

# 1998 Status of Peregrine Falcon Recovery

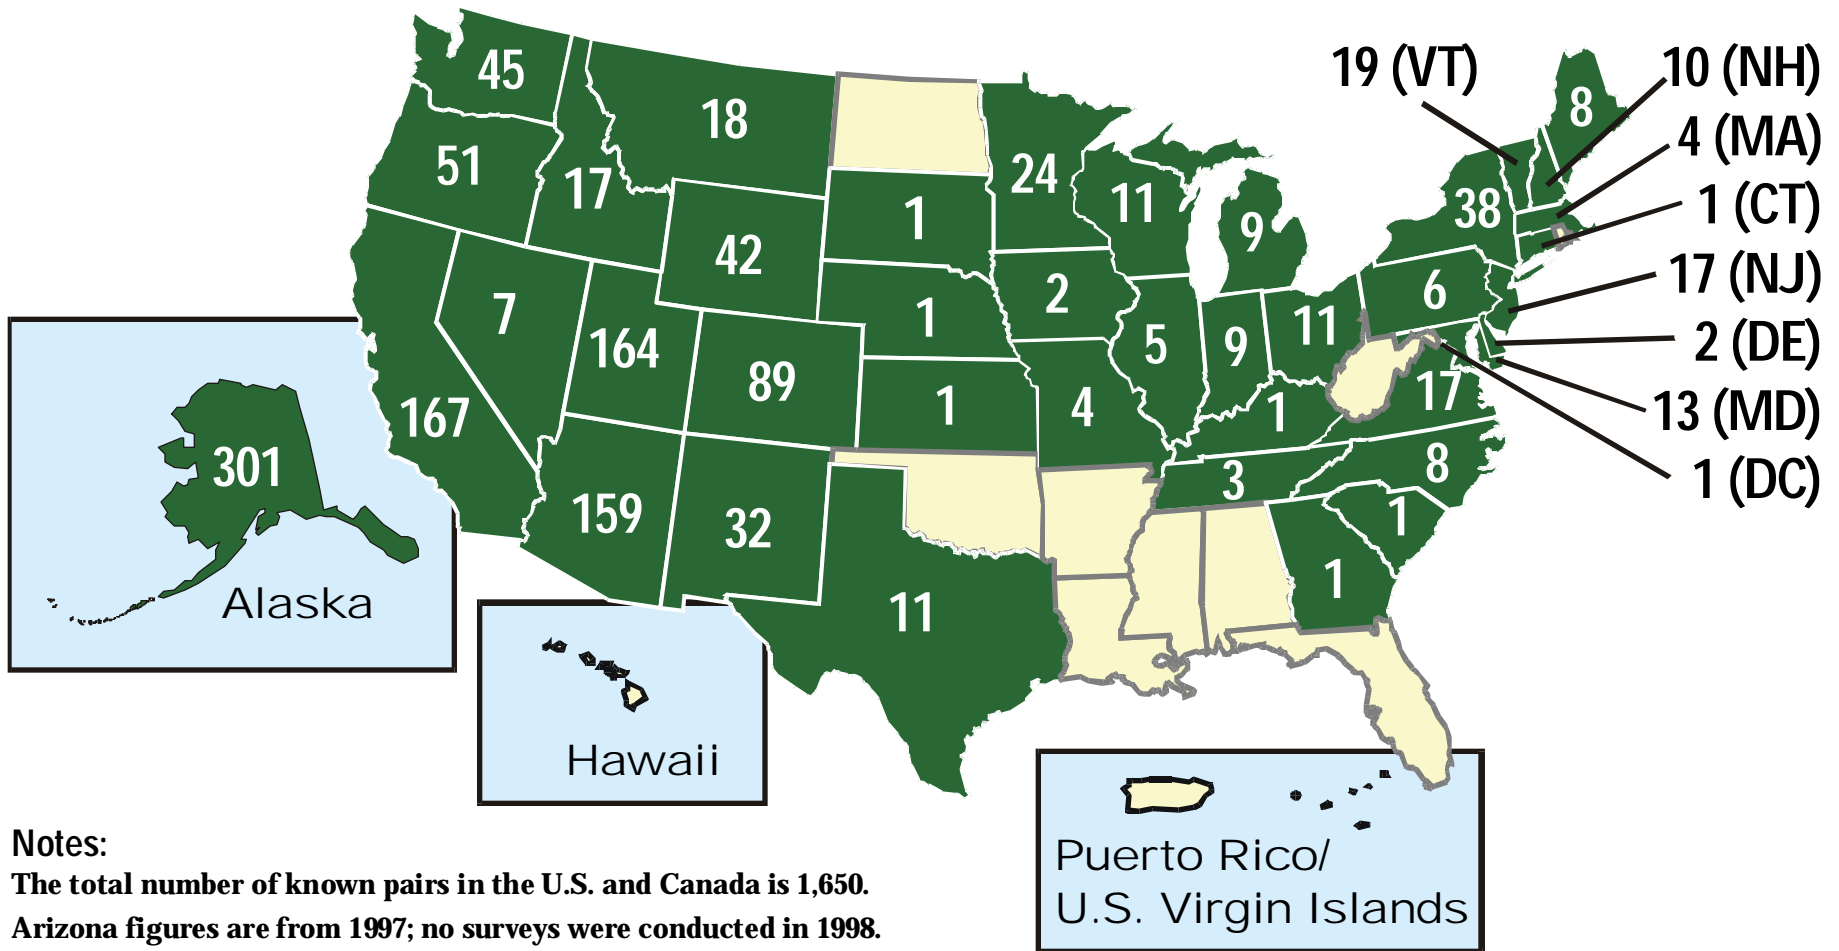

## *Number of Known Pairs by State*

U.S. Fish & Wildlife Service

Western U.S. and Alaska: 1106 pairs

Canada: 319 pairs

East and Midwest: 225 pairs

**Notes:**

The total number of known pairs in the U.S. and Canada is 1,650.  
 Arizona figures are from 1997; no surveys were conducted in 1998.  
 The total for Canada is the result of a 1995 nationwide survey.
