Closing of Malden Lake Campground

FORT WORTH, Texas – The U.S Army Corps of Engineers at Wright Patman Lake would like to inform the public that the Malden Lake Campground will be closed beginning July 11 and reopen September 2.

The closure is necessary to complete road repairs to the entrance complex adjacent to the gate attendant station. The existing asphalt paving will be removed and replaced with a concrete road surface that will make traveling in and out of the park safer for visitors.

Clear Springs, Rocky Point, and Piney Point parks are available to visitors. Each of these parks offer camping facilities and boater access for visitors and will be open for the remainder of the recreational season.

Questions or comments concerning the closure may be addressed to Mr. Craig Edmondson at 903-838-8781 extension 114.
