for current reservoir elevations.

Please check the Northwest River Forecast Center's website at:

<http://www.nwrfc.noaa.gov/> for forecast river levels.

The report located at

<http://www.nwd-wc.usace.army.mil/nwp/Reports/synopsis.txt>

provides the current reservoir elevation and the elevation of the more commonly used boat ramps.

This website will be updated when the spring recreation season starts in 2009.
