## **Whitney Lake announces new automated hunting permit system**

*FORT WORTH, Texas* -- The U.S. Army Corps of Engineers at Whitney Lake will begin issuing hunting permits through a new automated web based process starting Aug. 24, 2005. Visitors who hunted last year at Whitney Lake on federal property can now process and print their own hunting permit at <http://www.swf-wc.usace.army.mil/whitney/pages> . The new on-line system will make hunting information, maps and permits easier and more convenient for hunters.

Hunters who did not have permits in 2005 must apply at the Whitney Lake Office at 285 CR 3602, Clifton, Texas 76634, Monday-Friday 8:00 a.m. - 4:30 p.m. Hunters without Internet access may also apply for a hunting permit at the Whitney Lake Office. Questions about the new automated hunting system may be directed to the lake office at (254)622-3332.
