Corps to Plan Improvements for Westlake, Oakland, Hickory Creek and Sycamore Bend Parks at Lewisville Lake

FORT WORTH, Texas – The U.S. Army Corps of Engineers announced today the initiation of a park planning effort for facility improvements at Westlake, Oakland and Hickory Creek, located on Lewisville Lake. This is part of the Corps' long-term effort to plan and construct major improvements to the recreational facilities at Lewisville Lake.

At this time, the Corps is requesting comments and recommendations from the public concerning present-day facilities and future recreational uses at these parks. This is an opportunity for the public to make their park facility preferences known to the Corps and to comment on operational and modernization issues. Written comments should be sent to the following address by Monday, April 25, 2005:

U.S. Army Corps of Engineers

Lewisville Lake Office

1801 N. Mill Street

Lewisville, Texas 75057

ATTN: Tim MacAllister, Elm Fork Project Recreation Specialist

E-mail comments may be sent to

Tim.L.MacAllister@swf02.usace.army.mil.

Final park improvement design plans will be available for public review within three to four months at the Lewisville Lake Office and on the Lewisville Lake Homepage: http://www.swfwc.usace.army.mil/lewisville/Lewisville_Lake.htm.
