demonstrate that the organization has secured commitments of significant financial support from other funding sources, if appropriate.

(4) List the fees and charges that borrowers will be assessed.

2. Work Plan. The work plan or scope of work must describe the tasks and

activities that will be accomplished with available resources during the grant period. It must include who will carry out the activities and services to be performed and specific timeframes for completion. Describe any unusual or unique features of the project such as innovations, reductions in cost or time, or extraordinary community involvement.

3. Budget and Budget Justification. Both Federal and non-Federal resources shall be detailed and justified in the budget and narrative justification. "Federal resources" refers only to the HWWS grant for which you are applying. "Non Federal resources" are all other Federal and non-Federal resources.

a. Provide a budget with line item detail and detailed calculations for each budget object class identified in section B of the Budget Information form (SF-424A). Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. Also include a breakout by the funding sources identified in Block 15 of the SF-424.

b. Provide a narrative budget justification that describes how the categorical costs are derived for all capital and administrative expenditures, the matching contribution, and other sources of funds necessary to complete the project. Discuss the necessity, reasonableness, and allocability of the proposed costs. Consult OMB Circular A-122: "Cost Principles for Non-Profit Organizations" for information about appropriate costs for each budget category.

c. If the grant applicant will use a servicing contractor, the fees may be reimbursed as an administrative expense as provided in 7 CFR 1776.13. These fees must be discussed in the budget narrative. If the grant applicant will hire a servicing contractor, it must demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open and free competition. Recipients must justify any anticipated procurement action that is expected to be awarded without competition and exceed the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at \$100,000).

d. The indirect cost category should be used only when the grant applicant currently has an indirect cost rate approved by the Department of Agriculture or another cognizant Federal agency. A grant applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the grant applicant is in the process of initially developing or renegotiating a rate, the grant applicant shall submit its indirect cost proposal to the cognizant agency immediately after the applicant is advised that an award will be made. In no event, shall the indirect cost proposal be submitted later than three months after the effective date of the award. Consult OMB Circular A-122 for information about indirect costs.

4. Evidence of Legal Authority and Existence. The applicant must provide satisfactory documentation that it is legally recognized under state and Federal law as a non-profit organization. The documentation also must show that it has the authority to enter into a grant agreement with the Rural Utilities Service and to perform the activities proposed under the grant application. Satisfactory documentation includes, but is not limited to, certificates from the Secretary of State, or copies of state statutes or laws establishing your organization. Letters from the IRS awarding tax-exempt status are not considered adequate evidence.

5. List of Directors and Officers. The applicant must submit a certified list of directors and officers with their respective terms.

6. IRS Tax Exempt Status. The applicant must submit evidence of tax exempt status from the Internal Revenue Service.

7. Financial Information and Sustainability. The applicant must submit pro forma balance sheets, income statements, and cash flow statements for the last three years and projections for three years. Additionally, the most recent audit of the applicant's organization must be submitted.

B. Evaluation Criteria

Grant applications that are complete and eligible will be scored competitively based on the following scoring criteria:

Scoring criteria	Points
Degree of expertise and experience in promoting the safe and productive use of individually-owned household water well systems and ground water.	Up to 30 points.
Degree of expertise and successful experience in making and servicing loans to individuals	Up to 20 points.

Scoring criteria	Points
Percentage of applicant contributions. Points allowed under this paragraph will be based on written evidence of the availability of funds from sources other than the proceeds of a HWWS grant to pay part of the cost of a loan recipient's project. In-kind contributions will not be considered. Funds from other sources as a percentage of the HWWS grant and points corresponding to such percentages are as follows:	
0 to 9 percent	ineligible.
10 to 25 percent	5 points.
26 to 30 percent	10 points.
31 to 50 percent	15 points.
51 percent or more	20 points.
Extent to which the work plan demonstrates a well thought out, comprehensive approach to accomplishing the objectives of this part, clearly defines who will be served by the project, and appears likely to be sustainable.	Up to 20 points.
Extent to which the goals and objectives are clearly defined, tied to the work plan, and measurable	Up to 10 points.
Lowest ratio of projected administrative expenses to loans advanced	Up to 10 points.
Administrator's discretion, considering such factors as:	
Creative outreach ideas for marketing HWWS loans to rural residents	Up to 10 points.
The amount of needs demonstrated in the work plan;	
Previous experiences demonstrating excellent utilization of a revolving loan fund grant; and	
Optimizing the use of agency resources.	

C. Review Standards

1. Incomplete applications as of the deadline for submission will not be considered. If an application is determined to be incomplete, the applicant will be notified in writing and the application will be returned with no further action.

