

DEPUTY UNDER SECRETARY OF DEFENSE  
3015 DEFENSE PENTAGON  
WASHINGTON, DC 20301-3015

ACQUISITION AND  
TECHNOLOGY

MAY - 8 2008

The Honorable John F. Kerry  
Chairman  
Committee on Small Business & Entrepreneurship  
United States Senate  
Washington, DC 20510-6350

Dear Mr. Chairman:

This responds to your letter dated April 10, 2008, to the Secretary of Defense, concerning the Department of Defense's (DoD) oversight of small business contracting programs and the firm, AEY, Inc. Your letter notes that AEY, Inc. is designated as a Small Disadvantaged Business (SDB) with recently awarded federal contracts in excess of \$298M.

The Department's answers to your specific questions are provided below:

1. Please outline the process that contracting officers at the DoD follow in order to verify the small business and socioeconomic status of vendors.

The U.S. Small Business Administration is responsible for certifying a concern as a SDB. Contractors provide their certification status in two places that DoD contracting officers may check in order to verify the socioeconomic status of a small business concern. Specifically, they are the Central Contractor Registration (CCR) and the Online Representations and Certifications Application (ORCA). The Federal Acquisition Regulation (FAR) subpart 4.12 requires all prospective contractors to complete electronic annual representations and certifications. In addition, all contractors must be registered in the CCR in order to be considered for a contract award from DoD. DoD solicitations include FAR clauses 52.219.22 "Small Disadvantaged Business Status" and 52.212-3, "Offeror Representations and Certifications" which require the prospective bidder to certify that they are a SDB, if applicable.

In accordance with the FAR, contracting officers must include the ORCA verification of the firm's certification in the contract file either by reference or by including a paper copy of the electronically submitted representations and certifications in the file. The other options available to verify the firm's certification, is the use of the dynamic small business search in the CCR or by

contacting the Small Business Administration's (SBAs) Office of Small Disadvantaged Business Certification and Eligibility directly. For competitive acquisitions, the contracting officer would not have to confirm the SDB status of contractors claiming this designation since the SDB price evaluation adjustment has been suspended for DoD in accordance with 10 USC 2323(e)(3)(B)(ii). The suspension deviation authority has been in place for the past several years since DoD has consistently exceeded the five percent SDB goal

2. Please outline any oversight process that the DoD has in place to ensure that contracting officers are aware of the relevant statutes and regulations pertaining to small business programs.

Contracting officers must follow the FAR and Defense Federal Acquisition Regulation Supplement (DFARS) when awarding contracts to procure goods and services for DoD. FAR Part 19 provides the policy guidance and regulations pertaining to small business programs. DoD contracting officers also work with their agency Office of Small Business Programs in seeking contracting opportunities with small businesses.

3. Please explain whether AEY received a preferential benefit in contract or task order awards as the result of being designated as a SDB.

The DoD Office of Small Business Programs (OSBP) reviewed the DoD award information made to AEY, Inc. in the Federal Procurement Data System, (FPDS). The results of this review indicate that no price evaluation adjustment was given to AEY, Inc. for these awards.

4. Please explain whether DoD has taken credit under annual reporting of small business goals for any contracting dollars expended with AEY.

DoD has taken credit under annual reporting of small business goals for those contract and task order awards where AEY, Inc. is identified as either a small business or as a small disadvantaged business in FPDS. Federal Agencies use the FPDS when collecting and reporting on the results of meeting their annual small business goals. When the DoD OSBP reviewed the award data in FPDS, it found an inconsistency with the reported small business status for AEY, Inc. This inconsistency began sometime after FY 2005. Prior to FY 2006, DoD reported AEY, Inc. in FPDS as a small business and not as an SDB. In FY 2006 and FY 2007, the records show that sometimes AEY, Inc. was reported as a small business and sometimes it was reported in FPDS as a small disadvantaged business. For FY 2006 and FY 2007 the contract award information in the FPDS that lists AEY, Inc. as an SDB was included in the Department's annual small business report.

5. Please provide a list of all contracts AEY has had with the DoD and any of the branches of the military from FY 2003 to the present.

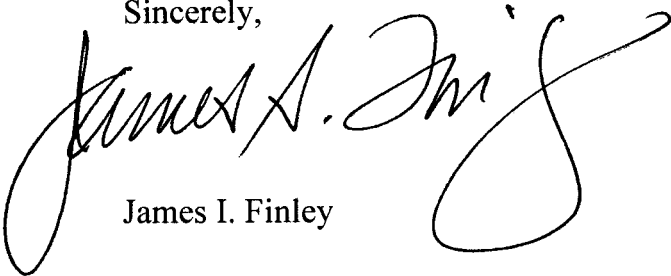

As discussed on April 16, 2008, with your representative, Mr. Gregory Willis, attached is a summary from the FPDS that lists the DoD contracts and task order awards made to AEY, Inc. for the period requested. In addition, attached are two spreadsheets providing past and current contract actions that the Joint Contracting Command Iraq – Afghanistan has with AEY, Inc.

6. Please provide me with all documents relevant to AEY and any contracts that they have now or have completed with the DoD over the last five years.

As discussed with your representative, the OSBP will forward under separate cover, via email, 5 spreadsheets (for FY04-FY08, in MS Excel) that contain the complete award information from the FPDS database. These files list all DoD contracts and task order awards made to AEY, Inc. for the period requested.

I trust this information is helpful.

Sincerely,

A handwritten signature in black ink, appearing to read "James I. Finley". The signature is fluid and cursive, with a large loop at the end.

James I. Finley