2. Ineligible applications will be returned to the applicant with an explanation.

3. Complete, eligible applications will be evaluated competitively by a review team, composed of at least two USDA Rural Development employees selected from the Water Programs Division. They will make overall recommendations based on the program elements found in 7 CFR part 1776 and the review criteria presented in this notice. They will award points as described in the scoring criteria in 7 CFR 1776.9 and this notice. Each application will receive a score based on the averages of the reviewers' scores and discretionary points awarded by the Rural Utilities Service Administrator.

4. Applications will be ranked and grants awarded in rank order until all grant funds are expended.

5. Regardless of the score an application receives, if USDA Rural Development determines that the project is technically infeasible, USDA Rural Development will notify the applicant, in writing, and the application will be returned with no further action.

VI. Award Administration Information

A. Award Notices

USDA Rural Development will notify a successful applicant by an award letter accompanied by a grant agreement. The grant agreement will contain the terms

and conditions for the grant. The applicant must execute and return the grant agreement, accompanied by any additional items required by the award letter or grant agreement.

B. Administrative and National Policy Requirements

1. This notice, the 7 CFR part 1776, and Household Water Well System Grant Program Application Guide implement the appropriate administrative and national policy requirements. Grant recipients are subject to the requirements in 7 CFR part 1776.

2. Direct Federal grants, sub-award funds, or contracts under the HWWS Program shall not be used to fund inherently religious activities, such as worship, religious instruction, or proselytization. Therefore, organizations that receive direct USDA assistance should take steps to separate, in time or location, their inherently religious activities from the services funded under the HWWS Program. DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: International Trade Administration.

Title: Application for Insular Watch and Jewelry Program Benefits.

OMB Control Number: 0625-0040.

Form Number(s): ITA-334P, 334P-1, 334P-2, 334P-3.

Type of Request: Regular submission.

Burden Hours: 30.

Number of Respondents: 5.

Average Hours per Response: 3 hours.

Needs and Uses: Public Law 97-446, as amended by Public Law 103-465, Public Law 106-36 and Public Law 108-429 requires the Departments of Commerce and the Interior to administer the distribution of watch duty exemptions and watch and jewelry duty refunds to program producers in the U.S. insular possessions and the Northern Mariana Islands. The primary consideration in collecting information is to enforce the law, prevent abuse of the program, and permit a fair and equitable distribution of its benefits. The form used to collect the information is the principal program form to record the annual and mid-year operational data, on the basis of which program entitlements are calculated and distributed among the producers. A proposed modification to the form (ITA-334P) is planned, by dividing it into four forms, so that there is an annual and mid-year application for watch producers and an annual and mid-year application for jewelry producers. This would not involve any increase in the amount of information collected. This will allow program producers to receive their duty refund benefit on a biannual basis rather than solely on an annual basis.

Affected Public: Business and other for-profit organizations.

Frequency: Biannually.

Respondent's Obligation: Required to obtain or retain benefit.

OMB Desk Officer: Wendy Liberante, (202) 395-3647.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Wendy Liberante, OMB Desk Officer, Fax number (202) 395-7285 or via the Internet at Wendy_L_Liberante@omb.eop.gov.

Dated: November 17, 2008.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: International Trade Administration.

Title: Export Trading Companies Contact Facilitation Services.

OMB Control Number: 0625-0120.

Form Number(s): ITA 4094P.

Type of Request: Regular submission.

Burden Hours: 4,500.

Number of Respondents: 18,000.

Average Hours per Response: 15 minutes.

Needs and Uses: Many U.S. firms do not export because of a fear of the risks involved in exporting, lack of knowledge about the international marketplace, and insufficient resources. These firms need a venue to find one another and share the risks and costs of exporting, and they need the assistance of companies that specialize in providing export trade facilitation services. The Export Trading Company Act of 1982 directs the U.S. Department of Commerce (DOC) to (a) encourage the formation of export associations and export service firms, and (b) provide an exporter referral service that will facilitate contact between producers and export service firms. DOC fulfills its mandate through the Contact Facilitation Service (CFS). The CFS provides a platform for U.S. producers

to (a) find one another and form export alliances, to achieve economies of scale, and (b) locate export service firms and attract foreign importers.

The current CFS registration form is available online via the Internet at <http://www.expertyellowpages.com>. The Export Yellow Pages®, a DOC program, produces two directories that draw upon CFS data collection (a) "The Export Yellow Pages®", a directory of U.S. producers of goods and services, and (b) the "U.S. Trade Assistance Directory," a directory of export trade facilitation firms and other providers of export assistance. These directories are accessible by international traders worldwide, via the Internet at <http://www.expertyellowpages.com>, and as a single print directory published on an annual basis. The print directory is distributed to Commerce Export Assistance Centers and U.S. embassies and consulates worldwide.

Affected Public: Business or other for-profit organizations; State, local or tribal government.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefit.
